Istanbul Technical Seminar, Türkiye 14 - 15 December 2024

@MariusVizer

Dear judo family,

This year, 2024, has already delivered an incredible Olympic Games, a truly memorable occasion for all of us which offered outstanding judo and sensational moments. However, the year isn't yet over and now we find ourselves at a crossroads, one of great importance.

We are now standing at the starting line on our route to the 2028 Los Angeles Olympic Games and it is imperative that we pull together and create the right conditions for judo to grow and develop while still holding on to traditions and values, our core.

The IJF Refereeing and Coaching Seminar 2024 takes place in Istanbul, Türkiye, a location which serves us consistently through our years of travel, known as a meeting point for the world. We are here to engage in discussion, education and learning, ready to embrace the 4 years ahead in the spirit of jita kyoei.

This seminar has become a traditional gathering for the entire judo family, for coaches, referees and all experts. I thank the organisers, the Turkish Judo Federation, for their hospitality and expertise, for their support and generosity in ensuring we have the right environment in which to set the tone for the years to come.

I wish all participants a successful and empowering visit to Istanbul.

Yours in judo,

Marius L. VIZER
President
International Judo Federation

Istanbul Technical Seminar, Türkiye 14 - 15 December 2024

Dear Judo Family Members, Dear distinguished Guests,

I am truly pleased to welcome the World Judo Family to the IJF Technical Seminar 2024, hosted in Istanbul. It is our honor to host this prestigious event in the International Judo Federation calendar.

On behalf of the Turkish Judo Federation, I extend our warmest greetings to all those participating.

The Technical Seminar which opens the new sport season of the IJF on our way to the 2028 Los Angeles Olympic Games, will certainly gather a big number of referees and coaches who will during the two days meetings debate about various technical issues with new competition rules that will raise our sport standards and values.

Sports practice and judo are strongly encouraged in our schools, universities, and clubs. Beyond Judo's competitive aspect, we believe Judo embodies a way of life, one that encourages individual development and positive contributions to society. To all the participants in this Seminar, I hope you display the results of your dedication and training.

Lastly, I would like to extend my deepest gratitude to International Judo Federation President Mr Marius Vizer, the Executive Committee members, and staff. I also wish to convey my heartfelt thanks to all the partners to ensure the success of this valuable Seminar.

Sezer HUYSUZ
President
Turkish Judo Federation
