## E. CONFIRMATION PROCESS FOR QUOTA PLACES

### E.1. CONFIRMATION OF QUOTA PLACES

The IJF will publish by 25 June 2024 the IJF World Ranking List of the Olympic Qualification period on its website ([www.ijf.org](http://www.ijf.org)).

The IJF will confirm in writing to the NOCs of the quota places they have obtained. The NOCs will then have five (5) working days to confirm to the IJF by 2nd July 2024 if they wish to use these quota places, as detailed in section G. Qualification Timeline.

### E.2. CONFIRMATION OF HOST COUNTRY PLACES

The Host Country must confirm in writing to the IJF by 2 July 2024 the use of its Host Country Places.

## F. REALLOCATION OF UNUSED QUOTA PLACES

## F.1. REALLOCATION OF UNUSED QUOTA PLACES

If an allocated quota place is not confirmed by the NOC by the confirmation of quota place deadline (2 July 2024), or is declined by the NOC, the quota place will be reallocated as follows:

- If the athlete qualified through direct qualification, the quota place will be reallocated to the next highest ranked eligible athlete according to the IJF World Ranking List of the Olympic Qualification period, in the same weight category and regardless of its continent, respecting the maximum quota of one (1) athlete per NOC per event.
- If the athlete qualified through continental qualification, the quota place will be reallocated to the next highest ranked eligible athlete of that continent according to the Continental Ranking List regardless of the athlete's weight category, while respecting the following principles:
  - Maximum one (1) athlete per NOC can qualify through continental qualification across all weight categories and genders.
  - Gender quotas must be respected in each continent, as per the table in **D. Qualification Pathway**.
  - If a continent fails to use its full allocation, any remaining quota place will be reallocated according to the IJF World Ranking List of the Olympic Qualification period to the highest ranked eligible athlete not yet qualified, in the respective gender, respecting the maximum quota of one (1) athlete per NOC per event.

The nomination of reserve athlete(s) will be strictly based on **“the date and hour of the official announcement of withdrawal”**. In other words, an athlete who is officially withdrawn will be immediately replaced by the next reserve from the Direct or Continental quota. In the case of two (2) athletes being withdrawn at the same time (for example in the same e-mail from the same NOC) then the Direct Quota athletes will always be replaced first, and Continental Quota athletes will be replaced as second. The reallocation process must be completed no later than thirty (30) minutes before start of the draw.

## F.2. REALLOCATION OF UNUSED TEAM INVITATION PLACES

- If a Team Invitation quota place cannot be assigned to a continent the quota place is allocated to the next eligible nation across all continents following the same allocation rules.
- If a Team Invitation quota place cannot be assigned at all, the Tripartite Commission will reallocate the quota place.
- If a Team Invitation quota place is returned the rules for reallocation, follow the above Team Invitation quota place procedures.
- If a nation which received a Team Invitation quota place cannot take part in the team event, the qualified athlete is eligible to compete in the individual event.

## F.3. REALLOCATION OF UNUSED HOST COUNTRY PLACES

Unused host country place(s) will be reallocated as per the process described for direct qualification in the above paragraph F.2. Reallocation of Unused Quota Places, respecting the maximum quota per gender and per NOC.

#### F.4. REALLOCATION OF UNUSED UNIVERSALITY PLACES

Any unused Universality place(s) will be reallocated according to the IJF World Ranking List of the Olympic Qualification period to the highest ranked eligible athlete not yet qualified, regardless of the athlete's weight category and gender, respecting the maximum quota of one (1) athlete per NOC per event.
