 @MariusVizer

Dear judo friends,

We welcome you to Lisbon, the capital of Portugal, with a national federation that remains strong, well organised and determined in the face of enormous global challenges.

The stunning coastal location and enjoyable weather all year round offer the perfect backdrop for judoka to gather and celebrate the best parts of a life in judo.

Our kata specialists have waited patiently for their pinnacle event of the year to re-emerge and with the extraordinary efforts of the local organisers, the 2021 edition of the World Kata Championships promises to reflect the traditions of judo that we hold in such high esteem.

We wish all participating judoka, volunteers and organisers a healthy and successful event, filled with the reconnections we all enjoy. Lisbon welcomes you!

Yours in judo,

**Marius L. VIZER**  
**President**  
**International Judo Federation**

26-28 October 2021

Dear International Judo Family,

It is a great honor to receive for the first time the Veteran and Kata World Championships in Lisbon!

The Portuguese Judo Federation is committed to make this Veteran and Kata World Championships a reference, not only in an organizational level but also in the sport point of view.

This event will take place in a distinct context due the global Coronavirus Pandemic that the entire World is facing but this only gave our Local Organization Committee extra motivation to make a memorable event, even under this circumstance. We also would like to assure that all security and safety measures will be taken to guarantee the health and protection of all the Judo Family.

I would like to thank the Portuguese Government, the City of Lisbon and all our sponsors and partners for their support. As well as to extend our deepest gratitude and appreciation for IJF President Mr. Marius Vizer for his support and confidence in the organization of this event to Portuguese Judo Federation. We hope that this event can be a starting point to hold others IJF events in a near future.

On behalf of the Portuguese Judo Federation and myself, I wish all judokas and officials successful tournament and a pleasant stay in Lisbon.

**Jorge Oliveira Fernandes**  
**President**

## IMPORTANT INFORMATION REGARDING THE COVID-19 PANDEMIC

**ANYONE NOT FOLLOWING THE LOCAL GOVERNMENT AND IJF COVID-19 PROTOCOLS WILL BE REMOVED FROM THE EVENT AND SUBJECT TO DISCIPLINARY ACTION!**

The fundamental principle throughout all IJF events during the Covid-19 era is to Protect and Be Protected by wearing a mask, sanitising, distancing and respecting the recommendations of "**the Protocol for resuming IJF events during the Covid-19 pandemic**" hereafter referred to as IJF COVID-19 Protocol. All participants have the mutual responsibility to protect each other.

Each National Federation delegation participant (athlete, coach, team official, physiotherapist, doctor President etc.) must have read and understood the latest version of the IJF COVID-19 Protocol which can be found here: [covid.ijf.org](https://covid.ijf.org)

The COVID-19 vaccines provide protection to the vaccinated only against seriously falling ill, but not against getting infected or transmitting the virus to somebody else, even if the chances of the latter is very low. Therefore, until vaccination reaches a high level among the judo family and there are other effective preventive methods available, or until it is globally accepted to conduct activities without safety measures, all the participants of any IJF event must follow the same protocol (being PCR tested before the event, upon arrival, during the event, wear a mask, wash hands, follow the bubble system, etc.) to protect and be protected, in the spirit of unity and solidarity which is in our community's moral code.

A judge cannot be a competitor.

The judges have to attend the technical meeting the afternoon before the first day of competition to confirm participation as judge in these championships. Time and place are stated in these event outlines.

There are five judges and they will award points on the official IJF scoring sheet. For each technique, the total score of three judges will be totalled to produce the score for the technique: the maximum score and the minimum score for each technique will be cancelled.

The final score of the whole kata will be the sum of the score totalled by the judges for each technique.

The evaluation of every technique of kata must consider the principle and the opportunity of execution: the evaluation (including the opening and closing ceremony) has to be comprehensive. In the Nage-no-kata, right and left techniques will be evaluated comprehensively (only one score).

The five judges will be positioned on the shomen side and they will sit at approximately 1.5 m apart. The rule of neutrality will be applied so the judge must be of a different nationality than the competing pair. The position of the five judges will be the same throughout the competition. If a judge is temporarily replaced, he will take place in the same original position when he returns to the competition. The judges must take up their position before the arrival of the pair in the competition area.

The pair enters and leaves the mat at the opposite side of shomen: the start and end of kata (opening and closing ceremony) is at an 8 m or 10 m distance apart depending on the dimension of the tatami (bow to the tatami). Any behaviour of tori or uke inside the competition area that is contrary to the spirit of kata will reduce the score of the ceremony.

In case of equal score between pairs, the following criteria will be applied considering the scoring sheets of five judges:

- Total value of big mistakes - the pair who makes fewer mistakes wins.
- If still equal, total value of medium mistakes will be considered - the pair who makes fewer mistakes wins.
- If still equal, total value of small mistakes will be considered - the pair who makes fewer mistakes wins.

The pair who has the better score will win.

If two pairs, both placing 3rd in the eliminations (or 6th place in case of only one (1) group) are still equal after all the above-mentioned criteria, both pairs will qualify for the final. If two pairs placing 1st, 2nd or 3rd during the final are still equal after the above-mentioned criteria, the kata will be repeated so that the medal can be assigned.

## COMPETITION AREA

The competition area dimension is 10 m x 10 m or 8 m x 8 m and shall be covered by tatami. A strip of visible coloured adhesive tape, approximately 5 cm wide and 50 cm long, shall be fixed on the centre of the competition area 6 m apart, to indicate the starting position of tori and uke. The centre of the competition area shall be indicated with a strip of adhesive tape of the same colour. The safety area between and around the mat must be a minimum of 2 m.

## POINTS SYSTEM

The number of judges is five and they will be seated on the Shomen side. They will award points on the official IJF scoring form. For each technique the total score of three judges will be summed up to produce the final score: the maximum score and the minimum score for each technique will be cancelled. The total score of the whole Kata will be the sum of the scores totalled by five judges.

The evaluation of every Kata technique has to consider the principle and the opportunity of execution: the evaluation includes the opening and closing ceremony.

Definition of mistakes:

- Forgotten technique - An omitted technique will score zero and in addition the total final score of the Kata pair will be halved. If more than one technique are forgotten the score for that technique will also be zero but the total final score for the pair will not be halved again. Finally, if the halved total final score is not a whole number then the score will be rounded up.
- Big mistake - When the execution of the principle is incorrect (5 points are deducted, and the maximum number of crosses is 1).
- Medium mistake - When one or more elements of the principle are not applied in the correct way (3 points are deducted and the maximum number of crosses is 1).

26-28 October 2021

- Small mistake - Imperfection in the application of the technique (1 point is deducted and the maximum number of crosses is 2).

The total score for each technique can be increased or decreased by 0,5 point adding in the column of the "correction value" a " + " or a " - ".

For every technique without a big mistake the minimum score has to be 4,5.

In the Nage-no-Kata, right and left techniques will be evaluated globally (only one score).

In case of equal score between pairs, the following criteria will be applied considering the scoring sheets of five Judges:

Total value of big mistakes - wins who makes less mistakes;

- If still equal, total value of medium mistakes will be considered. - wins the pair who makes less mistakes;
- If still equal, total value of small mistakes will be considered - wins the pair who makes less mistakes;
- If still equal, the average score (evaluated until the second decimal place) of the whole Kata will decide.

Winner is the pair who has the best score.

If two pairs, both placing 3rd in the eliminatory (or 6th place in case of only 1 group) are still equal after all the above-mentioned criteria, both pairs will qualify for the final. If two pairs placing 1st, 2nd or 3rd during the final are still equal after the above mentioned criteria, the kata will be repeated so that the medal can be assigned.
