

INDEPENDENT AUDITOR'S REPORT (Free translation)

To the Executive Committee of the International Judo Federation

Opinion

We have audited the accompanying annual financial statements of the International Judo Federation (hereinafter as: the "Federation") which comprise the balance sheet as at 31 December 2022 (in which the balance sheet total is USD 20,374,128 the profit after tax is USD 133,779), the related income statement for the financial year then ended, and the notes to the financial statements, which include a summary of significant accounting policies.

In our opinion, the accompanying annual financial statements give a true and fair view of the financial position of the Federation as at 31 December 2022, and of its financial performance for the financial year then ended in accordance with the provisions of Act C of 2000 on Accounting ("Accounting Act") as in force in Hungary.

Basis for Opinion

We conducted our audit in accordance with Hungarian National Standards on Auditing and with applicable laws and regulations in force in Hungary. Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the annual financial statements" section of our report.

We are independent of the Federation in accordance with the applicable laws of Hungary, with the Hungarian Chamber of Auditors' Rules on ethics and professional conduct of auditors and on disciplinary process and, for matters not regulated in the Rules, with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (IESBA Code) and we also comply with further ethical requirements set out in these.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information: the public-benefit supplement and the business report

The other information comprises the public-benefit supplement and the business report of the Federation for the financial year ended on 31 December 2022. Management is responsible for the preparation of the public-benefit supplement in accordance with the relevant provisions of Government Decree No. 350/2011 (XII. 30.) and for the business report in accordance with the provisions of the Accounting Act and other relevant regulations. Our opinion on the annual financial statements expressed in the "Opinion" section of our report does not cover the public-benefit supplement and the business report, and we do not express any form of assurance conclusion on the other information.

In connection with our audit of the annual financial statements, our responsibility is to read the public-benefit supplement and the business report, and, in doing so, consider whether the public-benefit supplement and the business report are materially inconsistent with the annual financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on our work performed, we conclude that the other information is materially misstated, we are required to report this fact.

Based on the Accounting Act, it is also our responsibility to consider whether the business report has been prepared in accordance with the provisions of the Accounting Act and other relevant regulations, and to express an opinion on this and on whether the business report is consistent with the annual financial statements.

In our opinion, regarding the financial year ended on 31 December 2022, the business report of the Federation is consistent with the annual financial statements in all material respects, and it has been prepared in accordance with the provisions of the Accounting Act. As there is no other regulation prescribing further requirements for the Federation's business report, we do not express an opinion in this respect.

We are not aware of any other material inconsistency or material misstatement in the public benefit disclosure or in the business report therefore we have nothing to report in this respect.

Responsibilities of management and those charged with governance for the annual financial statements

Management is responsible for the preparation and fair presentation of the annual financial statements in accordance with the Accounting Act, and for such internal control as management determines is necessary to enable the preparation of annual financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the annual financial statements, management is responsible for assessing the Federation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis in preparation of the annual financial statements. Management has to apply the going concern basis of accounting unless other relevant rules prevent its application or there are facts and circumstances contradicting the going concern principle.

Those charged with governance are responsible for overseeing the Federation's financial reporting process.

Auditor's responsibilities for the audit of the annual financial statements

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Hungarian National Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements.

As part of an audit in accordance with the Hungarian National Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis in the preparation of the annual financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Federation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial statements, including the disclosures, and whether the annual financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
