TRAINING VENUE

→ General information

Training for the Judo competition will take place at the Parc des sports Auguste Delaune from Saturday 20 July to Friday 2 August 2024.

Sixteen (16) mats will be provided for athletes’ training.

VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Parc des sports Auguste Delaune	5 rue du 19 mars 1962 93200 Saint-Denis	4.5km // 18mn	20/07 to 02/08

Training will be available from 09:00 to 17:45.

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking / modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

All training equipment will be approved by IJF and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

→ Facilities at the training venue:

- reception desk
- athletes’ lounge
- changing rooms and showers (separate men’s/women’s)
- sport equipment storage room
- medical services
- weighing room (separate men’s/women’s)

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (CIAO). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

For the Parc des sports Auguste Delaune, the maximum quota of “P” accredited persons allowed per venue, and per NOC, has been defined as follows:

- one (1) to six (6) accredited athletes: 1 “P” accredited
- seven (7) and beyond: two (2) “P” accredited

For the competition venue at Champs de Mars, the quota will be confirmed in March 2024.

Training sessions are open to the media unless they are declared closed by an NOC.

→ Food and beverage services

Given the short distance between the Olympic Villages and the training venue, as well as the limited time spent by the athletes on the training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Village. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on training venues.

In the example, by adding the 60min time slot to the competition program, the athlete is not bound to arrive at the Village by a specific time.

When calculating the availability at the Competition Venue, always consider the **time in transport** from the Village / accommodation to the Arena.

Daily contest order is communicated on the day of the draw (25 July).

Has ‘regular activity’

Has 60min time slot

Has overnight accommodation

In the example, the athlete is training at the official training venue in the morning, later attends the competition as a judoka or spectator.

Competition is only the day when the athlete is competing.

Being at the Competition Venue for other reasons is **NOT** considered as Competition from whereabouts point of view.

60min time slot – where to add?

Be aware that the 60min time slot can only be added to a location where:

- the location is specific, can be easily identified by anyone, **and**
- the athlete can be found among a limited number of people, eg. training venue / gym / room / etc. **or**
- the athlete has a specific well-defined program with limited mobility within the location, eg. competition

Therefore, the 60min time slot **CANNOT be added to** programs like sightseeing or being at the competition arena when the athlete is not competing,

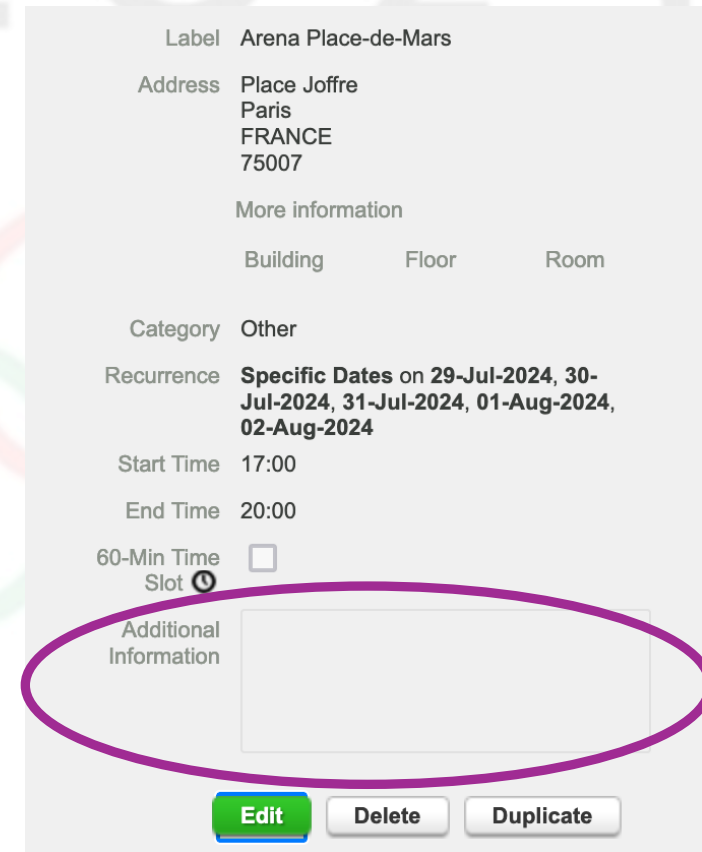

ONLY IN THE CASE WHEN

- the athlete is serving as a sparring partner/judoka before and/or after their competition day and spends the day with the competing team members.

Please, add this information both to the 'Rooming' app and for RTP/TP athletes to the 'Additional Information' rubric of a program entry in ADAMS or Athlete Central.
