C1.1.1 Backnumber Pre-Control (refer to section 6.2)
The backnumber pre-control will take place the day before the competition of the categories concerned. Athletes have to bring both judogi (white and blue), for an unofficial control for the IJF official label (obligatory), judogi brand (obligatory), national emblem, advertising and backnumber. This service will start 30 minutes before the unofficial weigh-in and will finish at the end of the official weigh-in.

If an athlete fails to show up for the judogi backnumber pre-control the day before their competition, without a valid reason, the athlete will not be allowed to have a coach in the chair.
C1.1.2 Consequences of Failing Judogi Control

Note: In case an athlete wears a belt other than black, it has to be made of soft material and is exempt from having the IJF official label.

If the judogi does not comply with the current judogi rules the athlete will wear a reserve judogi and cannot have a coach in the chair for that contest.

C1.1.3 Judogi Control Verification Positions
Each athlete is obliged to have his judogi controlled before each contest. A specific zone is provided for this purpose.

Before any control, officials must ask the athletes if they are ready to be checked. If the athlete refuses to apply the rules, he will be excluded from the competition.

Control position 1 (see picture 10)
The athletes to be checked need to be in a standing position. The arms must be straight put in front at chest height, palms open, fingers pointed upwards. Thumbs and forefingers of both hands should be in contact with each other to form a triangle.

In this position, the following will be controlled:
• The length of the sleeves.
• The distance between the arm and the sleeve.

Control position 2
Athletes must be in a standing position with their arms straight down by the side of their body with open hands as close to the body as possible. If there is doubt, the official should ask the athletes if they are ready to be checked.

In this position the following will be controlled:
The distance between the sternum top and the lapel crossing point of the jacket vertically.
The length of the skirt.
Length of the trousers.
Distance between the leg and the trousers.
Belt length.

D1.1 Refereeing - Culture, History and Principles

An accumulation of points doesn't give the victory. It is the perfect technique that is rewarded with an ippon that puts an end to the contest. The only exception was “waza-ari-awasete-ippon” where, in this case two techniques were executed and were evaluated as nearly ippon. It is judged that they can correspond ippon corresponds to “out of contest” as at the time of the warriors of the Middle Ages. and counted in judo like “ippon”.

Culturally and in complement, judo doesn’t reduce itself to its Olympic expression, judo remains a martial art, judo is more than a sport, all the techniques of the Gokyo Kodokan Classification are part of the judo heritage and must always be taught.

Article 1
To referee at an IJF WJT event, and other events as agreed by the IJF Executive Committee, a referee must hold an IJF international licence and be active in their nation and continent. The IJF Referee Commission will select the referees for the IJF events and other events as agreed by the IJF Executive Committee.

At each IJF WJT event there are IJF Supervisors whose function is to ensure that all decisions made by the referee are correct.

At each IJF WJT event there are two (2) independent assessors whose sole function is to evaluate the referees based on their knowledge of the rules, their performance during each contest and the number of times corrections need to be made.

Exception: National Federations Referee Directors can referee at cadet and junior continental cups and competitions excluding Continental Championships (IJF Executive Committee decision 17 January 2019).

The referee on the tatami has a radio communication system that is connected with the two IJF Supervisors on the technical table.

The judges on the table have a radio communication system that is connected with the IJF Supervisors to give their opinion in case this differs from the referee’s one.

Article 2
The referee should wear the IJF approved uniform without any head coverings, religious objects or garish jewellery.

The referee could be asked to leave the competition area during presentations or any lengthy delay in the programme.

Article 3
They will be in communication by radio to the referee, IJF Supervisors and/or IJF Referee Commission to act according to the ‘majority of three’ rule.

Should a judge notice that the scoreboard is incorrect he should draw the referee’s attention to the mistake, and it should be corrected.

Should a contestant have to change any part of the judogi outside the competition area or need to temporarily leave the competition area after the contest has started for a reason considered necessary by the central referee, giving this authorisation only in exceptional circumstances, a judge or a referee not involved in the trio must obligatorily go with the contestant to see that no anomaly occurs.

Article 4
1. Ippon (complete point): shall raise one arm high above the head with the palm of the hand facing forward.
2. Waza-ari (nearly ippon): shall raise one of his arms sideways to shoulder height with the palm of the hand facing downwards.
3. Waza-ari-awasete-ippon (two waza-ari score ippon): first waza-ari, then the ippon gesture.
4. Osaekomi! (Hold is on!): while bending his body towards the contestants, shall point his arm, with the palm of the hand facing downwards. The referee must check that the timekeeper has started the timer before stopping the gesture and returning to a normal position to control the contest.

5. Toketa! (Hold broken!): while bending his body towards the contestants, shall raise one of his arms, with the fingers of the hand straight and forward and the thumb up, to the front and quickly wave it from right to left two or three times. He has to check the timekeepers correctly stop the time.

6. Mate! (Wait!): shall raise one of his arms to shoulder height approximately parallel to the tatami and display the flattened palm of his hand (fingers up) to the timing and scoring technical officials.

7. Sono-mama! (Hold position!): shall bend forward and touch both contestants with the palms of his hands.

8. Yoshi! (Continue! or Resume!): shall firmly touch both contestants with the palms of his hands and bring pressure on them.

11. To direct the contestant(s) to re-adjust the judogi: shall cross left hand over right, palms facing inwards, at belt height. To award a penalty towards the contestant who does not re-adjust their judogi correctly between the mate and the subsequent Hajime! (Begin!): point towards the contestant (s) to be penalised with the forefinger extended from a closed fist while announcing the penalty and, then, cross left hand over right, palms facing inwards, at belt height.

b) Ne-waza action (aimed at osaekomi-waza, kansetsu-waza or shime-waza) is valid and may continue outside of the contest area if it was started from inside.

c) Ne-waza outside the contest area: if the throwing action is finished outside the competition area and immediately one of the players applies osaekomi-waza, shime-waza or kansetsu-waza, this technique shall be valid as long there is progression.

If during ne-waza. outside the contest area, uke takes over the control with osaekomi-waza, shime-waza or kansetsu-waza, in continuous succession, it shall also be valid.

Article 8
2. Although a throwing technique may be applied simultaneously with the time signal, if the referee and the judges or the IJF Supervisors and/or the IJF Refereeing Commission members decide that it will not be effective immediately, the referee shall announce Sore-made!, without any value for scoring purposes.

3. Any technique applied after the time signal to indicate the expiry of the time of the contest shall not be valid, even if the referee has not yet announced Sore-made!.

4. Simultaneous Osaekomi! with the time signal: when Osaekomi! is announced simultaneously with the bell or similar audible device indicating the time signal allotted for the contest or when the remaining time is insufficient to allow for the completion of the Osaekomi!, the time allotted for the contest shall be extended until either ippon (or equivalence) is announced or the referee announces Sore-made!.

Article 9

f) In case of equal wins after finishing the last contest of the match, the referee will order the teams to proceed as described in paragraph a) and b), in order to wait for the draw of the extra contest. Once the draw is performed the concerned athletes will remain on the tatami for the extra golden score contest while the rest of the team will leave.

g) After finishing the last contest of the match, the referee will order the teams to proceed as described in paragraph a) and b), announcing, then the winner. The bowing ceremony will be held in the reverse order of the start, bowing first to each other and, finally, to the technical table.
Once the contest is over and the referee has awarded the result, the contestants shall simultaneously take a step back from the right foot and bow to each other.

If the contestants do not bow or do so incorrectly, the referee shall direct the contestants to do so. It is very important to perform the bow in the correct way.

The intervention and any change to the decisions of the referees by the IJF Supervisors and/or the IJF Refereeing Commission members will be made only in exceptional circumstances.

**Article 10**

Transition from tachi-waza to ne-waza are considered valid if tori or uke makes a real attack or a counterattack and then they attempt osaekomi-waza, shime-waza or kansetsu-waza.

Rearrange the pictures and text.

Grip control from standing athlete (white). The athlete on his knees (blue) in tachi-waza so tachi-waza rules will be applied. If the white athlete does not attack immediately the referee must call mate!

In this position (below) the athlete on the knees (blue) cannot grab the legs with the hands/arms to defend the throw. If this happens, shido will be given.

a) To apply kansetsu-waza or shime-waza (alone or combined with a judo throwing technique) when both contestants are in a standing position or move with this technique from tachi-waza to ne-waza (See Article 18).

Example: in these positions below tori, after applying a real attack, can apply sutemi-waza that can continue into ne-waza.

Example: in these positions below tori can apply a throwing technique and can continue with kansetsu-waza, shime-waza or osaekomi-waza (not shown) after a real attack or a counterattack.

b) If ude-gaeshi (arm reverse) is applied in a standing position, the referee must call mate immediately and shido will be given.

c) When one contestant takes his opponent down into ne-waza by the particularly skilful application of a movement which does not qualify as a throwing technique.

d) In any other case where one contestant falls down or is about to fall down, not covered by the preceding sub-sections of this article, the other contestant may take advantage of his opponent’s unbalanced position to go into ne-waza.

B1. The contestants shall be able to change from ne-waza to tachi-waza as far as it is done by the case below if the situation is not dangerous for both athletes with or without grips and both are more or less face to face.

B2. The situation is not dangerous for both athletes with or without grips and both athletes are more or less face to face.

The kata-sankaku grip (gripping with both arms the neck and one shoulder of the opponent) in ne-waza action is allowed (picture 1).

The kata-sankaku grip situation in ne-waza is allowed: it is prohibited to block the opponent’s body with the legs and mate must be announced (picture 2).

If the kata-sankaku grip is used starting from ne-waza going to tachi-waza, or in tachi-waza directly, mate will be immediately called (picture 3).

A kata-sankaku grip with the attempt to throw will be considered hansoku-make.
Article 11
The referee shall announce Mate! (Wait!) in order to stop the contest temporarily in the situations covered by this article. To recommence the contest, the referee shall announce Hajime! (Begin!).

j) When tori applies shime-waza or kansetsu-waza by stretching uke's leg. Mate must be called immediately and a shido given.

Article 12
1. Sono-mama! (Hold positions!) can only be applied in situations where contestants are working in ne-waza.

2. In any case where the referee wishes to temporarily stop the contest without causing a change in their positions, he/she shall announce Sono-mama!, making the gesture under Article 4.7 while he must ensure that there is no change in the position or grip of either contestant.

3. To recommence the contest, the referee shall announce Yoshi! (Continue!) making the gesture under Article 4.8.

Article 13

After this announcement the referee shall always keep the contestants within his view in case they do not hear his announcement and continue fighting.

Should the referee award the victory to the wrong contestant in error, the judges must ensure that he changes this erroneous decision before the referee leaves the competition area by communicating it to the IJF Supervisors and/or the Refereeing Commission members that will can intervene to solve this mistake.

The IJF Supervisors are responsible for all rules and decisions during the contest. In exceptional circumstances the decision will be made by the IJF Supervisors, IJF Refereeing Commission Members and IJF Ad Hoc Commission.

2c) In the case of kiken-gachi (victory by opponent’s withdrawal) (Article 19).

3b) When both contestants have no technical score, or the technical scores are equal at the end of the regular contest time, the contest shall continue in golden score regardless of the number of shido given.

There shall be no unauthorised use or request of use of the CARE system other than by the referee, the IJF Supervisors and/or Refereeing Commission members.

Article 14
Evaluation of the points in katame-waza

Article 15
The referee shall announce waza-ari (a near ippon) when in his opinion the applied technique corresponds to the following criteria:

These landings below are considered to be waza-ari.

In order not to give a bad example for young judokas, landing on both elbows or two hands, simultaneously, or one elbow and one hand is considered valid and should be evaluated with waza-ari.

- Rolling can be considered waza-ari if there is a break during landing or the landing is on the side (bottom to shoulder or shoulder to bottom).
These landings below are not considered to be waza-ari.

**Article 16**
Should one contestant gain a second waza-ari in the contest, the referee shall announce waza-ari-awasete-ippon (two waza-ari score ippon).

**Article 17**
The referee shall announce Osaekomi! for an applied technique when the contestant being held is:
- is controlled from every direction (the side, rear or on top) by his opponent and
- must have has his full back or complete upper back (scapular region) in contact with the tatami

The contestant applying the osaekomi-waza must have his body on and over the opponent’s body in covering it to holds and holding the opponent down underneath his body.

He must apply applying pressure onto the opponent’s front upper body with his front upper body in either the kesa, the shiho or ura position, i.e. similar to the techniques kesa-kami-shiho-ura-gatame and sankaku situations.

Should a contestant who is controlling his opponent with an osaekomi-waza, change without losing control, into another osaekomi-waza, the Osaekomi! time will continue until the announcement of ippon (or equivalence), Toketa! or Mate!.

When osaekomi-waza is being applied and tori commits an infringement meriting a penalty (shido):

However, should the penalty to be awarded be Hansoku-make, the referee shall, after announcing sono-mama, consult with the judges IJF Supervisors and/or IJF Refereeing Commission, announce mate to return the contestants to their starting positions, then award Hansoku-make and end the contest by announcing Sore-made.

If both table judges agree that an osaekomi exists, but the referee has not announced osaekomi, they shall inform the referee IJF Supervisors and/or IJF Refereeing Commission, and by the “majority of three” rule, the referee shall announce osaekomi immediately.

This text moved below the two images of the trapping of the legs.
The referee should pay attention to the following situations where osaekomi is still valid and toketa must not be announced, in situations where for example, where the back of the contestant being held is no longer in contact with the tatami, (e.g. “bridging”), but the contestant applying the hold maintains control.

If uke escapes from osaekomi-waza outside the contest area the referee must call toketa:
- In situations where the back of the contestant being held is no longer in contact with the tatami, (e.g. “bridging”), but the contestant applying the hold maintains control, the osaekomi shall continue.
- If uke escapes from osaekomi outside the contest area the referee must call toketa.
- If there is no immediate continuation from either tori or uke in applying osaekomi waza, shime waza or kansetsu waza, he must call mate.
- The referee must call mate if there is NO immediate continuation from either tori or uke in applying osaekomi-waza, shime-waza or kansetsu-waza and, if the case, assign the relevant osaekomi score.
- The referee must call toketa if there is an immediate continuation from either tori or uke in applying osaekomi waza, shime-waza or kansetsu-waza, and, if the case, assign the relevant osaekomi score, leaving this last action to continue.

It is never allowed to hold an osaekomi-waza just around the head/neck without control of at least one arm. Control in ne-waza using arms or legs around the neck without the opponent’s arm inside will be considered as Mate!
Article 18
In the case of direct hansoku-make for protection of the judoka (diving headfirst onto the mat), the contestant is allowed to continue in the competition.

The referee and judges must inform the IJF Sport Commission who will inform the person running the competition of this.

Before awarding hansoku-make, the referee must consult with the judges, IJF Supervisors and/or IJF Refereeing Commission and make his decision in accordance with the "majority of three" rule. When both contestants infringe the rules at the same time, each should be awarded a penalty according to the seriousness of the infringement.

If a contestant (blue) commits a slight infringement and throws his opponent (white) but the latter (white) takes advantage of the situation to continue in ne-waza, the referee must announce the penalty for blue and at the same time allow the action to continue in favour of white until it reaches a conclusion either or score or mate. If blue counterattacks (e.g. breaks the osae-komi-waza and takes over the control, breaks the osae-komi-waza by applying shime-waza or kansetsu-waza) the referee must announce Mate!

Japanese is one of the most difficult languages in the world for translating due its complexity, and the fact that many aspects of the language are not present in English. Differences in the written English of many words is due to the transliteration style of the Japanese language. In judo books and other published materials, we can find different versions of the same word e.g. kumi-kata and kumikata.

In each box the word on top is from the original SOR glossary and below is the word as it is in the Kodokan dictionary. If there is only one word it is the same in both reference documents.

Table updated and now includes the Japanese characters.
