# GENERAL INFORMATION

## 1.1 Preamble and Fundamental Principles

The International Judo Federation (IJF) Sport and Organisation Rules (SOR) together with the IJF Statutes, IJF Code of Ethics, IJF Disciplinary Code, IJF Anti-doping Rules, IJF Financial Rules, IJF Governance Policies, the relevant Event Hosting Agreement with the national judo federation (hereafter referred to as national federation) and the IJF Event Organisation Guide (EOG), constitute the governing framework and conduct for all IJF events.

For all IJF events, the IJF shall have final appellate jurisdiction.

For events held under the auspices of the IJF, the allocation of jurisdiction among the relevant parties shall be governed by the applicable agreements, regulations, and event-specific arrangements.

The allocation of IJF events to host organising committees shall be conducted in accordance with Article 19 of the IJF Statutes.

The IJF shall retain final appellate authority and jurisdiction over all disputes, appeals, disciplinary matters, and decisions arising from such events.

The spirit of judo is founded on the principles of mutual respect, discipline, integrity, self-control, humility and fair play. More than a competitive sport, judo promotes personal development, respect for others and the values of seiryoku zenyo (maximum efficient use of energy) and jita kyoei (mutual welfare and benefit). All participants are expected to uphold these principles and contribute to a safe, respectful, inclusive and sportsmanlike environment both on and off the tatami.

These rules and regulations exist to ensure the safe, fair, consistent and professional conduct of judo competitions at all levels of the IJF structure. They are designed to protect the health, safety, welfare, dignity and rights of all participants, while upholding the integrity, values and spirit of judo.

Supplementary regulations and procedures may be issued for judo competitions within the framework of the Summer Olympic Games, Youth Olympic Games and other recognised multi-sport events, where additional operational, technical, or safety requirements may apply.

The IJF may also assume authority over other judo competitions where directed by the Executive Committee or the IJF Congress. In such cases, compliance with all applicable IJF rules, regulations, and governing documents shall be mandatory. Technical operations and refereeing may be dealt with by the relevant continental union or regional body under the supervision of officials appointed by the IJF.

A national federation club, official, athlete, coach, volunteer, or individual taking part in the sport of judo under the authority of the IJF shall be deemed to have accepted and agreed to comply with the SOR. Failure to adhere to these provisions may result in disciplinary action in accordance with applicable IJF regulations.

### 1.1.1 Behaviour at IJF Events

Everyone attending an IJF WJT event should always be mindful of their behaviour, following the judo values. Unacceptable behaviour, violence or aggression will not be tolerated. Any athlete who disrespects their opponent at the end of a contest risks disqualification, removal of prize money and of World Ranking List (WRL) points and a disciplinary action may be initiated.

Disciplinary action will be taken against any athlete refusing to leave the tatami. If a coach is present in the coaches' chair he must intervene otherwise he will also face disciplinary action. If a coach is not present in the chair the IJF Education Commission will intervene to remove the athlete from the tatami.

### 1.1.2 Athletes Returning to Competition After Pregnancy

The IJF is committed to helping athletes on their return to competition following childbirth and will do our best to support those mothers who are breastfeeding babies, refer to the IJF Guidance for Athletes Returning to Competition After Pregnancy (<https://www.ijf.org/ijf/documents/6>). Children are NOT allowed in any of the athlete areas unless it has been approved by the IJF. A detailed request should be sent to the IJF General Secretariat, by email ([gs@ijf.org](mailto:gs@ijf.org)) if possible four (4) weeks before the event. Any relevant venue policies will be considered and if approved there must be no disturbance to other athletes and delegates and if this happens, the access will be withdrawn.

## 1.2 Clean Judo

Integrity, discipline, and ethics are core principles in judo, both on and off the field of play. The IJF Disciplinary Code and IJF Code of Ethics can be found here: [www.ijf.org/ijf/documents/3](http://www.ijf.org/ijf/documents/3).

Further information on the International Olympic Committee (IOC) Code of Ethics can be found in this document "Olympic Movement Code on the Prevention of the Manipulation of Competitions":

<https://stillmed.olympics.com/media/Documents/Beyond-the-Games/Fight-against-competition-manipulation/Code-Mouvement-Olympique-2022-EN.pdf>

Betting companies and organisations responsible for betting cannot be used on any advertising and marketing materials used on the IJF WJT.

### 1.2.1 Disciplinary Committee

The IJF Executive Committee has the authority to establish a Disciplinary Committee to evaluate presumed violation of the IJF rules and it reserves the right to take disciplinary measures in the case of cheating, misconduct and any behaviour contrary to the ethics and moral values of sport, particularly judo, and any violation of the IJF SOR.

The IJF Disciplinary Committee will take sanctions in compliance with the IJF Disciplinary Code ([www.ijf.org/ijf/documents/3](http://www.ijf.org/ijf/documents/3)). If during an IJF event, starting from the arrival (normally airport or train station) at the event and until the departure from the event, there is an incident an immediate decision to suspend anyone involved may be taken on the spot. This decision will be placed under the responsibility of an Executive Committee member, nominated before each event by the IJF President, who will form an IJF Ad Hoc Commission to deal with the issue. The IJF Ad Hoc Commission will consist of IJF Executive Committee members or their representatives.

Any incident will be communicated immediately to the IJF President, IJF Executive Committee members and the IJF Disciplinary Committee. A possible sanction decision will be taken after having heard the person/people concerned and any potential witness(es). If the concerned person is a minor, an adult responsible for the delegation will accompany them, during the discussion. As soon as the decision is taken, the IJF Ad Hoc Commission will immediately inform the IJF President, the IJF Executive Committee and the IJF Disciplinary Committee about its decision.

A report of the incident and final decision should be sent to the IJF Disciplinary Committee, c/o the IJF General Secretariat ([gs@ijf.org](mailto:gs@ijf.org)), within three days of the date of the incident. The report will be written by the Education and Coaching Commission and must state the following: the facts, including the recall of the alleged facts, a summary of the observations and arguments of the parties, the grounds for the decision and any other comments.

The IJF Disciplinary Committee, upon receipt of the documents, will inform those involved about its decision 15 days after the date of the incident. The IJF Disciplinary Committee will decide the start date and the duration of the suspension.

If an individual disagrees with a decision, a written appeal may be submitted to the IJF Disciplinary Committee, c/o the IJF General Secretariat ([gs@ijf.org](mailto:gs@ijf.org)), within one calendar month from the incident date. In the case of suspension, the decision will stand until the outcome of the appeal is heard.

### 1.2.2 Match Fixing and Competition Manipulation

The integrity of sport depends on the outcome of sporting events and competitions being based entirely on the merits of the participants involved.

The IJF has rules dedicated to sports integrity in relation to betting. There are four core rules to remember:

- Always do your best, never fix a contest.
- Never bet on your competition, never bet on your sport.
- Never share information that could be used for betting purposes, or any form of manipulation of sports competitions or any other corrupt purposes whether by the participant or via another person and/or entity.
- If you are approached to cheat, speak out!

Any form of corruption that might undermine public confidence in the integrity of a judo contest is fundamentally contrary to the spirit of sport and subject to severe sanctions.

Competition manipulation is defined as an intentional arrangement, act or omission aimed at an improper alteration of the result or the course of a sports competition to remove all or part of the unpredictable nature of the sports competition with a view to obtaining an undue benefit for oneself or for other. If a contest takes place and seems to have been played to a predetermined result, violating the IJF rules, further investigation may be undertaken, and any findings of match fixing will result in disciplinary action.

If in IJF events, an athlete is injured or ill before a contest and needs to withdraw they must have a medical certificate from the IJF Medical Commissioner.

The IJF may undertake further investigation and any findings of match fixing will result in disciplinary action. The result of the contest will be cancelled if any athlete is caught not telling the truth.

Match fixing and competition manipulation can be reported, anonymously and confidentially, here: **<https://reportintegrity.judobase.org/form>**. Any report made in good faith will not be sanctioned. Any form of retaliation against whistle-blowers is prohibited and such action will be sanctioned.

Failure to report to the IJF at the first available opportunity any information about betting, match fixing or competition manipulation that could amount to a violation of the SOR.

The following conducts constitute a violation of the SOR:

- Failing to cooperate with any investigation carried out by the IJF in relation to a possible breach of this regulation, including, without limitation, failing to provide accurately, completely and without undue delay any information and/or documentation and/or access or assistance requested by the IJF as part of such investigation.
- Obstructing or delaying any investigation that may be carried out by the IJF in relation to a possible violation of this regulation, including without limitation concealing, tampering with, or destroying any documentation or other information that may be relevant to the investigation.

### 1.2.3 Safeguarding

The IJF Policy for Safeguarding Athletes and Other Participants from Harassment and Abuse applies to all persons affiliated with the IJF including athletes and can be found here: **<https://www.ijf.org/ijf/documents/3>**

Harassment or harassment and abuse includes:

Physical or psychological abuse means any improper and unwelcome conduct that might reasonably be expected or be perceived to cause offence, harm, or humiliation to another.

Sexual abuse (which can be a form of physical and/or psychological abuse) means any unwanted, groomed or forced involvement in sexual behaviour, unwelcome verbal or physical conduct or gesture of a sexual nature (e.g., the use of offensive stereotypes based on gender, sexual jokes, threats, intimidation) that might reasonably be expected or be perceived to cause offence or humiliation to another.

Harassment can be based on any grounds such as race, religion, colour, creed, ethnic origin, physical attributes, gender, or sexual orientation. It can include a one-off incident or a series of incidents. It may be in person or online. Harassment may be deliberate, unsolicited and coercive. Harassment and abuse often result from an abuse of authority, meaning the improper use of a position of influence, power or authority by an individual against another person.

Cases of harassment and abuse can be reported on the Clean Judo platform and will be investigated by the IJF Disciplinary Committee in compliance with the IJF Disciplinary Code (**[www.ijf.org/ijf/documents/3](https://www.ijf.org/ijf/documents/3)**).

Any alleged incidents of harassment and abuse will be regarded as confidential and personal information (including name, date of birth, address, identification numbers) will not be disclosed, except, for example, if the concerned person gives his prior consent, if disclosure is necessary to protect someone from harm or if a potential criminal act comes to the attention of the IJF.

Harassment and abuse can be reported, anonymously and confidentially, here:  
<https://reportabuse.judobase.org/form>

### 1.3 Insurance and Civil Liability

Each national federation is directly responsible for all its delegates registered on **Judobase** for any event. It must assume all responsibility for accident, health and civil liability insurance for everyone under their charge during events. National federations are responsible to provide insurance guarantees to their delegates during any IJF WJT event. If the national federation does not provide insurance to the members of their delegation, those members shall be liable for any damages caused by or incurred to them. The LOC of the event and the IJF will not be responsible in the absence of insurance.

The IJF has an insurance programme for athletes registered on Judobase by their national federation who attend IJF WJT events (Grand Prix, Grand Slam, Masters, and World Championships for all age groups). This programme does not replace the obligation of national federations to provide their own insurance coverage. For further information please contact the IJF General Secretariat, by email ([gs@ijf.org](mailto:gs@ijf.org)).

The LOC of the event and the IJF accept no liability for any claims of injury, illness or death arising from the travelling to and the participation in this event nor any claims relating to the cancellation of the event or medical costs related to illness that may affect a participant during the event.

The entity contractually bound to the IJF for the organisation of the event shall take all necessary actions to provide insurance coverage against civil liability for the entire duration.

### 1.4 Biological Sex Control

The national federation shall be responsible for identifying and registering the athlete's biological sex in **Judobase**. Any decisions of a national federation concerning an athlete's biological sex, including but not limited to any change to the athlete's biological sex must be sent immediately to the IJF General Secretariat, by email ([gs@ijf.org](mailto:gs@ijf.org)).

Complaint by a national federation, a continental union, or a member of the IJF Executive Committee concerning an athlete's biological sex may be filed within 21 days from the effective date of the change to the athlete's registered biological sex under the IJF Athlete Eligibility Regulations (found in IJF Governance Policies - [www.ijf.org/ijf/documents/3](http://www.ijf.org/ijf/documents/3)). Complaints must be sent to the IJF General Secretariat, by email ([gs@ijf.org](mailto:gs@ijf.org)).

If the complaint concerns a change to the athlete's registered biological sex, the IJF Executive Committee will consult the Independent Experts appointed in accordance with the IJF Athlete Eligibility Regulations (found in IJF Governance Policies - [www.ijf.org/ijf/documents/3](http://www.ijf.org/ijf/documents/3)) and decide if it is necessary to initiate an investigation regarding compliance with the eligibility conditions set forth in the IJF Athlete Eligibility Regulations (found in IJF Governance Policies - [www.ijf.org/ijf/documents/3](http://www.ijf.org/ijf/documents/3)).

The decision of the IJF Executive Committee under this Section 1.4 may be appealed in accordance with the IJF Statutes.

## 1.5 Minor Athletes

The national federations are responsible for obtaining legal approval and permission for minor athletes to compete in competitions. When travelling with minors the team official/coach must have all the necessary documents in place that authorises them to act on behalf of the parents/guardians “in loco parentis”.

This also applies to doping control. The national federation must ensure that minor athletes have their parental/guardian permission to undergo testing (see Appendix E1.6.3.1).

## 1.6 IJF Calendar

The IJF Executive Committee will agree and approve the schedule for all IJF events. The IOC will approve the schedule for the Summer Olympic Games and Summer Youth Olympic Games.

The current IJF calendars can be found on the IJF website:

**<https://www.ijf.org/calendar?age=all>**

## 1.7 Athlete Nationality

The athlete must be a national of the country of the national federation that inscribes him for the competition. The evidence of nationality shall be the production of a valid passport issued by the represented country. Persons appointed by the Executive Committee of the IJF shall verify the nationality of the athletes. Should the athlete be unable to produce their passport a decision will be made on whether to accept an alternative form of identification such as a valid national identity document showing the same nationality as the country of issue.

If an athlete has multiple citizenships, they may compete for only one country.

Where the national federation does not have a passport with that nationality, the passport issued by their government will be accepted (e.g., American Samoa (USA), Aruba (Netherlands), Cook Islands (New Zealand), Curacao (Netherlands), Guam (USA), Sint Maarten (Netherlands), Puerto Rico (USA) and US Virgin Islands (USA)).

Athletes who have permission to take part in IJF events under the IJF SOR rule 1.7.2 who do not have a valid passport issued by the represented country must present either a photographic identity or refugee travel document and the IJF authorisation letter.

All submitted documents must be in one of the IJF's official languages (English, French, or Spanish). If a document was originally issued in another language, an official translation into one of the IJF official languages must be included.

### 1.7.1 Change of Athlete Nationality

An athlete who has represented one country in:

- Olympic Games
- World championships (seniors, juniors, cadets)
- Continental championships (seniors, juniors, cadets)
- Regional competitions recognised by the IJF
- Continental or regional games and multi-sport games (including but not limited to African Games, Asian Games, Commonwealth Games, European Games, Francophone Games, Islamic Games, Mediterranean Games, Pan American Games, Youth Olympic Games)
- International competition organised by the IJF (Grand Prix, Grand Slam, Masters, etc.) or under its auspices (Continental Open and Cup events)
- All competitions in the IJF calendar except veterans, kata, military, and club championships\*
- Other competitions recognised by the IJF

and who wants to change his nationality may represent his new country provided that:

a) The two (2) national federations (current country and new country) concerned agree, they may request the IJF to shorten the period of three years or even to cancel the duration completely (see Olympic Charter, Rule 41 and the Byelaw to Rule 41). Thus, the IJF can't shorten the three years' period without written agreement from both national federations concerned and the athlete having a valid passport for the new country (refer to 1.7.1.1),

or

b) At least three years have passed since the athlete last represented his former country (refer to 1.7.1.2).

\*Veterans, military, and kata participants who are not classified in any of the IJF WRL (either cadets, juniors or seniors) are excluded from this rule and can change nationality at any time provided they have a passport for the new country. Athletes classified in any of the IJF WRL should keep the same nationality as they are in the IJF WRL. Athletes should contact the new federation to have a profile made in **Judobase** for their new nationality. The new national federation must inform the IJF General Secretariat, by email ([gs@ijf.org](mailto:gs@ijf.org)).

For participation in a specific event the request of nationality change must be sent 21 days before the registration deadline. If the request is not sent on time the IJF cannot guarantee that it will be processed on time.

Junior and younger immigrant athletes do not need to follow the change of nationality process if the criteria in Section 1.7.2.3 is met.

Refer also to Section 3 IJF World Ranking Lists, 3.5 Additional Rules.

### **1.7.1.1 Change of Athlete Nationality for a Period of Less than Three Years**

The IJF must approve the request to shorten the three-year period so an athlete can represent a new national federation.

The new national federation must send the request to the IJF General Secretariat, by email ([gs@ijf.org](mailto:gs@ijf.org)).

The following documents must be submitted with the request:

- Letter (not older than three (3) months) from the President of the national federation (the current country) certifying the absence of objection to the change of the nationality of the concerned athlete.
- Letter (not older than three (3) months) from the President of the national federation (the new country) authorising the athlete to represent them in international competitions.
- Letter or email (not older than three (3) months) from the athlete (or parent/legal guardian if the athlete is a minor), who has already represented one country, giving evidence of their wish to represent their new national federation.
- A copy of the athlete passport proving the nationality of the new country.

Once all documents have been received and verified the IJF General Secretariat will send it for an IJF Executive Committee vote. Following the vote the IJF General Secretariat will inform both national federations of the result.

This process takes a minimum of four (4) weeks from receipt of the correct documents. Failure to send the correct documents may result in a delay.

If the athlete wishes to return back to their original country the change of nationality process must be followed.

### **1.7.1.2 Change of Athlete Nationality after a Period of Three Years or Longer**

The IJF must be informed if an athlete wants to represent a new national federation if a period of three years or longer have passed since he competed for his previous national federation.

The new national federation must send the request to the IJF General Secretariat, by email ([gs@ijf.org](mailto:gs@ijf.org)).

The following documents must be submitted with the request:

- Letter (not older than three (3) months) from the President of the new national federation (the new country) authorising the athlete to represent them in international competitions.
- Letter or email (not older than three (3) months) from the athlete (or parent/legal guardian if the athlete is a minor), who has represented one country, giving evidence of their wish to represent their new national federation.
- A copy of the athlete passport proving the nationality of the new country.

Once all documents have been received and verified the IJF General Secretariat will confirm the nationality change to the new national federation, with the former national federation in copy.

This process takes a minimum of two (2) weeks from receipt of the correct documents. Failure to send the correct documents may result in a delay.

If the athlete wishes to return back to their original country the change of nationality process must be followed.

## 1.7.2 Special Circumstances

For events organised by the IJF or under its auspices, the IJF Executive Committee, to protect the interest of the athlete, can authorise that the athlete can compete under the IJF or a neutral flag for any reason (for example: non-official refugee status of the athlete, non-recognition of the National Olympic Committee (NOC) by the IOC, suspension of the national federation, unable to represent their national federation, etc.).

Detailed requests, clearly stating the facts of the situation, should be sent to the IJF General Secretariat, by email ([gs@ijf.org](mailto:gs@ijf.org)). If the application is approved the athlete is responsible to ensure they have their own accident, health and civil liabilities insurance.

### 1.7.2.1 Athletes with an Official Refugee Status under Host Country

An athlete with an official refugee status, hosted by a country, can qualify themselves for IJF or continental union competitions through their host country national championships and consequently they will compete internationally under their host country flag.

Multi-sport games etc. are not included as those events have specific rules regarding nationality.

The national federation of the new host country must send the request to the IJF General Secretariat, by email ([gs@ijf.org](mailto:gs@ijf.org)).

The following documents must be submitted with the request:

- Official refugee status documents of the athlete.
- Letter (not older than three (3) months) from the President of the national federation authorising the athlete to represent them in international competitions.
- Letter or email (not older than three (3) months) from the athlete (or parent/legal guardian if the athlete is a minor), giving evidence of their wish to represent their national federation.

If the IJF deems it necessary, they may contact the previous national federations the athlete was affiliated with. If the athlete has any world ranking points these will be kept.

If the documents sent are compliant, the authorisation will be automatically given by the IJF General Secretariat for a period of one (1) year. If the athlete's official refugee status does not have a 12-month validity the agreement will be given until the day the official refugee status expires.

After the authorisation expires to request a renewal, the national federation must repeat the application process.

This process takes a minimum of six (6) weeks from receipt of the correct documents. Failure to send the correct documents may result in a delay.

If there is a change in the status of the official refugee i.e., citizenship of a new country, return to their country of origin etc. The change of nationality process is required.

If the official refugee applies to become part of the IJF Refugee Team (IRT) he must inform his previous national federation and the IJF General Secretariat, by email ([gs@ijf.org](mailto:gs@ijf.org)). The change of nationality process is not required, and any world ranking points the athlete has will be kept.

### 1.7.2.2 IJF Refugee Team

An athlete with an official refugee status may apply to become part of the IJF Refugee Team (IRT).

Detailed requests, including official refugee status documents and judo history, should be sent to the IJF General Secretariat, by email (**gs@ijf.org**).

This process takes a minimum of six (6) weeks from receipt of the correct documents. Failure to send the correct documents may result in a delay.

## 1.8 Referee Nationality

The referee must be a national of the country of the national federation they represent. They must have an active Judobase profile for that national federation. This will be verified annually by the IJF Referee Commission (for referees officiating in IJF WJT events) and the Continental Referee Commission (for referees officiating in any other events listed in the IJF calendar). The evidence of nationality shall be the production of a valid passport issued by the represented country. Should the referee be unable to produce their passport a decision will be made on whether to accept an alternative form of identification such as a valid national identity document showing the same nationality as the country of issue.

Where the national federation does not have a passport with that nationality, the passport issued by their government will be accepted (e.g., American Samoa (USA), Aruba (Netherlands), Cook Islands (New Zealand), Curacao (Netherlands), Guam (USA), Sint Maarten (Netherlands), Puerto Rico (USA) and US Virgin Islands (USA)).

Referees who have permission to take part in IJF events under the IJF SOR rule 1.8.2 who do not have a valid passport issued by the represented country must present either a photographic identity or refugee travel document and the IJF authorisation letter.

A referee shall represent only one country within the same calendar year.

- He shall not referee an athlete who has the same citizenship(s) as he does.

The IJF Referee Commission shall inform the IJF IT Team of the nationalities and national functions of each referee, for the technical draw procedure of referees.

A valid IJF card is necessary to referee at continental or international events included in the official IJF calendars. It is compulsory for the national federation to inscribe the referee for the event in **Judobase**.

All submitted documents must be in one of the IJF's official languages (English, French, or Spanish). If a document was originally issued in another language, an official translation into one of the IJF official languages must be included.

## 2.3 Age Groups

Athletes under 15 years of age are not allowed to compete in any official IJF event, or events organised either under the auspices of the IJF or sanctioned by the IJF. The lower age limit for all IJF competitions is 15 years (calendar year).

The following age groups are recognised by the IJF:

- Cadet - men and women under 18, age 15, 16 and 17 years (calendar year).
- Junior - men and women under 21, age 15 to 20 years (calendar year).
- Senior - men and women, there is only the lower age limit of 15 years (calendar year).

National federations should use the term youth to define cadets and juniors and any age groups from 15-20 years that are different to the IJF cadet and junior age.

## 2.4 Time Duration of Contests

Regulations related to weight categories, age, contest duration and recommendations for youths.

Note: no athlete less than 15 years old (calendar year) is allowed to take part in any IJF official competition. The additional categories (13/14, 11/12, 9/10 years) are recommendations only and national federations should design their own national concept with competition rules that take into account national sport rules and legislation.

In an individual event if an athlete does not appear for a contest he is considered out of the competition and cannot return for a later contest (if applicable).

For all events where world ranking points can be given a uniform system must be used. On the draw sheet the athlete/team on top wears a white judogi and the one below wears a blue judogi.

### 2.5.1 Direct Knockout

This is a direct elimination format without a repechage. The losers of the semi-finals will both be awarded bronze medals. The winners of the semi-finals will compete for the gold and silver medals. The four athletes losing the quarter-finals are classified equal fifth.

### 2.5.2 Quarter-final Repechage

In a quarter-final repechage, for each category, the athletes will be divided into two (2) tables by means of a draw, and an elimination system will be used to produce two (2) finalists, who will compete for the gold medal. The athletes defeated in the quarter-final will compete in two (2) repechage contests. The winners of each of these two (2) repechage contests will compete in bronze medal contests against the loser of the semi-final contest of the respective opposite table. The winners (2) of those contests are placed third. The losers (2) are placed fifth. The losers (2) of repechage contests are placed seventh.

### 2.5.3 Double Repechage

In a double repechage, for each category, the athletes will be divided into two (2) tables by means of a draw, and an elimination system will be used to produce two (2) finalists, who will compete for the gold medal. Athletes who lost to the four semi-finalists compete in the two (2) repechage pools. The winners of each of these two (2) repechage contests (pools) will compete in bronze medal contests against the loser of the semi-final contest of the respective opposite table. The winners (2) of those contests are placed third.

### 2.5.4 Full Repechage

All participants can compete at least twice, athletes are divided into two (2) tables (pools), A and B, by means of a draw, and then into two (2) groups (sub-pools) within each table: A1, A2, B1 and B2. The elimination system will be used to produce two (2) finalists. All athletes defeated after each round of competition will take part in the repechage of their respective table according to the elimination system. The winner of each repechage will face the loser of the semi-final from the opposite half of the draw to compete for the two (2) bronze medals. The winners of table A and table B compete for the gold and silver medals.

With this system there is the possibility that two (2) athletes (or teams) compete together two (2) times (preliminary and repechage).

## 2.5.5 Round Robin

A round robin system may be used, and this is defined as a system where each athlete or team will compete against the other.

### 2.5.5.1 Round Robin Rules for Individual Events

The classification of athletes shall be determined by applying the following rules in order. Each subsequent rule shall only be applied if the previous rule does not resolve the ranking.

**Rule 1.** Number of contests won: Athlete with more contests won is placed higher.

**Rule 2.** Sum of all points: The athlete with the highest sum of scoring points is ranked higher. The scoring values are as follows: ippon/waza-ari-awasete-ippon = 100 points, waza-ari = 10 points, yuko = 1 point, hantei = 0 point.

All scores achieved by an athlete are counted, regardless of whether the athlete won or lost the contest. An athlete can receive a maximum of 100 points per contest. Points are counted in the same way whether they are achieved during regular contest time or during golden score.

**Rule 3.** Direct comparison: if two (2) athletes have an equal number of wins and sum of all points for scores, the athlete who won the contest between them is defined as better.

**Rule 4.** Lowest accumulated number of shidos: The athlete with the lower total number of shidos received across all contests is ranked higher. A hansoku-make shall be counted as three shidos for the purpose of this calculation.

**Rule 5.** Time accumulation: The athlete with the shortest accumulated time of all winning contests is ranked higher. Only contests won by athlete are included in this calculation.

**Rule 6.** Equal placing / decision contest:

Where the ranking cannot be resolved and equal placing is permitted, the athletes shall be assigned the same place.

Where equal placing is not permitted (such as the small-number system of five), decision contests shall be held among the involved athletes in a knockout system, starting in Golden Score. For the knockout system, the World Ranking List (WRL) seeding rules shall be applied if applicable. If no seeding is available, a random draw shall be held.

### 2.5.5.2 Round Robin Rules for Team Events

The classification of teams shall be determined by applying the following rules in order. Each subsequent rule shall only be applied if the previous rule does not resolve the ranking.

**Rule 1.** Number of matches won: Team with more matches won is placed higher.

**Rule 2.** Number of contests won: The team with more contests won is placed higher.

**Rule 3.** Sum of all points: The team with the highest sum of scoring points across all contests is ranked higher. The scoring values are as follows:  
ippon/waza-ari-awasete-ippon = 100 points, waza-ari = 10 points, yuko = 1 point, hantei = 0 point.

All scores achieved by the athletes of a team are counted, regardless of whether the athlete won or lost the contest. An athlete can receive a maximum of 100 points per contest. Points are counted in the same way whether they are achieved during regular contest time or during golden score.

**Rule 4.** Direct comparison: If two teams have equal number of wins and sum of all points for scores, the team that won the match between them is defined as better.

**Rule 5.** Lowest accumulated number of shidos: The team with the lower total number of shidos received across all contests in all matches is ranked higher. A hansoku-make shall be counted as three shidos for the purpose of this calculation.

**Rule 6.** Time accumulation: The team with the shortest accumulated time of all winning contests is ranked higher. Only contests won by athletes of the team are included in this calculation.

**Rule 7.** Equal placing/decision contest: Where the ranking cannot be resolved and equal placing is permitted, the teams shall be assigned the same place.

Where equal placing is not permitted (such as the small-number system of five), decision contests shall be held in one randomly drawn category using a knockout system. Any category in which at least two teams have an athlete shall be included in the draw. For the knockout system, the Team World Ranking List seeding shall be applied if applicable. If no seeding is available, a random draw shall be held.

### 2.5.6 Best of Three

If there are two (2) athletes it will be the best of two (2) contests and if the wins are equal (1-1), a third contest will decide.

## 2.6 Regulations for Low Numbers of Athletes or Teams

If there are one (1) to five (5) athletes or teams the low numbers competition systems and rules apply.

### 2.6.1 Low Numbers System for IJF WJT Events

The following competition systems and rules must be used in IJF WJT individual and mixed team events.

| No. of athletes | Competition system                                                                                                                                                                                                                                                                                                                                             | Medals awarded              | WRL points awarded (if applicable)                                                                                                                                                                                       |

\*Participation points given (if applicable).

If only one (1) athlete passes the weigh-in there will be no competition.

The 4<sup>th</sup> place should be used in the standings for:

- System of five (5) athletes:
  - In case one (1) athlete won a contest in the round robin pool (one 4<sup>th</sup> place and one 5<sup>th</sup> place will be in the standings).
  - In case two (2) athletes did not win any contest (two 4<sup>th</sup> places).
- Elimination system of four (4) athletes, for the loser of the bronze contest.
- Round robins with more than three (3) athletes when the number of wins makes the difference.

For the 4<sup>th</sup> place, the relevant WRL points will be the ones foreseen for the 5<sup>th</sup> place.

## 2.6.2 Low Numbers System for Other Events

For other individual and team events, the organiser can choose the competition system used. Depending on the number of athletes/teams the number of medals awarded must follow rule 2.6.1.

## 2.7 Competition System for Mixed Team and Team Events

The system of competition for IJF Mixed Teams events will be the elimination system with quarter-final repechage (refer to Section 2.5.2 for a full description). Match is used to define the competition between both teams. Within each match there are a number of contests (depending on the event).

For other team events, different types of systems can be used such as double repechage, full repechage, or direct knockout. Gold, silver and two (2) bronze medals will be awarded except in the case of low numbers.

### 2.7.1 Regulations for Mixed Team Events

Each mixed team must consist of six (6) athletes (3 women and 3 men) and has the possibility to have up to six (6) reserves (3 women and 3 men).

At the time of mixed team confirmation at the accreditation, the delegation must have a full mixed team entered. This means a minimum of 1 athlete per mixed team weight category. A maximum of 12 athletes can be entered, with a maximum of two (2) athletes per mixed team weight category.

If injuries or illness occur after the draw or during the competition a mixed team will be allowed to compete with a minimum of four (4) athletes.

However, if four (4) athletes have successfully passed the mixed team weigh-in and before the start of the competition, one (1) athlete becomes ill or injured, leaving the team with only three (3) available athletes, the mixed team will not be allowed to compete. Nevertheless, all athletes who have successfully passed the official mixed team weigh-in will be considered "in-competition" for anti-doping purposes.

During seniors and juniors mixed teams' competitions each athlete is entitled to compete in their own mixed team weight category or in the next higher mixed team weight category. During cadets mixed team competitions athletes must compete in their inscribed mixed team weight category and cannot be moved one (1) mixed team weight category higher.

If the event follows an individual competition, the composition of the mixed team must be confirmed by the delegation to the IJF Sport Commission by 13:00 local time on the day prior to the mixed team competition. After confirmation, the list can be updated up to one (1) hour after the end of the final block only for the athletes competing on the last day of the individual competition.

After the draw of the mixed team event, a further draw will decide the starting category for the first round. The following rounds will start with the next category in the sequence.

Example: Seniors Mixed Teams - drawn weight category is -73 kg

1<sup>st</sup> round: -73 kg, -70 kg, -90 kg, +70 kg, +90 kg, -57 kg

2<sup>nd</sup> round: -70 kg, -90 kg, +70 kg, +90 kg, -57 kg, -73 kg

Quarter-final: -90 kg, +70 kg, +90 kg, -57 kg, -73 kg, -70 kg

Repechage and semi-final: +70 kg, +90 kg, -57 kg, -73 kg, -70 kg, -90 kg

Bronze and final: +90 kg, -57 kg, -73 kg, -70 kg, -90 kg, +70 kg

Two (2) coaches and one (1) doctor per team will be allowed to enter the field of play. Athletes should enter the field of play in the order that they will compete in.

During the contests, the mixed team athletes must stay within a marked area on the field of play. Reserve athletes must not enter the field of play.

Weigh-in rules can be found in Section 6.

Before each match the team leader must select the athletes for each contest. From the maximum of two (2) athletes inscribed in each category he can select one.

If the team has the possibility to put an inscribed athlete in a mixed team weight category, the team leader must do so.

An athlete cannot be rested for one match and return for the next unless they have been replaced by the other inscribed athlete.

If the mixed team has no athlete in a mixed team weight category, they must select the "no competitor" option.

If the wrong athlete goes to the tatami for a contest that is not his own, he will be disqualified, and the opponent he was initially supposed to meet will win by fusen-gachi.

For the first round the lists must be returned at least 30 minutes before the start of the competition. For other rounds it must be returned 5 minutes after receiving the list from the IJF Sport Commission. Once it is returned to the IJF Sport Commission it cannot be changed.

Duration of each contest: women four (4) minutes and men four (4) minutes (real time).

After the team bow the byes are displayed on the scoreboard and wins are given.

Example: if one mixed team has one (1) mixed team weight category empty: 1:0

Example: if both mixed teams have a different mixed team weight category empty: 1:1

Example: if both mixed teams have the same mixed team weight category empty: 0:0 (this is the only case when we stop a match when a team has reached 3 wins).

These byes are skipped later, no athlete needs to return to the tatami to bow again if there is no contest to be fought.

The first mixed team to win the majority of contests is declared the winner.

In IJF events the remaining contests will not be fought except in case of small numbers (round robin rules). In other events the organiser can decide if the remaining contests will take place or not.

If during the match, in one contest, an athlete enters the tatami and refuses to compete, he will be given a direct hansoku-make (cannot continue in competition) and the opponent will be declared the winner.

The losing athlete cannot continue in the next rounds. The mixed team of the losing athlete can continue in the next round if applicable.

If one (1) mixed team does not arrive for a match, the other mixed team will be declared the winner. They are considered out of competition and cannot return for a later match (if applicable).

If there are an equal number of wins at the end of the match, there is a draw for the mixed team weight category that will compete in a golden score contest (see table below) to decide the winning mixed team. The draw is done by computer and displayed on the athlete and public (big screen) scoreboards. If the public scoreboard is not available, the coaches or the mixed teams should be invited to watch the computer monitor when the draw is taking place.

|   | Draw for Golden Score Contest Scenario                                                                                                                                          | Action                                                                                         |

If there is a double hansoku-make during the golden score contest the following rules will be respected:

|   | Scenario                                                                                                           | Action                                                                                         |

| 3 | Both athletes given a direct hansoku-make ( <b>cannot continue</b> in competition) in the golden score contest     | Mixed team weight category is removed and there is a new draw for another golden score contest |

The IJF Ad Hoc Commission will decide the consequences in any situation that may result in a whole team being disqualified.

If for any reason (disqualification, insufficient number of athletes, forfeit, etc.) one (1) mixed team cannot compete in a match, the other mixed team must submit the lineup for the match and must come to the tatami for the declaration of the winner. The match should still be announced in the sports hall with an explanation and the mixed teams displayed on the scoreboard with the withdrawn one struck through (eg. ITA v GBR).

The result of the match depends on the rules used:

- If the match finishes after the first mixed team wins the majority of contests, the mixed team shall receive ippon for every won contest.
- If all contests take place, the winning mixed team shall receive ippon for every contest where they have a competitor listed in the lineup.

If a National Olympic Committee (NOC) qualifies for the Olympic Games mixed team event, all athletes who qualified for the individual competition can take part in the mixed team competition, up to a maximum of seven (7) women and seven (7) men.

## 2.7.2 Regulations for Female and Male Team Events

Each team will consist of up to five (5) athletes and has the possibility to have up to five (5) reserves. A team must consist of a minimum of three (3) athletes.

A total of 10 athletes can be inscribed with a maximum of two (2) athletes per category.

Weigh-in rules can be found in Section 6. Before the start of the official weigh-in the coach can update the team list.

During female and male team events each athlete is entitled to compete in their own weight category or in the next higher category. During cadets team competitions athletes must compete in their inscribed mixed team weight category and cannot be moved one (1) mixed team weight category higher.

During the contests, the non-competing athletes must stay within a marked area on the field of play. Reserve athletes must not enter the field of play.

One (1) coach and one (1) doctor per team will be allowed to enter the field of play. Athletes should enter the field of play in the order that they will compete in.

The contests in female and male team matches will be fought from the lightest weight to the highest weight.

Before each match the team leader must select the athletes for each contest. From the maximum of two (2) athletes inscribed in each category they can select one (1). If the team has the possibility to put an inscribed athlete in a category, they must do so. An athlete cannot be rested for one (1) match and return for the next unless they have been replaced by the other inscribed athlete.

If the team has no athlete in a category, they must select the “no competitor” option.

If the wrong athlete goes to the tatami for a contest that is not his own he will be disqualified, and the opponent he was initially supposed to meet will win by fusen-gachi.

For the first round the lists must be returned at least 30 minutes before the start of the competition. For other rounds it must be returned 5 minutes after receiving the list from the IJF Sport Commission. Once it is returned to the IJF Sport Commission it cannot be changed.

Duration of each contest: women four (4) minutes and men four (4) minutes (real time).

After the team bow the byes are displayed on the scoreboard and wins are given.

Example: if one team has one (1) category empty: 1:0

Example: if both teams have a different category empty: 1:1

Example: if both teams have the same category empty: 0:0 (this is the only case when we stop a match when a team has reached 3 wins).

These byes are skipped later, no athlete needs to return to the tatami to bow again if there is no contest to be fought.

The first team to win the majority of contests is declared the winner. The organiser can decide if the remaining contests will take place or not.

If during the match, in one contest, an athlete enters the tatami and refuses to compete, he will be given a direct hansoku-make (cannot continue in competition) and the opponent will be declared the winner.

The losing athlete cannot continue in the next rounds. The team of the losing athlete can continue in the next round if applicable.

If one (1) team does not arrive for a match, the other team will be declared the winner. They are considered out of competition and cannot return for a later match (if applicable).

If there are an equal number of wins at the end of the match see Section 2.7.1 for the necessary action.

If for any reason (disqualification, insufficient number of athletes, forfeit, etc.) one (1) team cannot compete in a match, the other team must submit the lineup for the match and must come to the tatami for the declaration of the winner. The match should still be announced in the sports hall with an explanation and the teams displayed on the scoreboard with the withdrawn one struck through (eg. ITA v GBR).

The result of the match depends on the rules used:

- If the match finishes after the first team wins the majority of contests, the team shall receive ippon for every won contest.
- If all contests take place, the winning team shall receive ippon for every contest where they have a competitor listed in the lineup.

## 2.8 Event Outlines

For each IJF WJT event outlines will be published on the IJF website and sent to the national federations. The deadlines in the outlines must be respected.

### 2.8.1 Visas

The IJF is not authorised to intervene in visa application processes. The decision to grant a visa rests solely with the relevant immigration authorities. Athletes and officials are responsible for ensuring compliance with the visa requirements of the host country and should apply well in advance to allow sufficient processing time.

The LOC can provide official documentation such as letters of invitation or confirmation of participation to support your application. Visa application requests will only be accepted for people who are inscribed in **Judobase** for the event. LOC documents must only be used for visa application for the concerned event.

It is the responsibility of the national federation to ensure that their delegation respects the conditions of stay defined by the Government of the country hosting the event. If any participant does not respect these conditions, any costs arising will be borne by the national federation concerned.

### 2.8.2 Transportation

The LOC will provide transportation for competing delegations during the competition. This transportation service (including airport transfers) is only offered on the days when the delegations are booked in an official hotel through the LOC. On days delegations are using an unofficial hotel or an official hotel, not reserved through the LOC, they are not allowed to use the official event transportation.

Travel information must be uploaded to **my.ijf.org** according to the hotel reservation arrival and departure dates. If the delegation misses the transport deadline and travel information is not uploaded airport, train or bus station transfers are NOT guaranteed and a fee may be charged by the LOC.

### 2.8.3 Accommodation

All delegations, who inscribe for an IJF WJT event, must reserve their accommodation in one (1) of the official hotels published in the event outlines. The reservation must be made with the LOC (not directly with the hotel).

The minimum reservation for a delegation is two (2) nights multiplied by the total number of people inscribed in **Judobase**. The national federation President and referee nominated by the IJF are not included in this calculation.

Examples:

- 4 people inscribed in **Judobase** (no referee) =  $4 \times 2$  nights = 8 nights or more must be reserved.
- 17 people inscribed in **Judobase** (including 1 referee) =  $(17-1) \times 2 = 32$  nights or more must be reserved.

This rule does not apply to the host national federation delegates.

The LOC will do their best to provide the first choice of accommodation but as rooms might be limited this cannot be guaranteed.

After the accommodation deadline, the LOC cannot promise rooms in the hotels detailed in the outlines and another official hotel may be added. Accommodation cancellation fees will be detailed in the event outlines.

The hotel prices are not guaranteed after the reservation deadline and delegations requesting accommodation late may be subject to a price increase.

Any damage to hotel property resulting from the stay of a national delegation will be charged to the national federation and must be paid in full.

Delegations are kindly requested not to dry clothing (including judogi) or have training sessions in the corridors of the official hotels.

According to the IJF rule enacted on the 2 December 2012 in Tokyo, “the organising country should not request penalties fee for participating countries who cannot make bank transfers but can pay in cash upon arrival. Those countries who cannot make bank transfers should inform the LOC well in advance that they will pay cash on arrival”.

All bank fees and bank transfer costs must be paid by the participating national federation. If payment is being made by bank transfer the bank information must be inserted correctly and completely on the transfer document and any procedures related to amendment of the bank transfer must be done before arrival.

Delegations must ensure that all bank charges are paid at their end so that the LOC receive the correct amount of funds without any deductions. The person attending accreditation must bring proof of the bank transfer.

### 2.8.4 Training

The LOC are responsible to provide training facilities (from 2 days before the competition until the end of the final weigh-in) that will be approved by the IJF Sport Commission.

Planning and scheduling of training sessions will be organised taking into consideration requests made by delegations daily on a first request made first served basis. To book training contact the LOC.

Ice and water (in sealed bottles, cans or containers up to 500 ml), with a low sodium and/or chloride content (below 200 mg/l) must be provided for delegations at all training venues for all training days. This rule applies to warm-up areas, all training areas, medical rooms and doping control rooms.

### 2.8.5 Consent for use of data/photography/videos/filming

Delegates inscribed by their national federations for WJT events consent to the IJF and its media partners to use content of them, including data, live results, photographs and/or video recordings (hereafter referred to as Media). This media may be obtained from national federations and IJF. It will also be acquired by the IJF and its media partners from in and around all IJF WJT event venues.

Media could be used in print and digital media formats including print publications, websites, e-marketing, posters banners, advertising, film, broadcast, social media, education purposes and other purposes.

The national federation must ensure that they have the permission of each delegate or in the case of a minor the permission of the parent/guardian.

If a delegate does not give consent, then the national federation must inform the International Judo Federation by writing to **registration@ijf.org**

## 2.9 Official Notice Boards

All event information (transport times, training schedule, departure schedule etc.) for the delegations will be communicated and posted on the official notice boards in each official hotel and in the warm-up area. The information can also be found online in the IJF notice board Telegram group.

# IJF WORLD RANKING LISTS

The world ranking lists (WRL) are the responsibility of the IJF Sport Commission and are managed by the IJF IT Team. The WRL can be found at [www.ijf.org](http://www.ijf.org) and for assistance please contact the relevant ranking email ([ranking.seniors@ijf.org](mailto:ranking.seniors@ijf.org), [ranking.juniors@ijf.org](mailto:ranking.juniors@ijf.org) or [ranking.cadets@ijf.org](mailto:ranking.cadets@ijf.org)).

### 3.1 IJF World Ranking Lists

The International Judo Federation (IJF) produces World Ranking Lists (WRL) for individuals and mixed teams. These WRL lists are used for seeding athletes/teams in the draw for ranking events. There is also an IJF Nation WRL which shows the total ranking points from each WRL per nation.

The number of points earned depends on the type of event and how far an athlete/team progresses in the competition. In the individual competition, the points are allocated to the athlete in the weight category in which they participate and cannot be transferred to another weight category. Apart from participation points (which are allocated to all athletes that passed the official weigh-in) the ranking points are scored only if a minimum of one (1) contest is won. In the mixed team competition, the points are allocated to the respective nation. Points of the mixed teams will be allocated even if no match was won.

The lists are updated following the ranking events where athletes/teams earn points to be ranked on an IJF WRL.

Annually points either reduce or expire. The dividing line for reduction or expiration is the following week in which the competition was held, the beginning of the week is defined as Monday (week numbering is following the international standard ISO 8601).

Example: If the competition is held in week 10 of the year (YYYY), the points are reduced to half at the beginning of week 11 in the next year (YYYY+1) and expired at the beginning of week 11 in the year after (YYYY+2).

There are exceptions for Continental Championships Seniors Individuals and Mixed Teams, Continental Championships Juniors Individuals and Mixed Teams and Continental Championships Cadets Individuals and Mixed Teams. For the equal treatment of all continents, points will be handled as follows, regardless of the week that the competition takes place (points are added when competition is held).

| Competition                                       | Points allocation as if competition was held in week number: | Points reduction/expiration on Monday of week number: |
|---------------------------------------------------|--------------------------------------------------------------|-------------------------------------------------------|
| Continental Championships Seniors and Mixed Teams | 17                                                           | 18                                                    |
| Continental Championships Juniors and Mixed Teams | 26                                                           | 27                                                    |
| Continental Championships Cadets and Mixed Teams  | 26                                                           | 27                                                    |

These WRL lists are used for seeding athletes/teams in the draw for ranking events.

3.2 IJF World Ranking Lists for Individuals

There are three IJF WRL for individuals; IJF Seniors WRL, IJF Juniors WRL and IJF Cadets WRL.

3.2.1 IJF Seniors World Ranking List

Athletes can earn points for the IJF Seniors WRL by competing in IJF World Judo Tour (WJT) events for senior, World Championships Juniors, Continental Championships and Continental Opens for seniors.

Participation points will be given for Continental Opens, Grand Prix, Grand Slam, Masters, Continental Championships and World Championships.

The points for each competition will count as follows from 1st January 2025:

|             |                        |                  |      |
|-------------|------------------------|------------------|------|
| 100% Period | Look back 12 months    | • 6 best results | 100% |
| 50% Period  | Look back 13-24 months | • 6 best results | 50%  |
|             | After 24 months        | • Points expire  | 0%   |

The new WRL system of 6 best results (started in 2025) will take into consideration all events with no extra result for Continentals or Masters.

At Grand Prix and Grand Slam events only the two (2) best domestic athletes per category can obtain points for the IJF Seniors WRL. In case of equality the points will be automatically given to the highest ranked athlete. If still equal, the domestic national federation will decide.

If two or more athletes have an equal number of total WRL points, the higher ranking will be decided by:

- The highest sum of the current points from all World Championships.
- The highest sum of the current points from all Grand Prix, Grand Slams and Masters.
- The highest current points from a single event, then, if needed, the second highest, and so on.

In the case of Olympic Qualification, if the athletes are still equal the IJF Executive Committee will make the decision.

Athletes participating in the World Championships Juniors, will be added to the IJF Seniors WRL, and will be given the same points as those given for a Grand Prix with the same rules as for the Juniors ranking (see point 3.2.2).

### 3.2.2 IJF Juniors World Ranking List

Athletes can earn points for the IJF Juniors WRL by competing in Continental Cups Juniors, Continental Championships Juniors, Grand Prix Juniors and World Championships Juniors.

Participation points will be given for all juniors events. Other ranking points will be given when there is at least one (1) contest won.

The new ranking points system started from 1<sup>st</sup> January 2026. Previously earned points are not recalculated following the new values.

The points for each competition will count as follows:

### 3.4 IJF Nations World Ranking List

The IJF Nations WRL consists of the sum of the current WRL points (seniors, juniors and cadets) plus the sum of the current Mixed Team (seniors, juniors and cadets) WRL for that nation.

### 3.5 Additional Rules

An athlete is in the competition only once he passes the official weigh-in.

If an athlete does not pass the official weigh-in or the random weigh-in, his name will have be struck through on the draw sheet. His opponent must come to the tatami, bow and be declared the winner by fusen-gachi. WRL points will be given.

The name of the athlete that did not pass the official weigh-in or the random weigh-in will not appear in the repechage, if applicable. The same applies for the mixed team/team events.

If an athlete passes the official weigh-in and is alone in the category he will get the participation ranking points, if applicable.

Any athlete who does not come to the tatami for a contest will have a line put through his name on the draw sheet. His opponent must come to the tatami and bow. He will be declared the winner by fusen-gachi and WRL points will be given.

When an athlete loses a contest by a direct hansoku-make for acts against the spirit of judo, ranking points will be assigned for the position that the athlete reached in the competition. However, points, medals and prize money may be removed depending on the results of any further disciplinary action.

In the event of any change in age group, gender, nationality, and/or weight category of an athlete on the IJF WRL, the following rules apply:

- Change of age group: The athlete starts from zero points.
- Change of gender: The athlete starts from zero points.
- Change of nationality: The athlete retains all previously acquired points in all weight categories where they have previously competed.
- Change of weight category: The athlete starts from zero points.

All in-competition athletes are shown in the standings of the category regardless of number of wins/loses. The relevant position ranking points will be assigned only in case of a win, participation points are always given when applicable. If an athlete who has passed the official weigh-in does not show up for the competition, he will still appear in the standings and his name will be struck through.

A no show due to failing the official weigh-in is not considered in-competition therefore the athlete will not be shown in the standings or given ranking points nor participation points if applicable.

Athletes sanctioned for an anti-doping rule violation based on the applicable anti-doping rules to their case shall have their WRL points amended, and their name be struck through on the IJF World Ranking List, if applicable.

An athlete classified in any IJF WRL (either cadets, juniors or seniors) is not authorised to take part in an international competition of any combat sport, other than judo, unless authorisation has been given by the IJF. An international competition is defined as a competition where two (2) or more different nations take part. The national federation is responsible for controlling and sending the information on any cases to the IJF General Secretariat (**gs@ijf.org**). Failure to do so may result in disciplinary action for the national federation.

The automatic sanction system for athletes who did not ask the IJF for authorisation or did not respect the IJF decision is applicable as follows:

- 1<sup>st</sup> violation: 2 months suspension from IJF and Continental Unions competitions and other judo activities e.g., training camp.
- 2<sup>nd</sup> violation: 2 years suspension from IJF and Continental Unions competitions and other judo activities e.g., training camp.

## 4.2 Entries

Only entries from member national judo federations will be accepted.

In some exceptional cases, the IJF can, to protect an athlete's career, inscribe an athlete into an IJF event, under his national federation flag or under the IJF flag, according to the specificity of the case.

All participating delegates must have a **Judobase** profile and a valid IJF card and be inscribed in the event in **Judobase** by their national federation by the event deadline.

There are two types of IJF cards:

- IJF international cards (renewable every two years) can be used for all functions (athlete, coach, team official, doctor etc.) at IJF WJT events including world championships kata and veterans.
- IJF veterans/kata cards (valid for life) can be used for all functions (athlete, coach, team official, doctor etc.) at the world championships kata and veterans. It cannot be used at other IJF WJT events.

The name and date of birth of each delegate should match that of their passport. If the person wishes to be known by another name, they should write to the IJF General Secretariat (**gs@ijf.org**) with copy to **registration@ijf.org** for approval. If someone has a name change or their name/date of birth is incorrect, the national federation should send a copy of the valid passport to **registration@ijf.org** so that their **Judobase** record can be updated.

Athletes can be entered in **ONLY** one weight category per IJF event. Each person can only be inscribed with one function (i.e., athlete, coach, referee, team official etc.) per event. This rule is not the same for veteran events (Appendix A).

A national federation coach can be accredited for **ONLY** one country per event except when prior permission has been given by the IJF after confirming agreement from all involved national federations. Requests from each of the national federation involved must be sent to the IJF General Secretariat, by email (**gs@ijf.org**), at least 14 days before the draw of the relevant event. If the documents are compliant, the permission will be confirmed by the IJF General Secretariat and will remain valid until the end of the current Olympic cycle. If either of the national federations involved terminates the agreement, they must inform the IJF General Secretariat by email (**gs@ijf.org**). The coach must then be inscribed in the event for each country and an explanation sent to the LOC informing them that IJF permission has been given in order for them not to charge twice for the accommodation etc. and also inform them who is paying for the accommodation.

The President of a national federation cannot act as a coach or referee during events organised by the IJF.

If verified technical issues (such as card renewal failures) prevent online registration, national federations may request offline registration before the deadline. The request must be sent to both **registration@ijf.org** and **gs@ijf.org**. It must be written on the federation's official letterhead and include full details for the entire delegation (names and weight categories for athletes, plus details for coaches, doctors, physiotherapists, etc.). The mandatory request form can be found in Appendix F and on the IJF website (<https://www.ijf.org/ijf/documents/26>).

After the deadline stated in the event outlines, only replacements may be made; it is not possible to add any new participants. An athlete may be replaced by another athlete, regardless of gender or weight category. A team official may be replaced by another team official etc.

During accreditation, the final list of registered athletes and delegates has to be confirmed to the Sport IT person in charge.

During the period of Olympic qualification, for events where Olympic qualification points can be earned, no additional athletes (under any circumstances) can be inscribed after the deadline.

The deadline is as follows:

- Until fourteen (14) days before the draw, the correct names of the complete delegation (athletes and officials) must be registered online in **Judobase** (<https://admin.judobase.org>).

#### 4.2.1 Entries for IJF WJT Events

The registration process for IJF WJT events is as follows:

- Until fourteen (14) days before the draw, the correct names of the complete delegation (athletes and officials) must be registered in **Judobase** (<https://admin.judobase.org>).
- Until 5 days before the start of accreditation if a delegation has replacements and/or cancellations these changes must be entered online on **Judobase**.
- Until start of accreditation, any last-minute replacements or cancellations must be sent to the IJF registration e-mail: **registration@ijf.org**. A confirmation will be sent from the IJF. Emails to **registration@ijf.org** only cancel the delegate for the competition, for accommodation cancellations you must email the LOC directly.

During accreditation, registered athletes can be replaced by other athletes and registered officials can be replaced by other officials.

#### 4.2.2 Entries for Other Events

For Continental Championships Individuals, Continental Opens and Continental Cups, the entry deadline is defined in the event outlines.

However, during the Olympic Games qualification period, for events where Olympic qualification points can be earned, the following deadline applies. No additional athletes may be inscribed after this deadline under any circumstances.

The complete delegation (athletes and officials) must be registered in **Judobase** (<https://admin.judobase.org>) no later than fourteen (14) days before the draw.

For multi-sport events, the deadline is defined in the relevant event technical manual.

### 4.3 Cancellation of Athletes

Whenever possible, cancellations should be made before accreditation. Any cancellation of an athlete during accreditation without replacement will result in the following penalty: If registered athletes are cancelled during accreditation without previous notification to IJF, a penalty of 100 USD per athlete will apply.

This penalty will be charged by the IJF to the national federation.

The LOC has the right to charge cancellation fees as detailed in the event outlines.

## 4.4 Number of Entries

For IJF events the number of entries allowed for each national federation will be as follows:

### World Championships Seniors

Only athletes ranked number 1-100\* in the IJF Seniors WRL, and athletes ranked number 1-16\* in the IJF Juniors WRL, can take part with each national federation allowed to enter:

- Up to 9 entries for women with maximum 2 athletes per category.
- Up to 9 entries for men with maximum 2 athletes per category.

The host country may enter:

- Up to 9 entries for women with maximum 2 athletes per category, regardless of WRL position.
- Up to 9 entries for men with maximum 2 athletes per category, regardless of WRL position.

Organisers of World Championships Seniors (especially cities and regions) could have additional wild cards for their local and regional athletes, not affecting quotas of the national federation. The number of athletes proposed by the LOC will be agreed by the IJF Head Sport Director. These athletes do not necessarily need to be ranked within the top 1-100 of the IJF Seniors WRL.

However, from the host country only the best results from 9 men and 9 women will be considered for the IJF Seniors WRL.

Up to 20 wild cards will be allocated by the IJF Executive Committee. The national federation must submit the wild card request, by email to **president@ijf.org**, with a copy to **gs@ijf.org**, no later than four (4) weeks before the first day of competition.

Once the qualification list is published, the IJF Executive Committee will review all requests and decide which wild cards will be allocated. If an athlete who has requested a wild card subsequently qualifies through the WRL, the wild card is simply no longer required and may be allocated to another eligible athlete, subject to the decision of the IJF Executive Committee.

The IJF Head Sport Director will choose a date when the IJF Seniors WRL will be used for qualification and seeding for the World Championships Seniors.

There is no open category.

\*Equally ranked athletes can all participate.

### **World Masters**

If an athlete qualifies in more than one category, the national federation can decide in which category they will take part. The national federation will be given a deadline for this decision.

If they do not decide on time, the IJF will take the decision based on the highest-ranking position and that will be the category that is chosen. No replacement athlete will be invited in the category that is not chosen.

Athletes can only be entered in the weight category for which they have been selected. The organising country has the right to have a minimum of two (2) athletes in each category. If they do not qualify anyone in the top 36 up to two (2) domestic athletes can participate as the 37<sup>th</sup> and 38<sup>th</sup> athlete.

If, in a category, there are athletes known to be suspended for disciplinary reason(s) and/or under voluntary/obligatory/optional provisional suspension for doping reason(s) and/or serving ineligibility for anti-doping rule violation(s) they will NOT participate and the next athlete(s) in the list from position number 37 and below will be invited.

### **Registration as IJF Refugee Team**

There is no limit to the number of athletes participating as IJF Refugee Team competing with the three-letter code IRT.

IRT athletes can choose to take part in only one (1) of the planned continental championships. To be authorised to compete in the said event, they must have already participated in an international competition (minimum continental cup) and be insured.

## **4.5 Accreditation**

The purpose of accreditation is to identify people and their roles at events and allow them necessary access to perform their roles.

At least one team delegate must attend on time to confirm the entries of all athletes and officials with a signature on the delegation confirmation list. A delayed appearance or no-show may result in the exclusion of all participants from the draw and the event. In case of unforeseen delay of arrival or cancellation, the national federation must immediately contact both the LOC and the IJF registration team (**registration@ijf.org**).

For each official team member from a national delegation (athletes, coach, team official, doctor etc.) an accreditation card is issued by the IJF during accreditation.

A delegate should never wear another delegate's accreditation card. The accreditation card remains the property of the IJF and can be withdrawn, with immediate effect, at the IJF's sole discretion.

The accreditation card is valid for the duration of the competition and is the personal identity document of the delegate for all security and access controls. This card contains: last (family) name, first (given) name, country, IJF ID number, a picture and for athletes their weight category and if possible the WRL position.

At World Championships and whenever it is necessary to verify the face, age and/or nationality of an athlete, a member of the IJF Sport Commission or its representative will check photographic proof of identity.

Accepted documents are a valid passport or a valid national identity card showing the same nationality as the country of issue. The document presented must be the same nationality that the athlete is representing in the competition. A high-quality photocopy or scan will also be accepted, if, for a valid reason these documents are not available.

A travel document which can resemble a passport will not be accepted.

Athletes who have permission to take part in IJF events under the IJF SOR rule 1.7.2 who do not have a valid passport issued by the represented country must present either a photographic identity or refugee travel document and the IJF authorisation letter.

Quota for officials for accreditations (includes team officials, coaches, doctors, and physiotherapists):

- One – four (1-4) athletes = three (3) officials.
- Five – nine (5-9) athletes = five (5) officials.
- 10 or more athletes = seven (7) officials.

The accreditations for national federation president, referee and judoka are not included in the above calculation. The fee for additional team official(s) (who must be inscribed in **Judobase**) is 100 USD per accreditation, to be paid to the LOC.

Replacement of lost or forgotten accreditation will be charged at 50 USD to be paid to the IJF.

At the accreditation stage the LOC must organise at least two (2) stations for financial payments. One for teams with no changes and one or more for teams that need to make changes.

# DRAW

The draw is the responsibility of the IJF Sport Commission.

Men: 242

Women: 147

Total: 389  
Nations: 54

## 5.1 Draw Regulations

For all International Judo Federation (IJF) World Championships, Masters, Grand Slams and Grand Prix the draw will take place at 14:00 local time the day before the competition. For multi-sport games, the date and time of the draw will be agreed by the IJF Sport Commission. The draw for the Olympic Games will be one (1) day before the start of the competition unless otherwise agreed by all relevant stakeholders.

After the closing of accreditation and before the start of the draw the lists of athletes by category will be posted either on paper outside the draw room and/or electronically in the IJF notice board (Telegram, WhatsApp, Messenger etc.). Delegations are requested to check and confirm, both during accreditation and on the published lists, that their athletes are in the correct categories. Any errors or omissions should be reported to the IJF IT Team up to 30 minutes before the start of the draw. After this time NO modification will be allowed.

For the athlete draw, IF1, IF2, IF3, etc. categories will be used to separate IJF athletes based on their territories.

The draw will be carried out by computer with the use of the IJF software (or other software if IJF authorised) under the direction of the IJF Sport Director assisted by the IJF IT Team and IJF Sport Commission.

The draw may be held online or with attendees.

With attendees a maximum of two (2) delegates per national federation may attend the draw.

Dress code: formal suit (jacket, trousers, shirt, and tie for men; jacket, trousers/skirt/dress, blouse for women) and formal shoes.

The organising committee shall distribute copies of the draw on demand.

## 5.2 Seeding for IJF WJT Events

For the World Championships Seniors, Juniors and Cadets, Masters, Grand Slams, Grand Prix Seniors, Juniors and Cadets, Continental Opens and Cadets and Juniors Continental Cups, up to a maximum of the top eight (8) athletes among the entered athletes in each weight category will be seeded based on their IJF WRL position.

For the rest of the draw separation by nations will be respected. In a category, seeding position has the priority over nationality division of the athletes. This means that athletes of the same country may end up in the same pool because of their seeding position or because there is no other possible position for them due to the ranking of the other athletes.

For the World Championships Open there will be no seeding only separation by nations.

For the World Mixed Team Championships, up to eight (8) teams, from the IJF Mixed Teams WRL will be seeded.

In theory, seeding should separate the strongest athletes in each category, so that they meet at as late a stage as possible in the chosen method of elimination.

For example, the best two (2) athletes should not meet until the final and the top four until the semi-final and the top eight (8) until the quarter-finals.

Where athletes/teams have the same ranking position, the draw system will automatically do a pre-draw to define the athlete seeding position.

Seeding in elimination bracket system is set up to have the draw placing the:

- Number one (1) seed vs. the number eight (8) seed in Pool A.
- Number two (2) seed vs. the number seven (7) seed in Pool C.
- Number three (3) seed vs. the number six (6) seed in Pool D.
- Number (4) seed vs. the number five (5) seed in Pool B.

Seeded athletes are always placed in the same position on the draw sheet.

Seeding in the low numbers 3+2 system is set up to have the draw placing the number one (1) seed vs. the number five (5) seed in the lower half while the number two (2), three (3) and number four (4) seeds are in the upper Round Robin half.

Seeded athletes/teams, when possible, do not have to compete in the first round.

When there is an incomplete round the seeded athletes/teams do not have to compete in the first round. When there are 9 athletes/teams the number eight (8) seed will have a first-round contest, when there are 10 athletes/teams the number seven (7) and number eight (8) seeds will have a first-round contest, and so on.

### 5.3 Seeding for Olympic Games

For the Olympic Games, up to a maximum of the top eight (8) athletes among the entered athletes in each weight category will be seeded based on their IJF Senior WRL of the Olympic qualification period.

For the Olympic Games Mixed Team Championships, up to eight (8) teams, from the IJF Mixed Teams WRL will be seeded.

# WEIGH-IN

The weigh-in is the responsibility of the IJF Sport Commission. The random weigh-in is the responsibility of the IJF Education and Coaching Commission.

## 6.1 Weight Categories and Limits for Individual Events

Athletes competing in junior and senior events must be within the weight limits of a category in which they are inscribed (see 2.2.1), there is no additional weight tolerance.

Athletes competing in cadet events are NOT allowed to remove their underclothing (men must wear underpants and optionally a vest top and women must wear underpants and a bra or vest top); to compensate an additional 0.2 kg will be allowed i.e., for the category -44 kg the limit will be -44.2 kg.

## 6.2 Weigh-in Overview

### 6.2.1 Pre-Weight Check Rooms (Test Scales)

Pre-weight check rooms with calibrated scales must be operational from the arrival of the first delegation and remain accessible throughout the event. Each official hotel must provide at least one (1) set of calibrated test scales, available daily from 08:00 to 22:00.

The scales must be placed in a private room/space where athletes can undress and check their weight in confidentiality. Athletes may use the test scales freely and without restriction during the day to monitor their weight and make any necessary adjustments.

Any malfunction or issue with the test scales must be reported immediately to the IJF Sport Commission.

### 6.2.2 Unofficial Weigh-in

The unofficial weigh-in occurs at the same location as the official weigh-in, allowing athletes to check their weight on the official weigh-in scales. It opens 40 minutes before and closes 10 minutes prior to the official weigh-in. There is no limit to the number of times an athlete may check their weight during this period.

### 6.2.3 Official Weigh-in

The weigh-in can take place in one (1) location, either in the competition venue or in an official hotel allocated by the LOC for participating delegations.

The official weigh-in must be held in separate rooms for men and women, with sufficient calibrated electronic scales (maximum 4 digits, e.g., 000.0, 200 kg capacity) displaying only one decimal place (e.g., 51.9 kg, 154.6 kg). If the scales display more than one decimal place, the extra digits must be covered with tape.

If more than one (1) scale is used, the corresponding weight category to be controlled must be clearly indicated next to each scale. A level, solid floor is preferred; if the room has carpet, the scales should be placed on a large, level piece of solid wood.

For IJF events, the official weigh-in is scheduled one day before the competition at 16:00 local time. Any changes to this schedule (e.g., Olympic Games opening ceremony) must be approved by the IJF Sport Commission. The official weigh-in lasts between 30 and 60 minutes; the exact times will be published in the event outlines.

Passing the official weigh-in is the responsibility of the athlete. Only the weight recorded on the official scale for the athlete's weight category will be considered. Full details of the weigh-in procedures are provided in the event outlines.

### 6.2.4 Official Weigh-in Procedure

The LOC must provide a minimum of two (2) national referees/officials per official scale:

- One (1) to verify the athlete's passport and weight.
- One (1) to record the exact weight on the official weigh-in list.
- An additional official or volunteer should manage the flow of athletes.

To ensure athlete privacy, officials supervising the weigh-in must be of the same gender as the athletes.

The IJF IT team will provide one copy of the weigh-in list per weight category for the LOC and one copy for each member of the IJF Sport Commission conducting the weigh-in before the official weigh-in begins.

Photography or filming is strictly prohibited in the weigh-in area.

Access to weigh-in rooms is restricted by gender: only male coaches, officials, athletes, and referees may enter the men's room, and only female personnel may enter the women's room. All coaches and team delegates must leave the weigh-in room before the unofficial weigh-in begins and may only return after the official weigh-in concludes.

The weigh-in area should maintain a calm and quiet atmosphere. Athletes should remain quiet throughout the process unless asked a question by a weigh-in official.

To ensure a smooth process, athletes should line up in their underclothing with all documents ready before the official weigh-in starts.

Athletes must present:

- Their IJF accreditation card issued for the competition.
- Photographic proof of identity: valid passport or national ID card showing the same nationality as the country of issue. The document presented must be the same nationality that the athlete is representing in the competition.

Travel documents resembling passports are not accepted. Athletes who have permission to take part in IJF events under rule 1.7.2 who do not have a valid passport issued by the represented country must present either a photographic identity or refugee travel document and the IJF authorisation letter.

The officials will verify all documents before inviting the athlete to step on the scales.

Athletes must weigh in wearing only underclothing:

- Men: underpants, optionally a vest top.
- Women: underpants and a bra or vest top.

All head coverings, watches, glasses, socks, jewelry, and body piercings must be removed. Athletes may remove underclothing without stepping off the scales to meet the weight limits of their category. Each athlete may stand on the scales only once during the official weigh-in period. The supervising official will record the weight in kilograms to one decimal place (e.g., 51.9 kg, 73.0 kg). The athlete will then steps off the scales.

## 6.2.5 Compliance Rules

### 6.2.5.1 Failure to Appear for the Official Weigh-in

If an athlete does not appear for the official weigh-in, this is noted beside his name on the official weigh-in list as DNS (did not show). The notation must be signed by a weigh-in official and the IJF delegate.

The athlete will be excluded from the competition.

A decision on special cases (force majeure etc.) will be taken by the IJF Sport Commission.

### 6.2.5.2 Failure to Weigh Within the Category Limits

If an athlete weighs above or below their category limits, the exact weight will be recorded and signed by a weigh-in official, an IJF Sport Commission member, and the athlete or a representative of his delegation. He will be marked as DSQ (disqualified) on the weigh-in list. The athlete will be excluded from the competition.

### 6.2.5.3 Failure to Comply with Official Directions or the IJF SOR

Any athlete who ignores instructions from a weigh-in official or an IJF delegate, or fails to comply with the IJF SOR, will be prevented from participating in the weigh-in. The infraction will be immediately reported to the IJF Sport Director.

### 6.2.5.4 After Official Weigh-in

Athletes who do not pass the official weigh-in are not allowed to compete (see Section 3.5).

## 6.3 Random Weigh-in

Random weight checks for athletes will be organised and are the responsibility of the IJF Education and Coaching Commission. Random weigh-in is carried out for individual events only, there will be no random weigh-in for IJF Mixed Team events.

For IJF World Judo Tour (WJT) events the random weigh-in will open one hour before the start of the competition each day. The time limit to arrive to the random weigh-in is 30 minutes or 6 contests before the athlete's first contest at the latest.

The athletes must bring their accreditation for identification. The weight of the athlete cannot be more than 5 % higher than the official maximum weight limit of the category (refer to table 6.3.4: Weight Categories for the Random Weigh-in with Tolerances).

### 6.3.1 Draw of the Athletes

The draw of the athletes will be done by means of software on a laptop, one (1) hour before the start of the competition. This will be done at the place of the IJF IT person running the competition. Four athletes per category (except those that are plus categories) will be drawn.

### 6.3.2 Collecting the Athletes

The list of named athletes drawn for the random weigh-in will be officially posted on the official notice board placed near the warm-up area and online in the IJF notice board Telegram group.

### 6.3.3 Random Weigh-in Procedure

Four (4) volunteers (two (2) men and two (2) women) will operate the random weigh-in. Two (2) volunteers will identify the athletes and the two (2) others will proceed with the random weigh-in in two (2) separate private rooms. Test scales should be available for the duration of the random weigh-in so that the athletes can test their weight before they choose to go to the official weigh-in.

### 6.3.4 After Random Weigh-in Procedure

Anyone not passing the random weigh-in will not be allowed to take part in the competition (refer to Section 3.5). They will be marked as DNS or DSQ on the random weigh-in list.

Although the individual and mixed team events are separate competitions, their weigh-in rules are linked to benefit the athletes.

Athletes who take part in cadets mixed teams are given a 0.2 kg weight tolerance in accordance with Section 6.1

The following rules apply to athletes who are inscribed for both the individual and the mixed team competitions

The mixed team competition includes both minus weight categories and plus weight categories. A +5% tolerance applies only to the minus weight categories. No tolerance applies to the plus weight categories because they do not have an upper weight limit (see table: **Weight Categories for Mixed Team Competitions with +5% Tolerance**).

Athletes who compete in both the individual and mixed team competitions must be within the weight limit of their mixed team category (without the +5% tolerance) at least once during the two competitions. The +5% weight tolerance cannot be used by an athlete wishing to compete in a lower Mixed Team weight category than their individual competition weight category. In such cases, the athlete must meet the exact weight limit of the Mixed Team category, without any tolerance.

### **6.4.2.1 Athlete Does Not Pass the Individual Competition Weigh-in**

The athlete must be within the weight limits of the mixed team weight category in which they are inscribed (see table: Weight Categories for Mixed Team Competitions).

### **6.4.2.2 Athlete Passes the Weigh-in for the Individual Event and their Individual Event is not Scheduled on the Last Day of the Individual Competition**

Athletes must pass an official weigh-in.

If the athlete, in the individual competition, was within the weight limits of the mixed team weight category for which they are inscribed (see table: Weight Categories for Mixed Team Competitions) they will be given a +5% tolerance (see table: Weight Categories for Mixed Team Competitions with +5% Tolerance).

If the athlete, in the individual competition, was NOT within the weight limits of the mixed team weight category for which they are inscribed, they MUST weigh within the limits of this category (see table: Weight Categories for Mixed Team Competitions). No +5% tolerance will be given.

### **6.4.2.3 Athlete Passes the Weigh-in and Competes on the Last Day of the Individual Competition**

If the athlete, in the individual competition, was within the weight limits of the mixed team weight category for which they are inscribed (see table: Weight Categories for Mixed Team Competitions) they do NOT need to weigh in.

If the athlete, in the individual competition, was NOT within the weight limits of the mixed team weight category for which they are inscribed, they MUST weigh within the limits of this category (see table: Weight Categories for Mixed Team Competitions). No +5% tolerance will be given.

If an athlete competing in the final block of the last day of the individual competition is required to undergo the official mixed team weigh-in, the IJF Sport Commission will organise the weigh-in one (1) hour before the start of the mixed team competition.

**The weigh-in rules will be published in the event outlines.**

### 6.4.3 Olympic Games Mixed Team Weigh-in

Athletes who qualify for the Olympic Games in the individual categories are entitled to compete in specific mixed team weight categories (see table: **Weight Categories for the Olympic Games Mixed Team Competitions with +5% Tolerance**).

An athlete, who was inscribed for both the Olympic Games individual and mixed team competitions but for any reason was unable to take part in the individual competition, must be within the weight limits of the mixed team weight category (see table: **Weight Categories for Mixed Team Competitions with NO +5% Tolerance**). **No 5% tolerance will be given.**

Athletes not competing on the last day of the Olympic Games individual competition who are inscribed in the Olympic Games mixed team weight categories who passed the weigh-in for the preceding individual competition must undergo an official weigh-in and will be given a +5% tolerance (see table: **Weight Categories for Mixed Team Competitions with +5% Tolerance**).

Athletes competing on the last day of the Olympic Games individual competition who are inscribed in the Olympic Games mixed team weight categories who passed the weigh-in for the preceding individual competition do not need to weigh-in.

Athletes who compete in both the individual and team competitions must be within the weight limit of their team category (without the +5% tolerance) at least once during the two competitions. The +5% weight tolerance cannot be used by an athlete wishing to compete in a lower Team weight category than their individual competition weight category. In such cases, the athlete must meet the exact weight limit of the Team category, without any tolerance.

#### **6.5.2.1 Athlete Does Not Pass the Individual Competition Weigh-in**

The athlete must be within the weight limits of the team weight category in which they are inscribed (see table: Weight Categories for Team Competitions).

#### **6.5.2.2 Athlete Passes the Weigh-in for the Individual Event and their Individual Event is not Scheduled on the Last Day of the Individual Competition**

Athletes must pass an official weigh-in.

If the athlete, in the individual competition, was within the weight limits of the team weight category for which they are inscribed (see table: Weight Categories for Team Competitions) they will be given a +5% tolerance (see table: Weight Categories for Team Competitions with +5% Tolerance).

If the athlete, in the individual competition, was NOT within the weight limits of the team weight category for which they are inscribed, they MUST weigh within the limits of this category (see table: Weight Categories for Team Competitions). No +5% tolerance will be given.

#### **6.5.2.3 Athlete Passes the Weigh-in and Competes on the Last Day of the Individual Competition**

If an athlete competing in the final block of the last day of the individual competition is required to undergo the official team weigh-in, the IJF Sport Commission will organise the weigh-in one (1) hour before the start of the team competition.

**The weigh-in rules will be published in the event outlines.**

# EDUCATION AND COACHING

Education and Coaching is the responsibility of the IJF Education and Coaching Commission.

## 7.1 Coaches' Code of Conduct

Coaches must respect the Code of Ethics, statutes and regulations of the International Judo Federation (IJF). In the case of an infringement proven, penalties may range from a simple verbal warning to exclusion of competition. The IJF Ad Hoc Commission may consider sending a report to the IJF General Secretariat calling for the opening of a disciplinary session.

Coaches must make sure that their athletes follow the instructions of the organisers, the schedules and different protocols.

Coach positions are provided for each tatami and the coach must remain seated on the chair throughout the contest. The coach who enters the field of play with the athlete is the only coach allowed to sit in the coach's chair, he cannot be replaced by another coach during the contest.

During the contest the coach can only give instructions from this position. Coaching is authorised only during the pause after *Mate!* and before *Hajime!* It is strictly limited to communication with his athlete, for tactical advice, encouragements, and instructions.

If a coach gives indications during the contest, he receives a first warning. In case of repetition, he will be excluded from the competition area for the rest of the day. Any attitude contrary to the spirit of judo will be penalised.

If a coach is sanctioned by a referee, the Referee Director will inform immediately the Director of Education for a sanction to be applied.

If an accredited coach communicates from the tribunes, his accreditation will be withdrawn, and he will be excluded from the sport hall.

The coach during the contest must not be in possession of a communication device. If this is the case, it will be excluded immediately from the competition area.

Coaches are responsible for their delegation and must educate their athletes. If a delegation does not follow the rules ALL coaches from that delegation will have their accreditation removed for that day and if found coaching from the tribune will be subject to a disciplinary sanction.

## 7.2 Coaches' Dress Code

Coaches must respect the following dress code:

- Draw: formal suit (jacket, trousers, shirt, and tie for men; jacket, trousers/skirt/dress, blouse for women) and formal shoes (no sport shoes or flip-flops).
- Preliminary rounds: national tracksuit with trousers reaching down to shoes. Coaches can wear national official short sleeved or long-sleeved T-shirts and sport shoes (no flip-flops). The following are forbidden at any time: shorter trousers, undressed upper body, any kind of head caps or head covering, jeans, sweaters or similar unrelated sports clothing.
- For the final block program (TV time): formal suit (jacket, trousers, shirt, and tie for men; jacket, trousers/skirt/dress, blouse for women) and formal shoes (no sport shoes or flip-flops).

## 7.3 Contest Review Process

A coach can request to review a contest at the end of the preliminaries or final block. A form, available from the person in charge of judogi control, must be completed and returned to judogi control. Only one coach can attend and may be accompanied by a translator.

# COMPETITION VENUE

The competition venue is the responsibility of the IJF Sport Commission.

SECTION 8

## 8.1 Venue

The competition venue should be large enough to host the event and have adequate seating for spectators, VIPs, delegations, and media. For the Olympic Games the seating capacity should be a minimum of 10,000. The venue should be well lit and of a constant temperature of between 18 – 22°C. Information for event organisers can be found in the International Judo Federation (IJF) Event Organisation Guide (EOG).

To operate effectively, the venue should be separated into zones for different activities and client groups. Wherever possible, different entry/exit doors and movement flows should be also be established for different groups. If groups must cross or mix, then it may be necessary to have security to assist with managing this.

At least one large video display (LED screen) of sufficient size and resolution must be installed in the competition venue, positioned for clear visibility from all spectator areas. The display shall be integrated with the official timing and scoring system and capable of showing live action from all competition areas, official replays, and event information. Live action and replays shall also be made available on monitors in designated functional areas, including the warm-up zone and judogi control, to ensure that athletes, coaches, and officials can follow the competition flow.

## 8.2 Training Venue

The LOC shall provide training areas and transport for all delegations. The training areas should be sufficient to accommodate the number of participants; it should be adequately ventilated and a temperature of 18 - 22°C maintained. Tatami used in the training venue should be approved by the IJF Head Sport Director. The tatami must be placed on a resilient floor at ground level. If the floor is concrete, there should be Taraflex (or similar) underneath the tatami. The minimum height above the tatami must be 5 m from the lowest hanging object.

During World Championships and Olympic Games training areas should be provided that are separate from the warm-up area.

For Olympic Games and other large multi-sport games curtain or screen separation should be provided for privacy between the delegations with sufficient circulation space for coaches and support staff and benches for sitting.

Scales and medical provision must be provided. Additional facilities can include changing rooms with lockers, showers, saunas, fitness equipment and a lounge area with drinks and snacks.

Training times should be coordinated between the organising committee and the delegations.

The training venue must have the same rules as a dojo and should be always kept tidy. Delegations should not play music through speakers nor bring large items of sport equipment (e.g., stationary bikes, rowing machines etc.) into the venue.

## 8.3 Judogi Control

Check-in and judogi control are the responsibility of the IJF Education and Coaching Commission. The Commission must inform, by email, the IJF General Secretariat of any cases where there is a breaching of the rules. The full IJF Judogi Rules can be found in Appendix C.

## 8.4 Warm-Up Area

There must be space(s) in the venue for warming up in accordance with the IJF warm-up area template which includes tatami for training and areas for resting. The size and final layout of the warm-up area(s) will be agreed by the IJF Sport Commission.

The warm-up area must have the same rules as a dojo and should be always kept tidy. The main purpose of the warm-up tatami is for the athletes competing that day to warm up and there will be a strict nothing on the warm-up tatami policy.

Delegations should not guard a space for their team, play music through speakers nor bring large items of sport equipment (e.g., stationary bikes, rowing machines etc.) in to the warm-up area. The number of massage beds that a delegation can bring to the warm-up may be restricted to one depending on the space.

The IJF Sport Commission will restrict warm-up area access to those athletes that are competing that day. If there are no other training venue(s) then non-competing athletes will not be allowed to access the warm-up area until two (2) hours after the start of the competition.

Once athletes finish their competition, they should leave the main warm-up area, taking their belongings, and ensure that the used area remains clean.

Ice and water (in sealed bottles, cans or containers up to 500 ml), with a low sodium and/or chloride content (below 200 mg/l), must be provided for delegations during the entire competition. This rule applies to warm-up areas, all training areas, medical rooms and doping control rooms.

Drinks and snacks are allowed on the resting area. Main meals must take place in the delegations' lounge.

For other activities (eating, changing clothes etc.) alternative spaces will be used. It is a shared space for all athletes to use.

Media with photographic or television cameras may be given permission to film in the warm-up area. However, this is not compulsory and is subject to the capacity of the warm-up area and the feedback from the delegations. Requests to film and take photos in the warm-up area must be sent at least one week prior to the first day of competition by the media at [media@ijf.org](mailto:media@ijf.org), and must be coordinated by the LOC media department, under the supervision of the IJF media team. At any time to access to the warm-up area can be restricted or cancelled. Full access all day is not possible, time slots must be set up. Interviews in the warm-up area are not permitted.

Accredited media should always remain in the passage area, ensuring they do not disturb the athletes or disrupt the flow. They are never allowed to step onto the main mat area or the athletes' resting areas, in other words, onto any tatami. All media (unless authorised by the IJF) should leave the warm-up area 20 minutes before the start of competition, for both the preliminary rounds and the final block.

Based on the number of media accredited, a green card access system may be put in place to ensure smooth running of the event in terms of media access.

Information will be sent to all accredited media prior to the competition.

Tatami used in the warm-up area should respect the IJF tatami rules (see 8.7). The tatami needs to be placed on a resilient floor at ground level. If the floor is concrete, there should be Taraflex (or similar) underneath the mats. The minimum height above the mats must be 5 m from the lowest hanging object.

The contest order, competition schedule and live contests must be displayed in real time in both the warm-up area and the judogi control area, using monitors or screens of adequate size and visibility, so that coaches and athletes can always follow the competition. These displays shall be automatically updated from the official competition management system to ensure accuracy. The IJF “Coach Assistant” application, or an IJF-approved equivalent, shall be available in the warm-up area to allow coaches and team officials to access the contest order, athlete call times, and related competition updates.

A notice board should be placed in or near the warm-up area so that information for the delegations can be displayed.

## 8.5 Athlete Seating and Facilities

The athlete tribune, changing rooms, toilets and other facilities etc. should be as close as possible to the warm-up area.

## 8.6 Entry to and Exit from Field of Play

Religious, political, personal, commercial connotation or manifestation is prohibited for everyone on the field of play.

The venue speaker(s) announce the athletes as they enter the field of play and the result of the contest.

The athletes go onto the tatami on the side opposite that of the technical table. If the athletes walk from the left the first athlete called is the one in the blue judogi followed by white. If it is from the right the first athlete called is the one in the white judogi followed by blue.

In individual competitions an athlete can be accompanied onto the field of play with one coach and one doctor who must follow the dress code (for team competitions refer to Section 2).

Athletes must enter and leave the field of play wearing their judogi in the proper way. It is not allowed to remove any part of the judogi or the belt or to add items of clothing or accessories (caps, sunglasses etc.) until the athlete has left both the field of play and the mixed zone.

The wearing of athlete prescription glasses in the field of play will be permitted but they must be removed before entering the tatami for their contest.

If an athlete does not arrive at the athlete entry to the tatami on time for their contest the 30 second rule will be applied (see Appendix D, Article 19).

Athletes arriving during the 30 second countdown will not be allowed to have their coach accompany them.

If an athlete refuses to leave the tatami at the end of the contest, in serious cases both the athlete and the coach may be subject to a suspension of up to one year.

If any athlete is not able to continue in the competition the IJF Sport Commission must be informed immediately. The IJF Medical Commission delegate will verify the withdrawal if it is due to a medical reason.

### 8.7 Field of Play and Competition Area

A minimum of three entrances to the field of play are needed to run the competition and if there are less than this, it must be approved by the IJF Sport Commission. The contest areas are numbered from left to right from the side where the technical table is located.

To not disturb the running of the competition, delegates should not enter the technical table unless invited by IJF personnel.

Each competition tatami is divided into two (2) zones: the contest area and the safety area. Each area is a different colour with sufficient contrast to avoid misleading edge situations. The IJF Sport Commission must agree the number of contest areas required. The contest area for IJF events shall be a minimum of 8 m x 8 m and a maximum of 10 m x 10 m. The safety area shall be a minimum of 3 m. Where two (2) or more adjoining contest areas are used, a common safe zone may be used to satisfy the minimum distance of 4 m between them. A free zone of 50 cm minimum must be maintained around the entire competition area.

Any requests to change the size of the contest and safety area must be approved by the IJF Head Sport Director.

All tatami for IJF events must be IJF approved (the list of official suppliers is available at <https://www.ijf.org/supplier-list>). Each tatami should measure 1 m x 2 m x 5 cm and be made of pressed foam. They must be firm under foot, have the property of absorbing shock during ukemi, and not be slippery or too rough. The tatami must be placed on a resilient floor at ground level.

The elements making up the floor surface must be aligned without space in between; the surface must be smooth and fixed in such a way that the individual mats cannot be displaced. A mechanism (eg. wooden frame) should be used around the entire FOP tatami to prevent movement during use, ensuring stability and safety. If the floor is concrete, there should be Taraflex (or similar) underneath the mats. The minimum height above the tatami must be 12 m from the lowest hanging object.

The official tatami colours, for IJF World Judo Tour (WJT) events, are yellow (123C) and red (1795C). Any other colours proposed by the LOC must be approved by the IJF before use. If a tatami needs to be changed, reserve tatami should be available close to the field of play.

For Masters, World Championships Seniors and Olympic Games, the contest area shall be 10 m x 10 m with a minimum common safety area of 4 m and a minimum exterior safety area of 4 m. This size is also recommended for Continental Championships.

Any decoration on the tatami, such as the host city name, year or event logos, can only be placed on the safety area, never on the contest area. This decoration should not be slippery.

A certified Video Replay System is mandatory for all IJF-sanctioned competitions. The system must be the official IJF Video Replay System or an alternative expressly approved by the IJF. It shall be available for all competition areas, operated by trained personnel, and integrated with the official timing and scoring system. The purpose of the system is to ensure fairness, accuracy, and athlete safety by enabling the review of critical moments from multiple angles and speeds. The system's output must be provided to the venue's main video display(s) and to the host broadcaster for inclusion in television and streaming coverage, and shall be displayed in selected cases such as official reviews, confirmed scores, or educational sequences as determined by the IJF Referee Commission.

The LOC must give the IJF all audio-embedded TV feeds for the **Computer Assisted Replay (CARE)** system, live streaming and TV archives. Refer to the EOG for further information.

For each competition area there must be two (2) scoreboards that indicate the scores horizontally, placed outside the competition area where they can be easily seen by the athletes, referees, commission members, officials, and spectators.

Manual scoreboards, manual timers, bell or similar audio device and flags (yellow and green) must be available as backup.

When using several competition areas at the same time - the use of different audible signals is required. The time signal must be loud enough to be heard over the noise of the spectators.

The LOC must have a set of reserve radios in case there are any issues with the IJF ones.

For certain events e.g., Olympic Games the tatami may be placed on a solid platform. The platform must be made of wood or a similar material. It must be one metre wider and longer than the tatami dimensions. The height will depend on the sightlines in the sport hall. When using a platform, the exterior tatami safety area must be a minimum of 4 m. If the tatami needs to have microphones installed between them then this should be done by contractors.

## 8.8 Medical

All medical matters are the responsibility of the IJF Medical Commission. Refer to the IJF Medical Handbook in Appendix E.

## 8.9 Media

All media matters are the responsibility of the IJF Media Director. It is expressly forbidden for all media including photographers to live stream at any time during the draw, competition or any other official IJF activity, unless specifically authorised, following proper request, by email to [media@ijf.org](mailto:media@ijf.org).

They are not allowed to film, or photograph injured or bleeding athletes anywhere in the venue. Mobile devices must not be used for any function while mat side. No bags, laptops, tripods or selfie sticks are allowed mat side neither in the warm-up area nor on the field of play. The use of monopods is subject to approval based on the configuration of the venue. This will be coordinated between the IJF and LOC.

International and local media tribunes are not permitted to be located within the FOP area. They must be located to a designated area within the venue that accommodates their physical requirements.

A clear path to access to the mixed zone area is required. The print media do not have access to FOP and/or official table. Only properly accredited media (photo and video) have access to the FOP.

We also remind all media representatives that an appropriate outfit (no hat, no shorts, appropriate footwear (closed toes, flat shoes), no clothes with political and/or religious messages) is required in the warm-up area and on the field of play.

Any member of the media who does not follow the above risks losing their accreditation and access to the competition.

### 8.10 Awarding Ceremonies

In IJF events the awarding ceremony area should be set up on the same side of the field of play as the athlete entry.

Each athlete who has won a medal must be present at the ceremony to receive their medal personally. The athlete should go to the awarding area immediately after their medal contest. Any athlete who is absent from the awards ceremony without a good reason may forfeit the medal and prize money.

Athletes must attend the medal ceremony barefoot, without any hat, cap or any similar head covering and wearing their IJF approved white judogi that conforms to the IJF judogi rules with special attention being paid to the advertising rule. If it is not clean, then they must wear a reserve judogi.

It is strictly prohibited for athletes on the podium to have a mobile phone (or similar device), national flags or similar items other than those on their judogi. Any demonstration with religious, political, personal, or commercial connotation is also prohibited.

For each event the amount of prize money can be found in the outlines. For the prize money to be paid, each medallist must bring a copy of their passport and their personal tax number to the awarding ceremony. Prize money will be given to the athletes who are then responsible to give 20% to their coach.

Athletes must also be available for interview or for the Golden Score show after the last awarding ceremony if requested by the IJF Media Team. If they do not attend disciplinary action may be taken.

The flags should be hung from left to right - silver, gold, bronze A, bronze B. For a double hansoku-make in the final the flags should be hung silver A flag, silver B flag, no gold flag, bronze A flag, bronze B flag.

## 8.11 Delay, Postponement or Cancellation of a Competition

In the event of a delay (a competition has not started at its scheduled start time or is interrupted after the scheduled start) the competition will be restarted if it can be completed within the scheduled session or an extended session.

If there is a postponement (the competition which was underway cannot be completed within the scheduled session timings or in an extended session) or a cancellation (the competition cannot be rescheduled prior to the end of the event) the IJF Ad Hoc Commission will decide the best course of action.

# REGULATIONS FOR VETERANS

The IJF Veterans Commission is responsible for all IJF veteran activities ([veterans@ijf.org](mailto:veterans@ijf.org)).

## A1.1 Organisation

The Veteran Championships should be a sport festival, a sport competition and a social event. The aim of the event is to add value to judo as a forever lifestyle, judo for all and to create a platform according to which judo practitioners live following the principles and morals taught by Jigoro Kano. The expected outcome is to bring and keep the International Judo Veterans Family together to unite them, to share experiences and to keep the spirit of judo alive.

All rules are based on the International Judo Federation (IJF) Sport and Organisation Rules (SOR), but there must be some tolerance towards those paying their own costs in order that they can still follow and support the sport of judo.

The championships will take place, as far as possible, in a resort or a city that is a tourist venue, as the IJF want to merge the judo event with a family and social event.

As the event is very popular, the local organising committee (LOC) should use a venue that can accommodate a minimum of four tatami. The LOC must provide a set of radios for the referees and IJF Veterans Commission.

## A1.2 Competition Rules for Veterans

The IJF competition rules will apply except for modifications made to age divisions (Section A1.4), category combining (Section A1.7), contest and golden score duration (Section A1.6) and round robin golden score (Section A1.14). A registered athlete can use their athlete accreditation to coach. An additional coach accreditation is not required. Any athletes that chooses also to coach their colleagues and then don't follow Section 7.1 Coaches' Code of Conduct risk being removed from the competition (i.e., no longer allowed to compete if applicable).

## A1.3 Eligibility to Participate

To compete, athletes must have a medical certificate issued by an authorised body of the country they represent. It must be valid for the day(s) of participation in the competition, not older than one (1) year and can be easily read if hand-written.

Certificates must be issued in or translated to one of IJF's official languages (English, French, Spanish).

The medical certificate must be uploaded to **my.ijf.org** by the athlete's national judo federation.

For information about the medical certificate contact **medical@ijf.org**

The minimum age for participation in the World Veterans is to be 30 years or over in the year of the event. This defines the age at which athletes first become eligible to compete. Once an athlete has become eligible, they will be allocated into their appropriate age division e.g., M1/F1 will consist of athletes who have their 30<sup>th</sup>, 31<sup>st</sup>, 32<sup>nd</sup>, 33<sup>rd</sup> or 34<sup>th</sup> birthday and the M2/F2 will consist of athletes who have their 35<sup>th</sup>, 36<sup>th</sup>, 37<sup>th</sup>, 38<sup>th</sup> or 39<sup>th</sup> birthday at any date during the year of the World Championships.

Inscription must be done in **Judobase** by the national federation by the event deadline which will be published in the event outlines.

IJF nationality rules (IJF SOR, Section 1.7) must be respected, and athletes must be of the same nationality as the national federation for which they have been entered for the competition. The evidence of nationality shall be the production of a valid passport issued by the represented country.

Individual athletes and national clubs must contact the national federation to be inscribed. Inscriptions on the spot can only be done with the written permission of the national federation.

There is no limit to the number of athletes from the same country that can be inscribed in a category.

## A1.7 Category Combining for Veterans

To facilitate the best possible application of the category combining policy it will be used when a category has a small number of entries, and all the female categories will be held on the same day.

A technical official from the IJF will delegate responsibility to a suitable individual, representing the host organisation, who will be responsible for operating the category combining policy. This policy applies to all weight categories within all age divisions.

Category combining may only be applied to categories where there are less than three entrants. If category combining cannot be achieved safely and according to the guidelines, then a pool of two (2) elimination system may be considered. The best of three contests between the two (2) athletes, if the result is 2-0 then the third contest will not be fought.

- Combining within the same age division - athletes should remain within their age division if possible.
- Combining using weight categories – athletes should only be combined with other athletes who are no more than one weight category lighter or one weight category heavier. Special consideration should be given to the actual weight differences when dealing with the lightest and the heaviest female and male categories (as a guideline a maximum of 10 kg actual difference when combining the lightest weight category and a maximum of 20 kg actual difference when combining the heaviest weight category should be considered as a limit unless there are other compensatory factors such as experience etc.). Weight should be the primary consideration when moving athletes about within their own age division or combining them with other age divisions in accordance with the guidelines below.

### Age divisions:

- Athletes in age divisions M7 or F7 and above (M8/F8 and M9/F9) may only be combined with other athletes who are no more than one age division higher or more than one age division lower i.e., athletes in M7/F7 may only be combined with athletes from M6/F6 or M8/F8.

## A1.8 Draw for Veterans

The draw for the individual weight categories will take place at 19.00 hours on the day before the competition. Information on the exact location of the individual weight category draws will be displayed on the event official notice board.

A complete list of athletes who have successfully fulfilled the weight requirements will be displayed outside the room where the official draw will take place a minimum of 15 minutes prior to the draw starting.

Team officials from each country (or individual athletes) must check this list to ensure that all their athletes are on the list in the correct age division and weight category. The IJF Veterans Commission take no responsibility for someone who is not included in the draw because they were missing from the list, and no one from the delegation checked.

## A1.9 Seeding for Veterans

- 6 and more entries: double repechage
- 3, 4, 5 entries: round robin
- 2 entries: best of 2 contests, if 1-1 the third contest will decide.

In case the number of participants in a category is not sufficient, (age and/or weight) categories will be combine according to IJF SOR. All the contests in any one age division will be held on the same day.

The IJF do not have team events for veterans. If other organisations choose to hold team events the rules should be clearly defined in the event outlines.

| Ranking points for kata pairs            |                  |                   |                           |                     |
|------------------------------------------|------------------|-------------------|---------------------------|---------------------|
| Placing                                  | Continental Open | Kata World Series | Continental Championships | World Championships |
| 1 <sup>st</sup> place                    | 350              | 700               | 1000                      | 1500                |
| 2 <sup>nd</sup> place                    | 250              | 500               | 750                       | 1000                |
| 3 <sup>rd</sup> place                    | 150              | 300               | 500                       | 600                 |
| 4 <sup>th</sup> to 6 <sup>th</sup> place | 75               | 150               | 300                       | 300                 |
| Participation                            | 25               | 50                | 100                       | 100                 |

The lists are updated following ranking events where athletes can earn points. The ranking point system takes into consideration the five (5) best results annually (same partner and same role, except for U18 where same partner can be different role).

Annually or the following year, for the same event, regardless the number of weeks (e.g. World Championships 2023 held on 28-29 October 2023 and World Championships 2024 held on 9-10 November 2024 - a span of 54 weeks), points either reduce or expire.

The dividing line for reduction or expiration is as follow:

100% period

- Events taken place in the actual year.
- Last World Kata Championships (e.g. 2025).

50% period

- Events taken place in the previous year (e.g. KWS Louvain 2025 if there is a KWS Louvain 2026).
- Previous World Kata Championships (e.g. 2024).
- If an event is not reconducted, points are divided by 50% at the date the event was conducted on the previous year.

If two (2) or more pairs have an equal number of total kata ranking list points, the higher ranking will be decided by:

- The highest sum of the current points from all World Kata Championships.
- The highest sum of the current points from all Continental Championships.
- The highest sum of the current points from all Kata World Series.
- The highest sum of the current points from all Continental events.

## B1.6 Competition Formula

Kata will be divided into two (2) groups for kata with 17 pairs or less: the top three (3) pairs with the maximum points from each group (that is six (6) pairs for each kata) will compete in the finals.

Kata will be divided into three (3) groups for kata with 18 pairs or more: the top three (3) pairs with the maximum points from each group (that is nine (9) pairs for each kata) will compete in the finals.

If the number of pairs is less than ten (10), there will be only one (1) group: the top six (6) pairs from the group will compete in the final. A pair who had a forgotten technique or major mistake in the preliminaries will not participate in the final.

Three (3) or four (4) mats will be used for the preliminary rounds and the finals.

## B1.7 Judges and the System of Judging

At the World kata championships, the contests will be judged by IJF qualified kata judges. The number of judges per national federation is limited to:

- Participating countries may enter four (4) judges.
- Non-participating countries may enter three (3) judges.

At the Kata World Series events, the contests will be judged by either IJF or Continental qualified kata judges. There is no limit to the number of judges per national federation at Kata World Series events.

A judge cannot be an athlete.

The IJF “2025 Criteria for Kata Evaluation” will be used to judge the kata with reference also to the official Kodokan kata textbooks.

Judges must attend the technical meeting the afternoon before the first day of competition to confirm participation as judge in these championships. Time and place are stated in the event outlines.

For each performance, the five judges will award points on the official IJF electronic scoring system.

Three scores will be added up to obtain the score of a technique (the maximum score and the minimum score will be cancelled for each technique). The final score of the whole kata will be the sum of the scores for each technique.

The evaluation of every technique of kata must consider the principle and the opportunity of execution: the evaluation (including the opening and closing ceremony) must be comprehensive. In the nage-no-kata, right and left techniques will be evaluated comprehensively (only one score).

## Definition of mistakes:

- Forgotten technique/major mistake - will score zero and in addition the total final score of the kata pair will be halved. If more than one technique is forgotten the score for that technique will also be zero but the total final score for the pair will not be halved again.
- Big mistake - when the execution of the principle is incorrect (5 points are deducted, and the maximum number of crosses is 1).
- Medium mistake - when one or more elements of the principle are not applied in the correct way (3 points are deducted and the maximum number of crosses is 1).
- Small mistake - imperfection in the application of the technique (1 point is deducted and the maximum number of crosses is 2).

The total score for each technique can be increased or decreased by 0.5 point adding in the column of the "correction value" a "+" or a "-".

The five (5) judges will be positioned on the shomen side and they will sit at approximately 1.25 m apart, the central judge will be seated at the center of the competition area. The rule of neutrality will be applied so the judge must be of a different nationality than the competing pair. The position of the five judges will be the same throughout the competition. If a judge is temporarily replaced, he will take place in the same original position when he returns to the competition. The judges must take up their position before the arrival of the pair in the competition area.

The pair enters and leaves the mat at the opposite side of shomen: the beginning and end of kata (opening and closing ceremony) is at an 8 m or 10 m distance apart depending on the dimension of the tatami (bow to the tatami). Any behaviour of tori or uke inside the competition area that is contrary to the spirit of kata will result in disqualification.

The pair who has the better score will win.

In case of equal score between pairs, the following criteria will be applied as a tie breaker:

- Total number of big mistakes of all five (5) judges will be considered - the pair who made the fewer big mistakes wins.
- If still equal, total number of medium mistakes of all five (5) judges will be considered - the pair who made the fewer medium mistakes wins.
- If still equal, total number of small mistakes of all five (5) judges will be considered – the pair who made the fewer small mistakes wins.

If two pairs, both placing 3<sup>rd</sup> in the eliminations (or 6<sup>th</sup> place in case of only one (1) group) are still equal after all the above-mentioned criteria, both pairs will qualify for the final. If two pairs placing 1<sup>st</sup>, 2<sup>nd</sup> or 3<sup>rd</sup> during the final are still equal after the above-mentioned criteria, the kata will be repeated so that the medals can be assigned.

Any material or product that might give an advantage is prohibited.

## B1.8 Competition Area

The competition area dimension is 10 m x 10 m for world championships or 8 m x 8 m for other events and shall be covered by tatami. Two strips of visible white adhesive tape, approximately 5 cm wide and 50 cm long, shall be fixed 3 m apart from the centre, to indicate the starting position of tori and uke. The centre of the competition area shall be indicated with a strip of adhesive tape of the same colour. The safety area between and around the mat must be a minimum of 2 m. The IJF Kata Commission Chair or his representative can modify the competition area dimension.

## B1.9 Awarding Ceremony

For each kata, the pair with the maximum points in the final will be awarded the gold medal, the pair with the second most points will be awarded the silver medal; and the third pair, the bronze medal.

Medals will be awarded following a performance by a pair according to standings regardless the number of pairs.

At the World Kata Championships, all finalists, including 4<sup>th</sup> to 9<sup>th</sup> place will receive a certificate.

## B1.10 Coaches

Coaches will be admitted, but coaching is not allowed. The coach's chair will be at the center on the opposite side of shomen.

## B1.11 Medical Situation

Minor injury and illness:

- In case of a minor injury like bloody wound, broken nails or a problem with contact lenses etc., and according to the decision of the judges, the kata performance will be stopped, and the athlete will be assisted by a doctor out of the competition area if needed. The competition will continue, and the pair will repeat entirely the kata after the last pair has performed.
- In case another minor injury happens to the same athlete during the second performance of the kata or after a forgotten technique or a major mistake, the pair will be given a score of 0 for the technique where the injury occurred as well as for the following techniques including the closing ceremony. A ranking will be assigned to them in the pool or in the final. If ranking them allows them to participate in the final, and they are not physically able to compete, the next pair in the ranking from the pool will participate in the final.

Major injury or illness:

- When tori or uke is unable to continue to perform the kata because of an injury, illness or accident during the execution of the kata, the pair will be given a score of 0 for the technique where the injury occurred as well as for the following techniques including the closing ceremony. A ranking will be assigned to them in the pool or in the final. If ranking them allows them to participate in the final, and they are not physically able to compete, the next pair in the ranking from the pool will participate in the final.

## B1.12 Judogi Control

Participants must wear a white judogi, a black belt and a backnumber in accordance with the IJF Judogi rules (refer to Appendix C). A red and white belt must be worn by tori for itsutsu-no-kata and koshiki-no-kata.

A brown belt without an IJF label is authorised for the U21 age group. A green, blue or brown belt without an IJF label is authorised for the U18 age group. A red and white belt without an IJF label is authorised for koshiki-no-kata and itsutsu-no-kata.

# IJF JUDOGI RULES

Judogi control during IJF events is the responsibility of the IJF Education and Coaching Commission.

## C1.1 IJF Approved Judogi

Athletes participating in International Judo Federation (IJF) official events should comply with the IJF Judogi regulations.

National federations of the competing athletes are responsible for ensuring that the athletes are wearing approved IJF judogi that comply with the IJF judogi rules. In the spirit of fair play if an athlete does not have his judogi due to it being lost or stolen, on production of an airline (or train) lost baggage claim or a police report, reserve judogi will be given and the coach permitted to sit in the chair.

The list of IJF approved judogi suppliers is available here: [www.ijf.org/supplier-list](http://www.ijf.org/supplier-list)

The judogi consists of a jacket and a pair of trousers and must be worn with a belt. The brand of both the jacket and trousers must be the same. Reversible judogi (white one side and blue on the other) are not allowed. The jacket must be worn with the left side crossed over the right. The belt can be of a different brand that is approved by the IJF. An athlete is not allowed to compete wearing a red and white belt. If the athlete wears a belt of a colour other than black, it must be made of a flexible material and is exempt from having the official IJF label.

Female athletes shall and male athletes may wear a short-sleeved white T-shirt, with a round neck (see C1.11 T-shirt).

Any manufacturers design on the inside of the jacket or trousers should not be visible at any time during the contest. If it is a deliberate act, the athlete will be disqualified.

### C1.1.1 Location of the Judogi and Backnumber Pre-Control

The judogi and backnumber pre-control can take place either in the competition venue or in an official hotel allocated by organisers for participating delegations.

Organisers should provide for the judogi and backnumber pre-control a room, with sufficient space, ten (10) tables, ten (10) chairs and volunteers. Large waste baskets should be provided.

### C1.1.2 Judogi and Backnumber Pre-Control

The IJF will arrange a judogi and backnumber pre-control starting two days before the first competition day, until the day before the last competition day. The exact time shall be mentioned in the outlines of the event.

#### C1.1.2.1 Judogi Pre-Control

The judogi pre-control will be operated upon request of the athletes who wish to do so.

For this purpose, the athletes should wear their judogi with the belt tightened.

#### C1.1.2.2 Backnumber Pre-Control

For the backnumber pre-control, athletes must bring both judogi (white and blue), for a control regarding any worn-out areas particularly on the collar and lapel, the colour, the IJF official label (obligatory), judogi brand (obligatory), national emblem, advertising, backnumber stitching, and any visible stains. Only if the judogi are compliant with the IJF rules, sponsor labels will be given and a special stamp will be placed on the jacket. This stamp can be checked using a special light.

Athletes must show up for the backnumber pre-control. If they fail to do so, without a valid reason, the athlete will not be allowed to have a coach in the chair.

### C1.1.3 Consequences of Failing Judogi Control

On each competition day the official judogi control will take place for each contest.

During the preliminaries, for the first contest, athletes and their coaches must arrive together at judogi control 15 minutes before the contest. For the following contests, athletes and their coaches must arrive together at least three (3) contests before their own (not counting the contest in progress).

During the final block, for the first contest, athletes and their coaches must arrive together 10 minutes before the contest. For the following contests, athletes and their coaches must arrive together at least two (2) contests before their own (not counting the contest in progress).

If the coach arrives late, he will not be allowed to accompany his athlete. However, if the coach is not present for a valid reason (such as coaching another athlete at the same time) they will be allowed to join the athlete later. Athletes must arrive at judogi control wearing their judogi exactly as it should be to enter the tatami. Footwear is permitted at this point.

The markings of the logo, emblem and advertising etc. must be made with a material that does not prevent good judo practice. It is not permitted to cover up/ patch any part of the judogi or belt with tape, stickers, or other material such as a sewn patch except under particular circumstances agreed by the IJF Executive Committee.

Following the contest order that shall be displayed in the judogi control area, the Education and Coaching Commission is responsible for calling the athletes to the judogi control area. The LOC directly must provide a public announcement system for this purpose. Athletes and their judogi shall be checked prior to each contest ensuring that they are in accordance with the IJF judogi rules. If the judogi does not comply with the current judogi rules the athlete will wear a reserve judogi and cannot have a coach in the chair for that contest. The coach who accompanied the athlete to the judogi control area is not permitted to enter the judogi control area or to the area before the athletes' entry.

The IJF Ad Hoc Commission will decide on the consequences for an athlete who deliberately avoids passing through judogi control and goes to the tatami.

### C1.1.4 Judogi Control Verification Positions

Each athlete is obliged to have his judogi controlled before each contest. A specific zone is provided for this purpose.

Before any control, officials must ask the athletes if they are ready to be checked. If the athlete refuses to apply the rules, he will be excluded from the competition.

#### Control position 1

Athletes must be in a standing position with their arms straight down by the side of their body with open hands as close to the body as possible.

**Control position 2 (see picture 10)**

The athletes to be checked need to be in a standing position. The arms must be straight put in front at chest height, palms open, fingers pointed upwards. Thumbs and forefingers of both hands should be in contact with each other to form a triangle.

If the athlete fails the judogi control he will be given a second and last chance.

**C1.1.5 Judogi Control Procedure**

10. The length of the sleeves must completely cover the wrist bone (head of the ulna - picture 10).

11. The length of the trousers (the malleolus must be visible and accessible to check the length of the trousers - picture 13).

12. The size of the belt (picture 12) will be checked.

13. All protections (knee pads, elbow pads, shin guards, etc.) will be checked. The protections cannot be composed of or have the slightest metallic or rigid element. Judogi control is done with the protection worn by the athlete. Protections cannot be put on after the control.

14. Athletes can wear, from waist (below belt level) to knee length, underwear, or shorts. It is forbidden to wear tights. Protective pads for the arms or legs level must be of soft material and not be visible.

## C1.8 Backnumber

Backnumbers must be ordered from the official IJF backnumber suppliers:

[www.ijf.org/supplier-list](http://www.ijf.org/supplier-list)

Backnumbers may be ordered in two different sizes:

- Exclusively for the following weight categories (women's -40 kg, -44 kg, -48 kg, -52 kg, -57 kg, men's -50 kg, -55 kg, -60 kg): **35 cm x 34 cm** may be used.
- For all weight categories: **39 cm x 38 cm** may be used.

The backnumbers must be clean and free from any stains or sticky residue (picture 8).

Each athlete is obliged to have sewn on the back of his judogi an official IJF backnumber bearing their last (family) name and the NOC abbreviation (see picture 8).

If the country does not have a NOC then the three letter country code recognised by the IJF must be used.

The last (family) name (and any part of the athletes given (first) name) on the backnumber must have the same letters as that registered in **Judobase** as this database provides the accreditation cards, athlete name on TV graphics and scoreboard etc. The backnumber can have a symbol on a letter, but the letters must be the same - for example:

In **Judobase** Muller = backnumber Muller or Müller (letters match).

In **Judobase** Weiss = backnumber Weiss but NOT Weiß (letters do not match).

Senior individual Olympic champions are entitled to wear a gold backnumber and senior individual world champions a red one. Current Olympic and world champions mixed teams must wear gold/red nation codes on their backnumbers for the day of the mixed teams championships. This backnumber is provided by the IJF, world champions will receive four, and Olympic champions will receive eight. This is valid only while the athlete/nation is the current holder of the title and must be changed to the blue backnumber if the title is lost. One month is allowed for the athlete/nation to return to the blue backnumber for competitions.

The backnumber should be stitched around the entire perimeter and the lower and upper edges should be crossed to form an X or four (4) straight equidistant parallel horizontal lines within the perimeter.

NOTE: The stitches are marked in red (see picture 8) for a better understanding of how the sewing should be done.

The LOC will provide delegations with a sewing service. They have the right to charge for this service. The place, time and rate (if applicable) will be communicated to delegations on the event's official notice boards. In case of non-respect of the place and persons providing this service to the delegations, the LOC, in agreement with the IJF, may refuse this service to those who were disrespectful.

For Olympic Games and other multi-sport games the sewing pattern will be specified by the IJF Education and Coaching Commission.

The top of the backnumber must be fixed horizontally and centrally three (3) cm from the bottom of the collar. During IJF competitions the competition sponsor labels must be worn on the lower part.

# IJF REFEREEING RULES

All refereeing matters are the responsibility of the IJF Referee Commission.

## D1.1 Refereeing - Culture, History and Principles

Jujutsu is the generic term that regroups all the methods of empty hand combat that the warriors of the Japanese Middle Ages practiced.

The fierce fights between the various schools of jujutsu contributed to the notoriety of their masters and pupils; it was in general duels between the schools that opposed the best practitioner of each among them.

Jigoro Kano at the end of the 19<sup>th</sup> century developed a school of jujutsu, that he called “JUDO”, different from the other “Ryu” by its target. Like the other schools, Judo cultivated the maximal efficiency, but the goal was not the same.

“The improvement of man and society “

Judo is a method of physical, intellectual and moral education, by the practice of a martial art.

Judo is the only martial art derived from jujutsu where the grip of the opponent is obligatory; this is what gave its technical wealth, finesse and intelligence. The confrontation in jujutsu didn't allow real fighting since the goal was to kill without being killed oneself.

Jigoro Kano created a discipline where the confrontations allowed techniques to be applied completely, without ever injuring the opponent.

Ippon was granted only if the fall of the opponent was controlled until they hit the ground, or they submitted.

Apart from the elbow joint where one must leave the possibility for their adversary to quit, all techniques are executed in the sense of articulation and never in hyper extension.

The control of the fall direction, the impact and the speed of execution are the definition of the perfect success of the throwing technique.

Judo is not a struggle where one accumulates advantages or points, whether standing up or on the ground, judo is a duel with a code. The only goal is ippon; all other values can be counted only if there is a will to score ippon.

The evolution of contests and refereeing through the years.

Of the challenges inter-schools of jujutsu without mercy, one passed, a little more than 100 years later, to be a member discipline of the International Olympic Committee.

The competition is today extremely well regulated and fully corresponds to the “Olympic Charter” humanist, educational and social. Judo remains nevertheless a martial art where a 100% duel must be the rule. It is the perfect technique that is rewarded with an ippon that puts an end to the contest. Ippon corresponds to “out of contest” as at the time of the warriors of the Middle Ages.

The refereeing must consider the philosophical aspect of the duel between the two athletes and reward them by the correct value or the correct sanction.

The rewards are:

- Ippon, waza-ari and yuko.

The sanctions are:

- A warning or disqualification, according to the severity, for those who put in danger their own health or that of their opponents, those who refuse to contest, those who stop the contest from taking place fairly, who comes out of the contest area. All actions contrary to the spirit of judo must also be punished.

Within the framework of competitions organised by the IJF, or under its responsibility, a judoka may be immediately sanctioned by the referees for any action “contrary to the spirit of judo” as specified in the IJF Code of Ethics.

Actions “contrary to the spirit of judo”, on the competition area, without this list being exhaustive are:

- Attacking or attempting to attack voluntarily the physical integrity of one's opponent or oneself.
- Practising prohibited or dangerous techniques or carrying rigid objects during fights contests.
- Refusing to carry out the instructions of the referee or the organisers, e.g., refusing to leave the mat at the end of the contest.
- Insulting, by word or gesture, his opponent, the referee, the coach, the organisers, the public or any other person present in the venue.
- Promote in any way whatsoever commercial brands that do not comply with IJF rules, or political, religious, or other ideas.
- Take any action that has no connection with the competition and whose purpose is possibly to be seen on social networks.
- Modify the technical characteristics of the judogi, as defined in the IJF regulations (reference: SOR - Appendix C - Judogi rules).

The one who wins is the one who executed “THE” best technique or for “Hansoku-make” of the opponent (technical penalties or due to action against spirit of Judo).

Culturally and in complement, judo doesn't reduce itself to its Olympic expression, judo remains a martial art, judo is more than a sport, all the techniques of the Kodokan Classification are part of the judo heritage and must always be taught.

It is the same for the “kappo”, techniques of resuscitations and joint mobilisations practiced about forty years ago by the judo teachers and the referees which are these days forbidden in some countries. Their practice is not allowed but their knowledge is part of the judo heritage and should under no circumstances be forgotten. Their practice isn't allowed for referees in IJF World Judo Tour competitions.

The referees are the guards of the physical, cultural and philosophical expression of judo.

**Judo must be understood to be appreciated!**

## Article 1 Referees and Officials

Please refer to Section 1.8 for referee nationality rules.

The ages limits for continental referee examinations are 25-45 years old in the year of the examination.

The ages limits for IJF international referee examination are 30-50 years old in the year of the examination.

To referee at an International Judo Federation (IJF) World Judo Tour (WJT) event, and other events as agreed by the IJF Executive Committee, a referee must hold an IJF international licence and be active in their nation and continent.

All referees participating in the IJF WJT must be a maximum of 55 years old during that Olympic cycle (i.e., for the Olympic cycle 2025-2028 referees should be born in 1973 or later). Exceptions for top referees have to be approved by the IJF Executive Committee.

Starting 01 January 2026, all candidates for IJF Continental and IJF International examinations must hold a valid IJF Academy Certificate equivalent to Level 1/UCJI.

Starting 01 January 2026, referee who are listed on the ranking list of their respective Continental Unions will have a period of three (3) years in the period of 2026-2028, to obtain the IJF Academy Certificate. Not obtaining the IJF Academy Certificate will have as consequence that they cannot take part as referees in the official events listed in Continental Unions calendars and IJF Calendar.

The IJF Head Referee Director(s) will select the referees for the IJF events and other events. The selection is based on:

- The IJF referee ranking list.
- The level of the event.
- The period in which the event takes place (e.g., during or out of Olympic qualification).
- The development stage of the referee.

Generally, the contest shall be conducted by one referee of a different nationality to the two competing athletes. For team competitions the same principle applies.

In advance of the competition, before the weight category per mat distribution, the selected referees are allocated to a tatami. The assignment of the referees to each contest is done using the IJF competition software. The selection is done to guarantee nation neutrality and gives approximately the same number of assignments to be a referee on the tatami. After following these conditions, the selection done is completely random.

The best referees from the preliminaries, on that day, are selected for the final block. At the end of the competition each referee is given an evaluation (score). This score is then added to the IJF referee ranking list.

No one shall exercise the function of a referee during the events organised by the IJF or Continental Union or during multisport games where the IJF is responsible for selecting the referees if he holds the position of national federation President, coach, doctor, official of the national team, Referee Director and/or is responsible for the selection of the referees and of their evaluation.

Exception: national federation Referee Director(s) can referee at cadets and juniors Continental Cups and competitions excluding Continental Championships.

The referees shall be assisted by technical officials who will operate the timing and scoring system and complete the competition paperwork. The local organising committee (LOC) should provide two (2) experienced technical officials per tatami for timing and scoring.

At each IJF WJT event there are IJF Referee Supervisor(s) whose function is to ensure that all decisions made by the referee are correct.

The referee on the tatami has a radio communication system that is connected to the IJF Referee Supervisor(s) on the technical table.

The Head Referee Director(s) and/or the IJF Referee Supervisor(s) who can possibly intervene, are sitting at their reserved places with their own Computer Assisted Replay System (CARE) system. They are connected to the referee via headphones. The procedure is detailed in Article 13.5.

## Article 2 Position and Function of the Referee

The referee should wear the IJF approved uniform without any head coverings, religious objects, or garish jewellery.

Before officiating a contest, the referee:

- Should familiarise himself with the sound of the gong or means of indicating the end of the contest on their tatami, with the position of the medical table and the location of judogi control.
- Must check that his radio and headset are working.
- Has to ensure that the surface of the competition area is clean and in good condition and there are no gaps between the tatami.
- Should ensure that there are no spectators, supporters, or photographers in a position to cause a nuisance or a risk of injury to the athletes.
- Should ensure that all is in good order (e.g., competition area, equipment, uniforms, hygiene, technical officials etc.) before starting the contest.
- Ensure copies of forms (Coach Suspension Form and Article 18 Direct Hansoku-make Form) are available.

Officiating a contest, the referee:

- Shall generally stay within the contest area.
- He shall conduct the contest and administer the decisions and he shall ensure that the decisions are correctly recorded.
- In exceptional cases (e.g., when both athletes are in ne-waza and facing outwards) he may observe the action from the safety area.

The athlete wearing the blue judogi is to the left of the referee and the athlete wearing the white judogi is to the right of the referee.

### Article 3 Role of Non-Officiating Referees

Referees who are not refereeing shall be seated at the technical table with a clear view of their tatami, waiting for the contest assigned to them and, in any case, ready for any eventuality that may occur during the event (e.g., he should draw the IJF Referee Supervisor's attention to a mistake recorded on the scoreboard).

Should an athlete have to change any part of the judogi outside the competition area or need to temporarily leave the competition area after the contest has started for a reason considered necessary by the central referee, giving this authorisation only in exceptional circumstances, a referee assigned to the specific tatami who is not refereeing must go with the athlete to see that no anomaly occurs. If the referee assigned to the specific tatami is not of the same gender as the athlete, an official designated by the IJF Head Referee Director(s) or IJF Referee Supervisor(s) shall accompany the athlete.

### Article 4 Gestures

The referee shall make gestures as indicated below when taking the following actions. The gestures should be maintained for three (3) to five (5) seconds while moving to ensure that the score is clearly visible to the IJF Head Referee Director(s), IJF Referee Supervisor(s) and the timekeeper(s).

**Bow** entering and leaving the tatami

**Standing** before the contest

**Inviting** the athletes onto the tatami

**Hajime! and Sore-made!**

**Ippon** (100 points marked as ippon on the scoreboard): the referee raises one arm high above the head with the palm of the hand facing forward.

**Waza-ari** (10 points on the scoreboard): the referee raises one arm sideways to shoulder height with the palm of the hand facing downwards.

The waza-ari gesture:

- Should start with the arm across the chest, then sideways to the correct finishing position.

However, care should be taken when turning to keep the athletes within view.

**Waza-ari-awasete-ippon** (two waza-ari score ippon, 100 points, marked as ippon on the scoreboard): first waza-ari, then the ippon gesture.

**Yuko** (1 point on the scoreboard): the referee raises one arm sideways with the palm of the hand facing downwards, 45 degrees from his body.

The yuko gesture:

- Should start with the arm across the chest, then sideways to the correct finishing position.

**Osaekomi!** (Hold is on!): while bending his body towards the athletes, shall point his arm, with the palm of the hand facing downwards. The referee must check that the timekeeper has started the timer before stopping the gesture and returning to a normal position to control the contest.

**Toketa!** (Hold broken!): while bending his body towards the athletes, shall raise one of his arms, with the fingers of the hand straight and forward and the thumb up, to the front and quickly wave it from right to left two or three times. He must check the timekeepers correctly stop the time.

**Mate!** (Wait!): shall raise one of his arms to shoulder height approximately parallel to the tatami and display the flattened palm of his hand (fingers up) to the timing and scoring technical officials.

### **Sono-mama! <=> Yoshi!**

**Sono-mama!** (Hold position!): shall bend forward and touch both athletes with the palms of his hands.

**Yoshi!** (Continue! or Resume!): shall firmly touch both athletes with the palms of his hands and bring pressure on them.

The referee should never touch an athlete's judogi or belt; this can happen in exceptional cases (e.g., "Yoshi!") and to safeguard the safety of the athletes (e.g., in ne-waza to free the athlete's head from the judogi which prevents the evaluation of his physical state).

**Stand up** (return to the contest start position): both arms extended towards the judoka concerned, palms upwards parallel to the tatami, the referee will move them two / three times from bottom to top with a movement of a few centimetres. The referee must ensure that the judoka sees the gesture clearly.

### **Gesture for cancelling or changing a referee's decision**

If the situation allows, the referee shall perform this procedure when both athletes can clearly see the gestures.

#### **To cancel or change ippon**

The referee shall:

- Repeat the ippon gesture with the hand that was originally used to indicate the score then lower the arm.
- Raise the other hand above his head, palm facing inwards, and wave it from right to left two or three times.
- No verbal announcement shall be made.
- If changing score, the referee shall then announce the new score and show the correct gesture.

#### **To cancel or change waza-ari or yuko**

The referee shall:

- Repeat the same gesture with the hand that was originally used to indicate the score.
- While holding this gesture with one (1) hand, he shall raise the other hand above his head, palm facing inwards, and wave it from right to left two or three times.
- No verbal announcement shall be made.
- If changing score, the referee shall then announce the new score and show the correct gesture.

#### **To cancel a penalty**

The referee shall:

- Point with one (1) finger towards the side the athlete whose penalty is being cancelled.
- While holding this gesture with one (1) hand, he shall raise the other hand above his head, palm facing inwards and wave it from right to left two or three times.
- No verbal announcement shall be made.

### To indicate an invalid action

The referee shall:

- Raise one (1) hand above his head, palm facing inwards, and wave it from right to left two or three times.
- No verbal announcement shall be made.

**Kachi:** to indicate the winner, the referee and the athletes shall return to their positions at start of the contest; the referee take one step forward, first the left then the right, indicate the winner raising one hand, palm in, above shoulder height towards the winner; then take one step back, first the right then the left, to return to the contest start position.

**To call the doctor:** shall face the medical table, wave an arm (palm upwards) from the direction of medical table towards the injured athlete.

**To award a penalty:** in tachi-waza, the referee shall stop the contest temporarily by announcing Mate!, shall return the athletes to their starting position (Article 11), and must turn 45 degrees towards the athlete to be penalised.

Shido or hansoku-make: shall point towards the athlete to be penalised with the forefinger extended from a closed fist.

**To award a penalty:** in ne-waza, see Article 17.

Should both athletes be given a penalty, the referee should make the proper gesture and point alternately at both athletes (left forefinger for athlete on his left and right forefinger for athlete on his right).

**Non-combativity:** shall rotate, with a forward motion, the forearms at chest height then point with the forefinger at the athlete to be penalised.

**False attack:** shall extend both arms forward, with hands closed and then make a downward action with both hands

Fix judogi

Fix hair

Wasting time

**Fix judogi:** to direct the athlete(s) to re-adjust the judogi, the referee shall cross left hand over right, palms facing inwards, at belt height while he is standing in the “Hajime!” position.

**Fix hair:** to direct the athlete(s) to re-adjust the hair, the referee shall put his hand, with little finger next to his hair, to show to athlete to fix his hair, while he is standing in the “Hajime!” position.

**Wasting time:** wasting the time between “Mate!” and “Hajime!” by not standing up after ne-waza action, by not returning immediately to starting position, by arranging too long the hair, by arranging too long the judogi, by tying too long the belt, or by a combination of these points. The referee one arm extended towards the judoka concerned, palm upwards parallel to the tatami at the height of his hip, while he is standing in the “Hajime!” position.

Warning

The first time warning will be given while the referee is standing in the “Hajime!” position with his arm bent and his index finger pointing upward. NO shido.

Fix judogi

Fix hair

Wasting time

Shido

Second time and after that, the referee will repeat the gesture of fixing judogi, fixing hair or wasting time, this time facing the affected judoka, then returning to the “Hajime” position will penalize the judoka with Shido, fist closed and index finger out parallel to the tatami at the height of his hip, while he is standing in the “Hajime!” position (photo 8). The referee must ensure that the judoka sees the gesture clearly.

Penalty for stepping out

Penalty for leg grabbing

Penalty for refusing kumi-kata by covering lapel

Penalty for a blocking attitude with one hand

Penalty for a blocking attitude with two hands

Penalty for not taking a grip

Further gestures in case of penalties will be executed in compliance with the action to be sanctioned (see Article 18 - Prohibited Acts and Penalties).

The following gestures can be found here:

**[www.ijf.org/news/show/refereeing-the-new-gestures](http://www.ijf.org/news/show/refereeing-the-new-gestures)**

**Yuko for landing on both buttocks and two hands / elbows, one hand / elbow, no hands / elbows.** After awarding yuko no shido penalty will be given.

**Shido for reverse seoi-nage.** The referee will turn towards the athlete to be sanctioned with a movement of about 45° and will bring both hands into clenched fists on one side of his chest and then slightly rotate his torso as the beginning of a technique.  
NOTE: Shido for reverse seoi-nage will be given only for cadet events.

**Shido for arranging hair.** The referee will turn towards the athlete to be sanctioned with a movement of about 45° and will bring his hand in a closed fist, the part of the little finger in contact with the temple (same side).

To indicate to the **athlete(s) that he may stand** at the starting position if a lengthy delay in the contest is envisaged, the referee should signal towards the starting position with an open hand, palm upwards.

## Article 5 Location (Valid Areas)

The contest shall be fought in the contest area.

All actions are valid and may continue (no mate) if either athlete has some part of their body touching the contest area and the action started inside the contest area.

Any new technique applied when both athletes are outside the contest area shall not be recognised.

### Exceptions

a) When a throw is started with only one athlete in contact with the contest area, but during the action both athletes move outside the contest area, the action may be considered for point scoring purposes if the throwing action continues uninterrupted in the proximity of the limit of the contest area and no more than two metres in the safety area.

Similarly, any immediate counter technique by the athlete who was not in contact with the contest area when the throwing action started inside, may be considered for point scoring purposes if the action continues uninterrupted in the proximity of the limit of the contest area and no more than two metres in the safety area.

b) Ne-waza action (aimed at osaekomi-waza, kansetsu-waza or shime-waza) is valid and may continue outside of the contest area if it was started from inside.

The kansetsu-waza and shime-waza initiated inside the contest area and recognised as being effective to the opponent can be maintained, even if the athletes are outside the contest area, as long there is progression.

c) Ne-waza outside the contest area: if the throwing action is finished outside the competition area in the proximity of the limit of the contest area and no more than two metres in the safety area and immediately one of the athletes applies osaekomi-waza, shime-waza or kansetsu-waza, this technique shall be valid as long there is progression. If during ne-waza, outside the contest area, uke takes over the control with osaekomi-waza, shime-waza or kansetsu-waza, in continuous succession, it shall also be valid.

d) If during ne-waza outside the contest area the athletes go out of the safety area and the referee was unable to announce *Mate!*, this situation shall be dealt with, and a decision given by the referee after consultation with the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s).

Once the contest has started, if permission is given by the referee, the athletes can leave the competition area.

Permission will be given to change a judogi or t-shirt which has become damaged or soiled or in case of an accident for which the doctor is required. This intervention will be done off the tatami, near the area itself or close to the medical facility; the athlete will be accompanied by another referee (see Article 3).

## Article 6 Duration of the Contest

1. The duration of the contests and the paperwork shall be determined according to the rules of the competition.

For all IJF competitions the time duration of the contests will be:

|                                            |                             |
|--------------------------------------------|-----------------------------|
| Senior men and women/mixed teams:          | 4 minutes real contest time |
| Junior under 21 men and women/mixed teams: | 4 minutes real contest time |
| Cadet under 18 men and women/mixed teams:  | 4 minutes real contest time |

It is recommended that these times should be used by national federations for competitions for seniors, juniors and cadets.

2. Any athlete is entitled to 10 minutes rest between contests. Depending on the layout of the venue the IJF Ad Hoc Commission may increase this rest time. The IJF Ad Hoc Commission should be composed of one (1) representative from Refereeing, one (1) from Sport and one (1) from Education and Coaching. If possible, composition of the Ad Hoc Commission should include one (1) IJF elected official.

## Article 7 Osaekomi Time

- a) Ippon: 20 seconds.
- b) Waza-ari: 10 seconds or more but less than 20 seconds (10-19 seconds).
- c) Yuko: 5 seconds or more but less than 10 seconds (5-9 seconds).

## Article 8 Technique Coinciding with the Time Signal

1. Any immediate result of a technique started at the very latest in the last second of the valid time shall be valid.
2. Although a throwing technique may be applied simultaneously with the time signal, if the referee or the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) decide that it will not be effective immediately, the referee shall announce Sore-made!, without any value for scoring purposes.
3. Any technique applied after the time signal to indicate the expiry of the time of the contest shall not be valid, even if the referee has not yet announced Sore-made!.
4. If Osaekomi! started in regular time (not in golden score) and the remaining time is insufficient to allow for the completion of the Osaekomi!, the time allotted for the contest shall be extended until either ippon (or equivalence yuko or waza-ari) is announced or the referee announces Sore-made!, or to allow until Toketa! and the referee announces Sore-Made!.

During that time the athlete who receives the Osaekomi! (uke) can counterattack by applying shime-waza or kansetsu-waza. The time will continue until the announcement of ippon (or equivalence), or Sore-made!.

## Article 9 Start of the Contest

1. The referee shall always be in position to start the contest before the arrival on the contest area of the athletes.

In individual competition the referee shall be at the tatami centre 2 m back from the line from which the athletes start and shall be facing the technical table.

In team competitions, before the start of the contests from every encounter, it shall proceed to the bowing ceremony between the two teams as follows:

- a) The referee will remain in the same place as in the individual competitions. At his indication, the two teams will come in on their allocated side, in line with the outer edge of contest area, in order according to the draw of categories, and will stand face-to-face.

Each one of the three allocated referees will referee two consecutive contests. If a contest is missing because of a lack of one/two contestants, the last referee will only referee the remaining one or none. If there is a draw the last referee will remain on the tatami for the golden score decision contest.

- b) On the order of the referee the two (2) teams will move ahead to the starting position on the mat.

- c) The referee shall order the teams turn towards the technical table, extending his arms in parallel forward, with open palms, and will announce "Rei!", to be held simultaneously by all components of both teams. The referee shall not bow.

- d) Then the referee shall order, in a gesture of arms at right angles forearms up and palms facing each other "otagai-ni" (face each other), the two teams again be face to face, announcing "Rei!" (bow), to be held the same way as in the previous section.

e) After finishing the bowing ceremony, the components of the two teams will come out through the same place which they entered, waiting, on the outer edge centred of the contest area, the athletes of each team must make the first contest. In each contest, they will perform the same procedure of bowing that in individual competition.

f) In case of equal wins after finishing the last contest of the match, the referee will order the teams to proceed as described in paragraph a) and b), in order to wait for the draw of the extra contest. Once the draw is performed the concerned athletes will remain on the tatami for the extra golden score contest while the rest of the team will leave.

g) After finishing the last contest of the match, the referee will order the teams to proceed as described in paragraph a) and b), announcing, then the winner. The bowing ceremony will be held in the reverse order of the start, bowing first to each other and, finally, to the technical table.

2. The athletes are free to bow when entering or leaving the contest area, although it is not compulsory.

When entering the tatami area, athletes should walk to the entrance of the contest area at the same time.

The athletes must NOT shake hands before the start of the contest.

3. The athletes shall then walk to the centre of the edge of the contest area (on the safety area) at their respective side according to the fighting order (the athlete in the white judogi on the right side and the athlete in the blue judogi on the left side of the referee's position) and remain standing there.

At the signal from the referee, the athletes shall move forward to their respective starting positions and bow simultaneously towards each other and take a step forward from the left foot.

Once the contest is over and the referee has awarded the result, the athletes shall simultaneously take a step back from the right foot and bow to each other.

If the athletes do not bow or do so incorrectly, the referee shall direct the athletes to do so. It is very important to perform the bow in the correct way.

4. The contest always starts with the athletes in the standing position, wearing their judogi correctly with the belt tied tightly above their hip bones, then the referee announces "Hajime!".

During the contest the athletes should always fix their judogi/hair quickly between "Mate!" and "Hajime!".

5. The accredited doctor may request that the referee stops the contest in the cases and with the consequences regulated in Article 20.

6. Objects falling onto the tatami must be collected/handed by the referee, who decides, together with the IJF Referee Commission when necessary, on the texture of the object.

7. There are Kodokan classified judo techniques allowed for all age groups. There are Kodokan classified techniques allowed in senior/junior events but which are penalised in cadet events (refer to Article 18). There are Kodokan classified judo techniques which are not allowed in IJF events (kawazu-gake, kani-basami, do-jime, ashi-garami, refer to Article 18).

## Article 10 Transition from Tachi-waza into Ne-waza (A) and from Ne-waza into Tachi-waza (B)

Transition from tachi-waza to ne-waza are considered valid if tori or uke makes a real attack or a counterattack and then they attempt osaekomi-waza, shime-waza or kansetsu-waza.

It is tachi-waza when both athletes are in a standing position and are not in any of the following ne-waza positions (see pictures below).

Gripping under the belt in the end phase of a throwing technique is allowed.

If the throwing technique is interrupted, gripping under the belt is a ne-waza action.

Gripping under the belt in the end phase of a throwing technique like with soto-makikomi continuing through ushiro-kesa-gatame or ura-gatame and similar technical actions are allowed.

Ne-waza is when both athletes have two knees on the floor (picture 10.1).

**Picture 10.1**

If there is a loss of contact between the athletes and there is no possibility of continuation, mate must be called (picture 10.2).

**Picture 10.2**

Lying on the stomach on the ground, the blue athlete is considered to be in ne-waza (picture 10.3).

**Picture 10.3**

Grip control from the standing athlete (white), we still consider the athlete (blue) on the knees to be in tachi-waza and consequently tachi-waza regulations would be applied (picture 10.4).

However, if white or blue does not attack immediately, then the referee must call Mate! The kneeling athlete (blue) cannot grab the legs to defend the throw with his arms, if this happens, shido will be given.

**Picture 10.4**

In this position (picture 10.5) if the blue athlete has two elbows and two knees on the floor, the white athlete can do a technique but ONLY to transition into ne-waza, without throwing score.

**Picture 10.5**

In these positions (pictures 10.6-10.8) the athlete on the knees (blue) cannot grab the legs with the hands/arms to defend the throw. If this happens, shido will be given.

**Picture 10.6**

Picture 10.7

Picture 10.8

A1. The athletes shall be able to change from tachi-waza to ne-waza as far as it is done by one of the cases referred to in this Article. However, if the technique used is not continuous, the referee shall announce mate and order both athletes to resume the contest from the standing position.

A2. Situations that allow the transition from tachi-waza to ne-waza

a) When one of the athletes, lands on the ground and there is no score, yuko or waza-ari is given, either athlete can, without interruption, take the offensive and continue in ne-waza.

Example: in these positions below (pictures 10.9-10.11), tori, after applying a real attack, can continue into ne-waza.

### **Pictures 10.9-10.11**

Example: in these positions below (pictures 10.12-10.14), tori, can apply a throwing technique and can continue with kansetsu-waza, shime-waza or osaekomi-waza (not shown) after a real attack or a counterattack.

### **Pictures 10.12-10.14**

b) In any other case where one athlete falls down or is about to fall down, not covered by the preceding sub-sections of this article, the other athlete may take advantage of his opponent's unbalanced position to go into ne-waza.

### **A2. Exceptions**

When one athlete pulls his opponent down into ne-waza not in accordance with the above rules and his opponent does not take advantage of this to continue into ne-waza, the referee shall announce mate and penalise with shido the athlete who has infringed Article 18. If instead, the opponent takes advantage of the action of tori, the ne-waza work may continue.

B1. The athletes shall be able to make a transition from ne-waza to tachi-waza if the situation is not dangerous for both athletes with or without grips. When they both stand up, regardless of body position they can continue.

The kata-sankaku grip (gripping with both arms the neck and one shoulder of the opponent) in ne-waza action is allowed (picture 10.15).

If the kata-sankaku grip is used for transition, starting from ne-waza going to tachi-waza, or in tachi-waza directly, and where possible “Mate!” will be immediately called (picture 10.16).

**Pictures 10.15-10.16**

## Article 11 Application of Mate

### 1. General

The referee will announce “Mate!” (Wait!) to stop the contest temporarily in the situations covered by this article. To recommence the contest, the referee shall announce “Hajime!” (Begin!).

The athletes must quickly return after mate to their starting positions in the following cases:

- The referee will give shido for stepping outside.
- The referee will give a third (3<sup>rd</sup>) shido - hansoku-make.
- The referee will ask the athletes to adjust their judogi.
- The referee will ask the athletes to adjust their hair.
- The referee is of the opinion that an athlete(s) requires medical attention.
- The referee is of the opinion that there is a risk of danger to the athletes.

The referee having announced “Mate!”, must take care to maintain the athletes within his view in case they did not hear the announcement and continue fighting or if any other incident arises.

### 2. Situations where the referee shall announce “Mate!”:

a) When both athletes go completely outside the contest area without continuous action that started from inside the contest area.

b) When one or both of the athletes perform one of the prohibited acts listed in Article 18 of these rules.

c) When one or both of the athletes are injured or taken ill. Should any of the situations of Article 20 occur, the referee, after announcing “Mate!”, shall call the doctor to perform the necessary medical attention according to said article, either upon the request of the athlete, or directly depending on the seriousness of the injury. In cases of “minor”

injury, the medical intervention will be carried out outside the contest area, near the area itself or close to the medical facility; the athlete will be accompanied by a non-officiating referee assigned to the specific tatami.

d) When it is necessary for one or both of the athletes to adjust their judogi/hair.

e) When during ne-waza there is no evident progress.

f) When one athlete in, or from ne-waza regains a standing position and lifts the opponent, who is lying on their back with one (1) or both legs around any part of the standing athlete, clear of the tatami.

g) When an athlete performs or attempts to perform kansetsu-waza or shime-waza from the standing position. The referee will announce “Mate!” and shido will be given.

h) When one of the athletes starts or perform any preparatory moves of a kind of fighting or wrestling technique (not genuine judo) the referee shall call immediately “Mate!”, trying to stop and not to let the athlete who performs, finishes the action.

i) When tori applies osaekomi-waza, shime-waza or kansetsu-waza by stretching uke’s leg in ne-waza. “Mate!” must be called immediately and a shido given.

j) When the athletes, in tachi-waza, reach the 2 m mark in the safety area.

k) When in any other case that the referee deems it necessary to do so.

3. Situations where the referee shall NOT announce “Mate!”:

a) To stop the athlete(s) going outside the contest area in the proximity of the limit of the contest area and no more than two metres unless the situation is considered dangerous.

b) When there is a throwing that started inside the contest area and both athletes continue to go outside as part of the action in the proximity of the limit of the contest area and no more than two metres.

c) When an athlete, who has escaped from osaekomi-waza, shime-waza or kansetsu-waza, appears in need of or calls for a rest.

These are valid actions (pictures 11.1-11.2) and mate should NOT be called.

Picture 11.1

**Picture 11.2**

“Mate!” should not be given as the action started in the valid area (pictures 11.3-11.4).

**Picture 11.3**

**Picture 11.4**

## Article 12 Sono-mama

1. “Sono-mama!” (Hold positions!) can only be applied in situations where athletes are working in ne-waza.
2. In any case where the referee wishes to temporarily stop the contest without causing a change in their positions, he shall announce “Sono-mama!”, making the gesture under Article 4.7 while he must ensure that there is no change in the position or grip of either athlete.
3. To recommence the contest, the referee shall announce “Yoshi!” (Continue!) making the gesture under Article 4.

## Article 13 End of the Contest

1. In regular time (4 minutes), a contest can be won by:
  - A technical score or scores (yuko, waza-ari or ippon)
  - Direct hansoku-make
  - Indirect hansoku-make
  - Fusen-gachi
  - Kiken-gachi

A penalty never corresponds to a score.

The referee shall announce "Sore-made!" (Finished!) to indicate the end of contest in the cases covered in this article.

After this announcement the referee shall always keep the athletes within his view in case, they do not hear his announcement and continue fighting. The referee shall direct the athletes to adjust their judogi, if necessary, prior to indicating the result.

After the referee has indicated the result of the contest making the gesture under Article 4, the athletes shall take one step backwards, make the bow and leave the contest area by the sides of the mat, particularly around the safety area.

When the athletes are leaving the mat, they must be wearing their judogi in the proper way and must not remove any part of the judogi or the belt before leaving the field of play.

Should the referee award the victory to the wrong athlete in error, the IJF Head Referee Director(s) and/or IJF Referee Supervisor(s) must ensure that he changes this erroneous decision before the referee leaves the competition area.

All actions and decisions taken by the referee and agreed by the IJF Head Referee Director(s) and/or IJF Referee Supervisor(s) shall be final and without appeal.

The IJF Head Referee Director(s) and/or IJF Referee Supervisor(s) are responsible for all rules and decisions during the contest. In exceptional circumstances the decision will be made by the IJF Head Referee Director(s) and the IJF Ad Hoc Commission. The IJF Ad Hoc should be composed of one (1) representative from Refereeing, one (1) from Sport and one (1) from Education and Coaching. If possible, the Ad Hoc Commission should include one (1) IJF elected official.

2. Situations of "Sore-made!":

- a) When one athlete scores ippon or waza-ari-awasete-ippon (Articles 15 and 16).
- b) In the case of hansoku-make (Article 18).
- c) In the case of kiken-gachi (Articles 19 and 20).
- d) When the time allotted for the contest has expired.
- e) Yuko, waza-ari or ippon score in golden score.

3. The referee shall award the contest as follows:

- a) When one athlete has scored ippon or equivalent, he shall be declared the winner.

b) When both athletes have no technical score, or the technical scores are equal at the end of the regular contest time, the contest shall continue in golden score regardless of the number of shido given.

c) In the case where both athletes have no score or both have yuko or waza-ari or equal scores of both yuko and waza-ari and then score ippon simultaneously during the time allotted for regular time, the contest shall be decided by a "golden score" period.

d) In the case where one athlete has waza-ari and then both score ippon simultaneously during the time allotted for regular time, the contest shall be allowed to continue until the end.

#### 4. Golden score period

In individual and team competitions when contest time ends with the circumstances of paragraph 3b. of this article, the referee shall announce "Sore-made!" to end the contest temporarily and the athletes shall return to their starting positions.

The referee shall announce "Hajime!" to restart the contest once the scoreboard is ready. There shall be no rest period between the end of the original contest and the start of golden score.

There is no time limit for golden score. Any existing score(s) and/or numbers of shido from regular time are carried into the golden score period and will remain on the score board.

Golden score can be won by a technical score (yuko, waza-ari or ippon), hansoku-make (direct or by accumulative shido) or kiken-gachi. If a direct hansoku-make is given, the consequences are the same as those in regular time.

The referee will then announce "Sore-made!".

Special situations during golden score.

a) Should only one athlete exercise his right to participate in the "golden score" period, and the other athlete declines, the athlete who wishes to compete shall be declared the winner by "kiken-gachi".

b) In the case where both athletes score ippon, waza-ari or yuko simultaneously the referee shall announce "Mate!", continuing the contest without considering these actions for scoring purposes.

c) For direct hansoku-make given to both athletes, the IJF Ad Hoc Commission will decide.

d) "Osaekomi!" starting in golden score

If "Osaekomi!" starts in golden score, after 5 seconds of osaekomi, tori will be awarded yuko, and the contest will end. The referee shall announce "Yuko! Sore-made!".

#### 5. CARE system

The IJF Head Referee Director(s) and IJF Referee Supervisor(s) are responsible for all rules and decisions during the contest.

IJF Referee Supervisor(s) with the collaboration of the IJF Head Referee Director(s) must intervene in any circumstance in which an evaluation or a procedure made by the referee is not in harmony with the IJF refereeing rules.

The intervention must be immediate without loss of time or hesitation. If the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) agree the decision is validated or corrected.

If the situation is not clear and there is no agreement between the IJF Head Referee Director(s) and IJF Referee Supervisor(s), no intervention is carried out ("Hajime!").

Viewing of the CARE system and subsequent communication with the referees as regulated in this article shall be up to the discretion of the IJF Referee Director(s) and/or the IJF Referee Supervisor(s) that oversee the mat.

Mandatory reviewing using the CARE system in support of the decision on the mat will be done. There must be evidence to support any decision changes.

1. Any decision involving the end of the contest, during the contest time as well as in the period of "golden score".

2. In a kaeshi-waza situation: the athlete receiving the attack and starting the counterattack, CANNOT use the impact of landing on the tatami to finish his kaeshi-waza action and have it evaluated. If the action allows it, he can however continue in ne-waza:

- If the two athletes land together without clear control for either one, no score will be given.
- Any action after landing will be considered as a ne-waza action.

No score for counter actions where the initial attack is rolled to the back, towards the counterattacking or defending judoka. There has to be a difference between the correctly applied counter-technique and actions falling on the mat turning/rolling over the opponent.

There shall be no unauthorised use or request of use of the CARE system other than by the referee, the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s).

A coach can apply to the IJF Head Referee Director(s)/the IJF Referee Supervisor(s) to review a technical situation of the contest in which his judoka was engaged, by filling in the appropriate form available in the judogi control room. The action and not another one can be seen by the coach plus one (1) more official (maximum two (2) persons) in the break between the preliminaries and the final block or after the final block.

For non-IJF events where there is no CARE system available, two (2) side judges can be used and a majority of three rule applied.

## Article 14 Ippon

Scoring for actions that, without stopping, are a continuation of a Kodokan classified judo techniques or variation. If there is a stop in the action, there is no score. Continuity, it is important that there is no interruption during the execution of direct throwing techniques, counter techniques, or combinations.

The four criteria for ippon are speed, force, on the back and skilfully controlled until the end of the landing.

1. Ippon will be given when the athlete throws his opponent on the back, applying a technique or countering his opponent's attacking technique, with considerable ability and with maximum efficiency (\*).

A judo technique which is present in the Kodokan judo classified techniques including recognised variations (version 01 April 2017) must be identified. Just landing and rolling over and falling on the side/back in the process of the contest, without applying a clear technique, is not enough to score.

\* "ikioi" = momentum with both force and speed and "hazumi" = skilfulness with impetus, sharpness or rhythm.

Rolling can be considered ippon only if there is no break during landing (picture 14.1). The difference of the rolling makes the evaluation of the points. It is Ippon! when uke rolls on his back.

**Picture 14.1**

2. All situations in which one of the athletes voluntarily makes a "bridge" (head and one foot or both feet in contact with the tatami) after having been thrown will be ippon (pictures 14.2-14.3).

**Pictures 14.2-14.3**

This decision is taken for the safety of the athletes, so they do not try to escape from the technique and endanger their cervical spine.

No score or penalty will be given if the landing of uke occurs on the body of tori, in such a way that not all parts of uke's body involving the bridge situation (head, foot or feet) touch the tatami.

Ippon evaluation in ne-waza

a) When an athlete holds with osaekomi-waza the other athlete, who is unable to get away for 20 seconds after the announcement of "Osaekomi!".

b) When an athlete gives up by tapping twice (2) or more with his hand or foot or says "Maitta!" (I give up!) generally because of osaekomi-waza, shime-waza or kansetsu-waza.

c) When an athlete loses consciousness due to osaekomi-waza, shime-waza or kansetsu-waza.

Should one athlete be penalised with hansoku-make, the other athlete shall immediately be declared the winner with a score equivalent to ippon.

### **Special situations**

a) Simultaneous techniques - when both athletes fall to the tatami after what appears to be simultaneous attacks and the referees cannot decide which technique dominated there should be no score awarded.

b) In the case where both athletes score simultaneous ippon, waza-ari and yuko the referee will act as regulated in article 13 paragraph 4.b.

## Article 15 Waza-ari and Yuko

### WAZA ARI

Scoring for actions that, without stopping, are a continuation of techniques. If there is a stop in the action, there is no score.

Evaluation of the points in tachi-waza. The referee shall announce waza-ari (a near ippon) when in his opinion the applied technique corresponds to the following criteria:

- Landing more than 90 degrees of the shoulder axis but not on the back.
- A score will be given for a whole side of the body landing even when the elbow is out. Only the shoulder position must be considered. Everything that is out of this range will be yuko or no score.
- When the four ippon criteria (speed, force, on the back and skilfully controlled until the end of the landing) are not fully achieved.

Picture 15.1

Waza-ari evaluation in ne-waza

When an athlete holds the other athlete with osaekomi-waza, after “Osaekomi!” for 10 seconds or more, but less than 20 seconds (10-19 seconds).

### YUKO

Yuko in tachi-waza is defined as:

- Side landing (90 degrees) or more to the front landing.
- Landing on upper back
- Landing on the side on the shoulder axis and one elbow or one hand.
- Landing on both buttocks, close to 90 degrees to the front, 90 degrees or more to the rear (yuko and no shido).
- Landing on one buttock, with or without touching with elbow-elbows and/or arm-arms the mat.
- Landing on the neck.

Yuko will NOT be awarded if the front of the stomach, the front of both hips, or both knees touch the mat before or at the same time with a side landing (90° or more toward the front).

Yuko will NOT be awarded if two elbows, two arms (stretched or not) or two hands will touch the mat simultaneously with buttock(s) or side of uke.

### Yuko evaluation in ne-waza

When an athlete holds the other athlete with osaekomi-waza, after “Osaekomi!” is announced for 5 seconds or more, but less than 10 seconds (5-9 seconds).

Yuko scores are counted (1, 2, 3, etc.) but they do not add up to waza-ari.

These landings (pictures 15.2-15.16) are given yuko for tori and no shido for uke.

a) Side landing (90 degrees) or more to the front landing: yuko

**Pictures 15.2-15.3**

b) Front part of the stomach is touching the mat: NO yuko

**Pictures 15.4-15.6**

c) Both knees to the front are touching the mat: NO yuko

**Picture 15.7**

d) Landing on upper back: yuko

**Pictures 15.8-15.9**

e) Landing on the neck: yuko

**Picture 15.10**

f) Landing on the side on the shoulder axis and one elbow: yuko

**Picture 15.11**

g) Landing on the side on the shoulder axis and one hand: yuko

**Pictures 15.12-15.13**

h) Landing on one buttock, with or without touching with elbows and/or arms the mat: yuko

**Pictures 15.14-15.16**

## Article 16 Waza-ari-awasete-ippon

Should one athlete gain a second waza-ari in the contest, the referee shall announce waza-ari-awasete-ippon (two waza-ari score ippon).

## Article 17 Osaekomi-waza

The referee shall announce “Osaekomi!” for applied Kodokan classified osaekomi-waza techniques or variants when the athlete being held:

- Is controlled from the side, rear or on top by his opponent and
- Has his full back or complete upper back (scapular region) in contact with the tatami.

The athlete applying the osaekomi-waza or variants must not have his body or his leg(s) controlled by his opponent's legs either from above or from below the leg.

In the following situations (pictures 17.1-17.2) after that the referee has announced “Osaekomi!” he shall announce “Toketa!”

### Pictures 17.1-17.2

The athlete applying the osaekomi-waza must have his body on and over the opponent's body covering it and holding the opponent down underneath his body.

He must apply pressure onto the opponent's front upper body with his front upper body in either the kesa, the shiho or ura position, i.e., similar to the techniques kesa-kami-shiho-ura-gatame and sankaku situations.

Should an athlete who is controlling his opponent with an osaekomi-waza, change without losing control, into another osaekomi-waza, the “Osaekomi!” time will continue until the announcement of ippon (or equivalence), “Toketa!” or “Mate!”.

When osaekomi-waza is being applied and TORI commits an infringement meriting a penalty (shido) the referee shall announce “Mate!”, return the athletes to their standing positions and:

- If the “Osaekomi!” time is less than 5 seconds, award the penalty then recommence the contest by announcing “Hajime!”;
- If the “Osaekomi!” time is 5 seconds or more, but less than 10 seconds, award the penalty and the score (yuko);
- If the “Osaekomi!” time is 10 seconds or more, but less than 20 seconds, award the penalty and the score (waza-ari);

then recommence the contest by announcing “Hajime!”.

When “Osaekomi!” is being applied and uke commits an infringement meriting a penalty, the referee shall award the penalty by directly pointing at the uke WITHOUT interrupting the contest with “Sono-mama!”.

When the situation permits and in order not to interrupt the positive action of tori, the referee will award directly the penalty pointing uke without interrupting the contest with “Sono-mama!”.

However, should the penalty to be awarded be hansoku-make for tori or uke, the referee shall, after announcing “Sono-mama!”, consult with the IJF Referee Director(s) and/or the IJF Referee Supervisor(s), announce “Mate!” to return the athletes to their starting positions, then award hansoku-make and end the contest by announcing “Sore-made!”.

If an “Osaekomi!” exists, but the referee has not announced “Osaekomi!”, the IJF Referee Director(s) and/or the IJF Referee Supervisor(s) must inform the referee, who shall announce “Osaekomi!” immediately.

The IJF Referee Director(s) and/or the IJF Referee Supervisor(s), having consulted the CARE system, can quantify the exact time of the “Osaekomi!” and communicate it to the Referee for the relative decision.

The referee, after the announcement “Osaekomi!” must not announce “Toketa!” in the presence of situations in which, for example, the back of the athlete being held is no longer in contact with the tatami, (e.g., “bridging”), but the athlete applying the hold maintains the initial control anyway.

If uke escapes from osaekomi-waza outside the contest area in the proximity of the limit of the contest area and no more than two metres:

- The referee must call “Mate!” if there is NO immediate continuation from either tori or uke in applying osaekomi-waza, shime-waza or kansetsu-waza and, if the case, assign the relevant osaekomi-waza score.
- The referee must call “Toketa!” if there is an immediate continuation from either tori or uke in applying osaekomi-waza, shime-waza or kansetsu-waza, and, if the case, assign the relevant osaekomi score, leaving this last action to continue.
- If the osaekomi-waza action outside the contest area goes beyond the limit of the safety area the referee must call “Ippon! Sore-Made!”

These kinds of osaekomi-waza (pictures 17.3-17.4) are not valid and the referee must call “Mate!” if there is no progression in the action.

**Pictures 17.3-17.4**

These kinds of osaekomi-waza (pictures 17.5-17.7) are not valid and the referee must call “Mate!” immediately.

**Pictures 17.5-17.7**

It is never allowed to hold an osaekomi-waza just around the head/neck without control of at least one arm. Control in ne-waza using arms around the neck, without opponent's arm inside will be considered as “Mate!” Control in ne-waza using legs around the neck, without opponent's arm inside will be considered as “Mate!” and “Shido!”.

## Article 18 Prohibited Acts and Penalties

The prohibited acts are divided into infringements that receive the penalty of:

- Shido – two (2) shido can be awarded and the third will be hansoku-make. The athlete is disqualified and CAN continue in the competition, if applicable.
- Hansoku-make - the athlete is disqualified and CAN continue in the competition, if applicable.
- Hansoku-make - the athlete is disqualified and CANNOT continue in the competition.

A contest cannot be decided by single or accumulated shido, until hansoku-make is reached.

Referees are authorised to award penalties according to the “intention” or situation and in the best interest of the sport.

Should the referee decide to penalise the athlete(s), (except in the case of “Sono-mama!” in ne-waza) he shall temporarily stop the contest by announcing “Mate!”, should return the athletes to their starting positions (Article 11) and announce the penalty while pointing to the athlete(s) who committed the prohibited act.

Athletes are NOT allowed to intentionally touch the referee in a negative way. The IJF Ad Hoc Commission will review the situation and decide the outcome.

## Article 18.1 Shido (Slight Infringements Group)

During the contest an athlete can receive a shido for a lack of combativity, an illegal move or action that is not considered dangerous, untidy attire or hair.

Two shido will be given as warnings and the third will be hansoku-make, the athlete is disqualified and can continue in the competition, if applicable.

Shido do not give a score to the other athlete, only technical scores can give points on the scoreboard.

When both athletes infringe the rules at the same time, each should be awarded a penalty according to the seriousness of the infringement.

When both athletes have been given two (2) shido and subsequently each receives a further penalty, they should both be given hansoku-make.

Shido infringements can be evaluated as hansoku-make if done in an obvious anti-sporting manner that is not fair play (e.g., if one athlete stamps on the foot of his opponent to throw him more than once, or just to block like crossing fingers to avoid the grip or uke, in an "Osaekomi!" situation, puts his hand forcefully on the face of tori to escape).

A penalty in ne-waza should be applied in the same manner as in Article 17 "Osaekomi!".

### Score and penalties

- a) If an athlete (blue) commits a slight infringement and his opponent (white) throws him for ippon, white will be given ippon and the contest ended.
- b) If an athlete (blue) commits a slight infringement and his opponent (white with one waza-ari) throws him for waza-ari, white will be given waza-ari-awasete-ippon and the contest ended.
- c) If an athlete (blue) commits a slight infringement and his opponent (white with NO waza-ari) throws him for waza-ari, white will be given waza-ari and blue will be penalised with shido.
- d) If an athlete (blue) commits a slight infringement and his opponent (white) throws him for yuko, white will be given yuko and blue will be penalised with shido.

### Continuation in ne-waza

If an athlete (blue) commits a slight infringement and throws his opponent (white) the referee will allow the ne-waza until WHITE has the advantage. The referee must announce "Mate!" to give the penalty to blue in the moment that blue takes the advantage in ne-waza.

Whenever a referee awards a penalty, he should demonstrate with a gesture the reason for the penalty.

A penalty can be awarded also after the announcement of "Sore-made!" for any prohibited act done during the time allotted for the contest or, in some exceptional situations, for serious acts done after the signal to end the contest. In this case the referee will apply the penalty in accordance with the IJF Head Referee Director(s) and/or IJF Referee Supervisor(s).

### Article 18.1.1 Shido for a Lack of Combativity

1. Negative positions, against the fighting spirit, will be penalised by shido (to adopt in a standing position, after kumikata, an excessively defensive posture, not searching for an attack, a defensive attitude etc.).

2. To make an action designed to give the impression of an attack but which clearly shows that there was no intent to throw the opponent (false attack). False attacks are defined as:

- Tori has no intention of throwing.
- Tori attacks without kumikata or immediately releases the kumikata.
- Tori makes a single fake attack or several repeated fake attacks with no breaking of uke's balance.
- Tori puts a leg in between uke's legs to block the possibility of an attack.
- Tori has no realistic possibility to throw.

3. Unless in accordance with Article 10, to pull the opponent down to start ne-waza and the latter does not take advantage of this to continue into ne-waza, the referee shall announce "Mate!" and penalise with shido the athlete who has infringed Article 10.

4. In a standing position, after the referee announced "Hajime!" and after kumikata has been established, not to make any attacking moves. The time between conventional kumikata and making an attack is 45 seconds if there is a positive progression. The referees should penalise strictly the athlete who does not engage in conventional kumikata or who tries not to be gripped by the opponent.

5. Without there being an attack engaged in a valid position (see Article 5 - Exceptions):

- In tachi-waza to intentionally go outside the contest area;

NOTE: in tachi-waza, the athletes are considered to be inside as long as white or blue has a minimum of one foot inside the contest area.

- In ne-waza to go intentionally outside the contest area.

NOTE: in ne-waza, the athletes are considered to be inside as long as white or blue has a part of the body inside the contest area. Exception: osaekomi-waza, shime-waza and kansetsu-waza where the action starts inside the contest area, from blue or white.

**5a. Attacks in tachi-waza and attack in ne-waza will be considered. WHAT DOES THIS MEAN?**

### Article 18.1.2 Shido for an Illegal Move

6. To put a hand, arm, foot, or leg directly on the opponent's face. The face means the area within the line bordered by the forehead, the front of the ears and the jawline.

7. To intentionally avoid taking kumikata to prevent action in the contest. Normal kumikata is taking hold the right side of the opponent's judogi, be it the sleeve, collar, chest area, top of the shoulder or back with the left hand and with the right hand the left side of the opponent's judogi be it the sleeve, collar, chest area, top of the shoulder, or back and always above the belt or vice versa.

To offer more chances to throw and more attractive judo, non-classical grips are allowed. Collar and lapel, one side, cross grip, belt grip, pocket and pistol grips are allowed when the attitude of the athlete is positive, when they are looking to perform positive attacks and throws. If taken, time will be allowed for the preparation of an attack. The same grip (or a collar and lapel grip) used to force the opponent with either one or both arms, to take a bending position, used in a defensive, negative, or blocking attitude, will be penalised by shido. See pictures 18.1-18.14.

15. a) Breaking the grips with one or two hands but keeping minimum one grip is allowed.

b) Breaking grips with one hand and NOT keeping a grip is allowed.

c) Breaking the grip with two hands but NOT keeping a grip is shido.

d) For example, if the athlete in the blue judogi has one grip and the athlete in the white judogi decides to break with two hands, white should keep at least one grip in their hand. So, if blue has one grip, after breaking with two hands, white shall keep at least one grip. If after breaking the grip, white does not have any grip anymore, it is shido. See pictures 18.15-18.16.

**Pictures 18.29-18.30**

19. Leg grabbing, grabbing the trousers, blocking, or pushing the opponent's leg(s) with their hands or arms. It is possible to grip the leg only when the two opponents are in a clear ne-waza position and the tachi-waza action has stopped. See pictures 18.31-18.36.

**Pictures 18.31-18.33**

**Pictures 18.34-18.36**

These are valid actions and no shido will be given (picture 18.37).

**Picture 18.37**

Tori in this tachi-shisei position can apply kansetsu-waza or shime-waza because uke is in a ne-waza position (picture 18.38).

**Picture 18.38**

20. To encircle the end of the belt or jacket around any part of the opponent's body. The act of "encircling" means that the belt or jacket must completely encircle. Using the belt or jacket as an anchor for a grip (without encircling), e.g., to trap the opponent's arm, should not be penalised.

21. To take the judogi in the mouth (either his own or his opponent's judogi).

22. To put a foot or a leg in the opponent's belt, collar or lapel.

**Picture 18.40**

Special attention will be given to situations: where tori, whilst applying a shime-waza, also over-stretches and straightens uke's leg. "Mate!" must be called immediately and a shido given.

25. Bear hug in tachi-waza if tori clasps both hands together to form a circle or if tori's hand(s) clasp the opposite arm(s) to form a circle will be penalised with shido.

Bear hug in tachi-waza is allowed if tori's hands are not clasped. Bear hug where tori catches his own sleeve with his opposite hand is allowed.

No shido will be given if tori makes bear hug with clasped hands in case tori has already a stable kumikata before or in case of transition from ne-waza to tachi-waza.

These are valid grips for bear hug (pictures 18.41-18.47).

**Picture 18.41**

**Pictures 18.42-18.47**

26. In shime-waza (ryote-jime with tori and uke face to face, hadaka-jime with tori on the back of uke or sankaku situation gripping the head with the legs just around the neck) using the legs to assist the grips around the opponent's head without any arm of the opponent is "Mate!" and "Shido!"

**Picture 18.58**

### Article 18.1.3 Untidy Attire or Hair and Wasting Time

The correct preparation of the judogi jacket, trousers, belt and hair is the responsibility of the athlete. Athletes must enter and leave the field of play wearing their judogi and hair in the proper way. If the judogi jacket, trousers, belt or hair become undone during the contest the athlete **MUST** quickly return them to the correct position. This can be between *Mate!* and *Hajime!* or during any break in action.

The following actions are not permitted:

- Untying or retying the belt or trousers without the referee's permission.
- Intentionally disarranging their own judogi (see Pictures 18.59–18.60).
- Intentionally disarranging their opponent's judogi.
- Untying the hair without the referee's permission.
- Leaving the hair undone.

Deliberate time-wasting during a contest will not be tolerated.

Time-wasting includes, but is not limited to:

- Failing to stand up promptly after a completed action when the athlete is on the ground.
- Failing to return immediately to the starting position.
- Taking excessive time to arrange or retie their hair.
- Taking excessive time to arrange the judogi jacket or to arrange or retie the belt or trousers.
- Any other action deemed by the referee to be time-wasting.
- Any combination of the above actions.

The first occurrence of any action listed in this article will not result in a penalty.

32. The referee will indicate to the athlete that any subsequent occurrence of any action listed in this article, whether the same or a different action, will result in a shido.

**Pictures 18.59-18.60**

### Article 18.1.4 Penalties (Shido) in Cadet Competitions

33. In cadet events athletes are not allowed to use the head to throw as TORI, they will be awarded shido.

34. In cadet events athletes are not allowed to use the head to defend as UKE. In this situation, tori will be awarded a score, if any, and uke will be penalised with shido. See pictures 18.61-18.67.

**Pictures 18.61-18.67**

35. In cadet events there will be no score for reverse seoi-nage and TORI will be penalised with shido. The application of seoi-nage techniques when uke can perform ukemi and tori can control is allowed. In the variation of seoi-nage techniques when tori turns away from uke, twisting their tsurite and hikite using the same lapel of uke's judogi, without controlling uke, standing or dropping down in an unknown direction, without giving the possibility to the opponent to perform ukemi and sometimes with uke falling with the neck on the mat, is forbidden.

NOTE: Cadet athletes participating in senior or junior events must follow the relevant event age group rules (see Article 20).

## Article 18.2 Hansoku-make (Grave Infringements Group)

Hansoku-make can be indirect from an accumulation of shido penalties (see Article 18.1) or direct which is an immediate disqualification. In either case, the opponent wins the contest by ippon.

If a direct hansoku-make is given, depending on the infringement, an athlete may or may not be allowed to continue in the competition, if applicable.

Before awarding hansoku-make, the referee must consult with the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s).

When there is a hansoku-make given the referee must follow the IJF procedure by completing the Direct Hansoku-make form to inform the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) who will then inform the person running the competition.

### Article 18.2.1 Hansoku-make for Dangerous Techniques

If this type of hansoku-make is awarded the athlete CAN continue in the competition. Techniques using head diving are dangerous and will be penalised with hansoku-make.

1. To “dive”, onto the tatami by bending forward and downward while performing or attempting to perform techniques such as uchi-mata, harai-goshi, seoi-nage, tai-otoshi, kata-guruma, tsuru-goshi etc. it is forbidden to somersault forward when uke is on the shoulders or the back of tori. Tori can continue in the competition (see also Article 18.1.4 point 34).

### Article 18.2.2 Hansoku-make for Acts against the Spirit of Judo

If this type of hansoku-make is awarded the athlete CANNOT continue in the competition and will remain in the position they reached on the draw sheet (if this in the quarterfinal the position is 7<sup>th</sup> place). In a round robin any remaining contest(s) will be a win by ippon for the opponent.

1. To apply kawazu-gake (to throw the opponent by entangling one leg around the opponent's leg, while facing more or less in the same direction as the opponent and falling backwards into him).

Even if the thrower twists/turns during the throwing action, this should still be considered “kawazu-gake” and be penalised. Techniques such as o-soto-gari, o-uchi-gari, and uchi-mata where the foot/leg is entwined with opponent's leg will be permitted and should be scored. See pictures 18.68-18.69.

**Pictures 18.68-18.69**

2. To apply kani-basami.
3. To apply do-jime.
4. To apply kansetsu-waza to any joint other than the elbow joint (e.g., ashi-garami).
5. a) Applying kansetsu-waza or shime-waza in tachi-waza without a judo throwing technique or with a judo throwing technique with a higher risk of injury, where uke has no possibility to escape, performed with one or two hands on one arm will be penalised with hansoku-make. See also Article 18.1.2 - Shido for an Illegal Move point 29.  
b) To apply kansetsu-waza on the shoulder as a variation of te-gatame. Kansetsu-waza is ONLY allowed on the elbow (see D1, paragraph 8).
6. Uke, when behind tori, cannot reap tori's standing leg or legs from the inside.
7. a) To make any action this may endanger or injure the opponent especially the opponent's neck or spinal vertebrae.  
b) Applying kata-sankaku grip in tachi-waza with a throwing action, with or without "Mate!", with a higher risk of injury of opponent's neck or spinal vertebrae, will be considered hansoku-make. See also Article 18.1.2 point 31.  
c) Kata-sankaku grip in ne-waza with blocking the opponent's body with both legs is hansoku-make (picture 18.70).

**Picture 18.70**

- d) Applying ushiro-sankaku grip in ne-waza action, with or without "Mate!", with a with a higher risk of injury of opponent's neck or spinal vertebrae, will be considered hansoku-make.

Examples

**Pictures 18.71-18.74**

b) Ushiro-sankaku > Kansetsu-waza: ALLOWED

### **Pictures 18.75-18.77**

c) Ushiro-sankaku with pressure on the neck or spinal vertebrae: NOT allowed - HANSOKU-MAKE (see Article 17 on how to give the penalty).

### **Pictures 18.78-18.80**

9. To lift the opponent off the tatami and forcefully push him back onto the tatami without judo technique.
10. To disregard the referee's instructions.
11. To make unnecessary calls, remarks, or gestures derogatory to the opponent or referee during the contest.
12. To wear or to have inside the judogi a hard or metallic object (covered or not).
13. Any action against the spirit of judo (this includes anything that can be described as anti-judo, for example being in the lead and, in the last seconds of the match, leaving the competition area to prevent the opponent from taking grips) may be punished by a direct hansoku-make at any time in the contest.

### Article 18.3 Double Hansoku-make

If both athletes are given a hansoku-make at the same time the following rules must be applied.

#### Article 18.3.1 Double hansoku-make (Indirect)

In regular time or golden score if both athletes receive three shido, both athletes will be considered losers, the contest result will be recorded as 0-0, with the following consequences:

- Final – both athletes will be awarded 2<sup>nd</sup> place.
- Bronze medal contest – both athletes will be awarded 5<sup>th</sup> place.
- Semi-final – both athletes will be awarded 5<sup>th</sup> place.
- Quarter-final or last 8 repechage – both athletes will be awarded 7<sup>th</sup> place.
- Rounds prior to the quarter-final – both athletes considered to be losers and will remain in the position they reached on the draw sheet. They can compete in the team event if it follows an individual competition i.e., World Championships, Olympic Games etc.
- Relevant ranking points will be assigned in the case of previous wins.

In a round robin, if both athletes are given three shido, they are considered losers for that contest only and the contest result is recorded as 0-0. They can both compete in the next contest if applicable.

In a team event, if both athletes are given three shido, they are considered losers for that match only and the contest result is recorded as 0-0. They can both compete in the next round if applicable.

In a team event golden score contest, if both athletes are given three shido, they are considered losers for that match only and the contest result is recorded as 0-0. The double disqualification category remains in the draw and golden score contest is drawn again.

#### Article 18.3.2 Double hansoku-make (Direct)

For a direct hansoku-make given to both athletes (in regular time or golden score), the IJF Ad Hoc Commission will decide the consequences.

For a direct hansoku-make given to both athletes in a team event golden score contest refer to Section 2.7.1.

## Article 19 Default and Withdrawal

If an athlete does not comply with any of the relevant rules including hygiene (see E1.3 Hygiene), hair or head-covering (C1.1.5 Judogi Control Procedure) regulations:

- Before the contest starts: the opponent wins by fusen-gachi.
- After the contest starts: the opponent wins by kiken-gachi.

### Article 19.1 Default

An athlete wins by fusen-gachi (win by default) when the opponent does not appear for the contest according to the 30-second rule.

If one athlete is ready on time and the opponent is missing

#### The 30-second rule

- One athlete is ready on time and the opponent is missing.
- An IJF Sport Director (or nominated person) will ask the speaker to announce, the last call for the missing athlete.
- The referee will then invite the prepared athlete to wait at the edge of the competition area.
- A 30-second countdown begins on the scoreboard.
- If the opponent does not appear within 30 seconds:
  - The referee must be sure before awarding fusen-gachi that they have received the authority to do so by the IJF Sport Director or nominated person.
  - The referee will then invite the athlete to enter the competition area
  - The referee declares the present athlete the winner by fusen-gachi.
- The IJF Ad Hoc Commission can decide if an athlete who lost a contest by fusen-gachi may participate in the repechage.

The IJF Ad Hoc Commission can decide if an athlete who lost a contest by fusen-gachi may participate in the repechage.

### Article 19.2 Withdrawal

Kiken-gachi (win by withdrawal) shall be given to any athlete whose opponent withdraws from the competition for any reason, during the contest.

This may be due to injury, illness, voluntary withdrawal or inability to continue after losing a contact lens.

## Article 20 Injury, Illness or Accident

Athlete safety takes priority over the continuation of a contest. The final medical decision resting with the IJF Medical Commissioner, or a doctor delegated or nominated by them. In this article the person in the role of the doctor is defined in Appendix E.

The official delegation doctor **MUST** hold a recognised medical degree and be accredited for the event. National federations shall be responsible for the conduct and actions of their accredited doctors.

LOC doctors and delegation doctors shall be familiar with all applicable rules and interpretations.

Delegation and LOC doctors are allowed to sit in the designated area and must be identifiable as medical personnel e.g., by wearing a red cross armband or waistcoat.

### Article 20.1 Continuation of a Contest

The decision of the contest where one athlete is unable to continue because of injury, illness or accident during the contest shall be given by the referee following the clauses below:

#### a) Injury

1. Where the cause of the injury is attributed to the injured athlete, he shall lose the contest.
2. Where it is impossible to determine which of the athletes was the cause of the injury, the athlete unable to continue shall lose the contest.
3. Where the injury is caused by athletes from another contest on a nearby tatami, the injured athlete has the right to ask the referee to see the doctor. Treatment can be given if needed and the athlete can continue the contest if able.
4. Where there is an injury caused by an external object including but not limited to LED boards, advertising boards, or cameras and the injured athlete has the right to ask the referee to see the doctor. Treatment can be given if needed and the athlete can continue the contest if able.
5. Where the athlete is injured due to an action by the opponent and the injured athlete cannot continue, the referee, the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) shall review the incident and decide the outcome based on the rules.
6. The athlete may ask the referee to call for the doctor, but in this case the contest is terminated, and his opponent shall win by kiken-gachi.
7. The doctor may also ask to attend to his athlete, but in this case the contest is terminated, and the opponent will win by kiken-gachi.

Each case shall be decided on its own merit.

**b) Illness**

Where one athlete becomes ill during a contest and is unable to continue, he shall lose the contest by **kiken-gachi**.

Vomiting by an athlete shall be considered an inability to continue and shall result in the opponent winning by **kiken-gachi**.

**c) Force Majeure**

Where an accident occurs, which is due to an outside influence (force majeure), circumstances beyond the control of the participants or organisers, the contest may be cancelled or postponed after consultation with the IJF Medical Commissioner, the IJF Head Referee Director(s), and/or the IJF Referee Supervisor(s). The final decision shall be made by the IJF Sport Director(s), and the IJF Head Referee Director(s).

## Article 20.2 Medical Examinations and Treatment Inside the Contest Area

The referee shall call the doctor inside the contest area, to attend to an athlete who has received a severe impact to the head or back (spinal column), or whenever the referee has reason to believe there may be a grave or serious injury. In either case, the doctor will examine the athlete in the shortest time possible and indicate to the referee whether the athlete can continue or not.

Generally, only one (1) doctor for each athlete is allowed to enter the competition area. Any assistant(s) shall require permission from the referee. The coach is never allowed on the competition area of the tatami.

The referee should remain near to the injured athlete to ensure that the assistance provided by the doctor is within the rules.

The referee may consult with the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) and the IJF Medical Commissioner in case they need to comment on any decision.

If the doctor, after examining an injured athlete, advises the referees that the athlete cannot continue the contest the referee, after consultation with the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) and the IJF Medical Commissioner, shall end the contest and declare the opponent to be the winner by **kiken-gachi**.

If an injured athlete needs prolonged medical treatment on the tatami, the referee will declare the non-injured opponent as the winner who will then leave the competition area.

The referee must stay on the tatami observing treatment or emergency procedures until the injured athlete is transported safely from the competition area. If necessary, the medical team should screen the injured athlete off from the view of the public.

The referee should be the last person to leave the tatami.

If the treatment of the injured athlete is extended onto the safety area of a neighbouring competition area, the IJF Sport Director will stop any contests on affected tatami until it is safe to continue.

## Article 20.3 Medical Examination and Treatment Outside the Contest Area

Medical assistance that takes place outside the competition area should be provided as quickly as possible.

### Article 20.3.1 Treatment of Bleeding

The athlete is not allowed to compete while bleeding.

Whenever a bleeding injury occurs, the referee shall call the doctor to assist in stopping and isolate the bleeding, outside the contest area, in the presence of another referee assigned to the specific tatami.

Any bleeding shall be controlled and isolated with the assistance of the doctor using appropriate medical materials, including adhesive tape, bandages or nasal tampons. The use of blood-clotting and haemostatics products is permitted. The athlete may continue competing only once the bleeding is fully controlled and isolated.

The athlete is allowed to receive medical treatment for bleeding, on two (2) occasions only. If treatment is needed for a third time, the referee shall declare the opponent the winner by *kiken-gachi*, unless the IJF AdHoc Commission, in consultation with the IJF Medical Commission, authorises an exception for further treatments. Any such exception may permit as many additional treatment occasions as are necessary.

### Article 20.3.2 Treatment of Minor Injuries

A minor injury may be treated by the athlete himself. For example, in the case of a dislocated finger or toe, the referee shall stop the contest (by calling “Mate!” or “Sono-mama!”) and allow the athlete to reset the dislocated finger or toe. This action should be done immediately, upon the request of the athlete with the assistance of the doctor, outside the tatami, and the athlete can continue the contest.

The same finger or toe is allowed to be reset on two (2) occasions. If the same dislocation occurs a third time, the athlete is declared unable to continue in the contest. The referee, after consultation with the IJF Medical Commissioner, shall end the contest and declare the opponent the winner by *kiken-gachi*.

Medical assistance for minor injuries may also be provided outside the contest area, in the presence of another referee assigned to the specific tatami.

#### Permitted treatment includes:

- Cutting or treating a broken nail, the doctor is allowed to assist in cutting the nail.
- The doctor may also help in adjusting a scrotum injury (testicles).
- For a finger or toe dislocation, for the preservation of athletes' joint health, especially of those who lack experience in self-treatment, athletes are allowed to seek medical help for finger/toe joint resetting, including resetting and taping to secure the joint.

Except for the situations above, any medical treatment administered by a doctor shall result in the athlete being declared unable to continue, and the opponent shall be declared the winner by *kiken-gachi*.

### **Emergency Medical Intervention**

Doctors should intervene at the request of the referee. However, they may intervene immediately when athlete safety is at risk, especially in cases such as head trauma or strangulation (shime-waza).

To show they want to make this exceptional request, they should stand at the edge of the competition surface showing two arms in cross in the height of the chest to inform the referee that they wish to make an emergency intervention. The referee must stop the contest and allow the doctor to enter the tatami.

The referees shall take all necessary steps to assist the doctor.

Such an intervention will necessarily mean the loss of the contest for his athlete and should therefore only be taken in extreme cases.

The delegation doctor / LOC commissioned doctor / IJF Medical Commissioner announces that the athlete cannot continue the contest because their health is in danger. The opponent will be declared winner by kiken-gachi.

If the intervention of the delegation doctor is not justified by the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) and the IJF Medical Commissioner, a final decision will be made about the continuation of the contest.

If during shime-waza an athlete gives up ("Maitta!") before losing consciousness, with or without the referee announcing "Mate!"/"Ippon!", he can continue in the competition, if applicable. In cadet events, if an athlete loses consciousness during shime-waza he CANNOT continue in the competition.

### **Article 21 Situations not Covered by the Refereeing Rules**

When a situation arises, which is not covered by these rules, it shall be dealt with and a decision given by the referees after consultation with the IJF Head Referee Director(s) and the IJF Ad Hoc Commission.

# IJF MEDICAL AND ANTI-DOPING HANDBOOK

All medical and on-site anti-doping matters (at competitions) are the responsibility of the IJF Medical Commission. Further information can be found in the Event Organisation Guide. Reference should also be made to Appendix D IJF Refereeing Rules. For assistance contact [medical@ijf.org](mailto:medical@ijf.org) or [antidoping@ijf.org](mailto:antidoping@ijf.org)

## E1.1 Medical Requirements

In case of an injury, the priority is the athlete's health. Primarily it is the delegation doctor (or delegation physiotherapist) who is responsible for the health of their athletes.

The local organising committee (LOC) directly shall provide sufficient medical service during the competition, including on site treatment and hospital treatment if needed. They should also provide qualified medical personnel and arrange sufficient medical materials and equipment.

A minimum of one ambulance must be at the competition venue at least 30 minutes before the start of a competition day. In case the ambulance must leave the venue, a minimum of one ambulance must immediately be available on site for replacement. In the absence of either an ambulance or a team of LOC commissioned doctors the competition cannot be started or continued.

### E1.1.1 Decision Making on the Field of Play

Only certified (and licensed) medical doctors can enter the field of play and go on the tatami to treat athletes. When a medical decision is needed on the field of play the LOC commissioned doctors can assist the delegation doctor. In case of a dispute between them, the delegation doctor will take the decision, however the International Judo Federation (IJF) Medical Commissioner has the final say. The same policy applies in the absence of a delegation doctor.

### E1.1.2 Decision Making off the Field of Play

When a medical decision is needed out of the field of play, the decision is up to the delegation doctor (or delegation physiotherapist). In the absence of a delegation doctor when there is a dispute between the delegation physiotherapist and the LOC commissioned doctors, the LOC commissioned doctors will take the decision on life threatening situations. However, in any cases if there is a dispute, it is the IJF Medical Commissioner who has the final say.

### E1.1.3 Rights and Responsibilities

The IJF Medical Commissioner has the responsibility to:

- Arrange for sufficient hygienic conditions.
- Arrange for sufficient health care for all participants, including staff.
- Assure that there is a LOC medical team at the field of play.

The IJF Medical Commissioner has the right to:

- Recommend stopping the competition in case of the delay of the ambulance or the team of LOC commissioned doctors is more than 15 minutes.
- Stop a contest in case of a dangerous injury.
- Make a final decision whether an injured athlete can continue the contest or not.

LOC commissioned doctors have the responsibility to:

- Be present at the field of play in sufficient number during the entire competition.
- Have sufficient equipment.

LOC commissioned doctors have the right to:

- Decide, in consultation with the IJF Medical Commissioner, whether an injured athlete can continue the contest or not in case there is no delegation doctor.

## E1.2 Medical Suspension Following Concussion

Athletes of all age groups with suspected concussion (confirmed by either the IJF Medical Commissioner, or by the event's head of medical services) are not allowed to compete within the period of seven (7) days starting the day after the date of the injury. Athletes can return to competition having a medical clearing from their team medical doctor, family doctor or any other medical doctor having the authority to issue such a clearing. The IJF Medical Commission will register athletes under medical suspension.

## E1.3 Hygiene

- The judogi shall be clean, generally dry and without unpleasant odour.
- The nails of the feet and hands shall be cut short.
- The personal hygiene of the athlete shall be of a high standard.
- Long hair shall be tied up to avoid causing any inconvenience to the other athlete. Hair shall be tied by means of a hair band made of rubber or similar material and be void of any rigid or metal components. The head may not be covered except for bandaging of a medical nature, which must adhere firmly.
- Any athlete not willing to comply with the requirements of hygiene, judogi rules or the head cover regulation shall be refused the right to compete, and the opponent shall win the contest by fusen-gachi, if the contest has not yet started, or by kiken-gachi, if the contest has already started.

## E1.4 Wearable Medical Devices

Any special medical device to be worn during the practice of judo in competition or training must be submitted in writing for the approval of the IJF and must not in any case be a potential source of injury for the athlete or the athlete's opponent. ## E1.5 Doctors' Code of Conduct

Doctors must respect the Code of Ethics, statutes and regulations of the IJF. In the case of an infringement proven, penalties may range from a simple verbal warning to exclusion of competition.

They shall:

- Sit in the doctor's chair while their athlete is competing.
- Enter the tatami when called by the referee.
- Not coach, shout, cheer, or film.

Doctors must respect the following dress code:

- Doctors shall always wear their accreditation on the field of play as well as in the warm-up area. The doctor's symbol should appear on their accreditation.
- Jeans, overalls, shorts, 3/4 length trousers, leggings, sandals, any kind of head caps or cover, flip flops, body, or facial piercings are not allowed, low-cut necklines and mini skirts are not allowed.
- Avoid manicure, jewellery that could cause harm to a patient while getting close to examine him.
- Garments that may interfere with clinical communication, and its assessment, shall be removed.
- Change immediately if uniforms or clothes become visibly soiled with blood stains or other.
- Tie long hair off the collar.

- Wear soft-soled, closed toe shoes.
- Cover tattoos where these are extensive or may be deemed offensive.
- Shall not wear neckties.

## E1.6 Doping Control Requirements

The LOC must provide and arrange for doping control following the World Anti-Doping Agency (WADA) rules (International Standard for Testing and Investigation - ISTI) for both urine and blood testing respecting the minimum level of analysis as given in the Technical Document for Sport Specific Analysis (TDSSA).

The Doping Control Station (DCS) has only one function providing space for doping tests. No other function or unauthorised traffic (no weight control, no use as medical/emergency room, no use as dressing room) is allowed. It must be guarded, locked and clearly separated from the competition area. The location of the DCS shall be marked with clear signs from various directions. No filming or picture taking is allowed in the doping control area.

### E1.6.1 Event Testing

During any judo event under IJF Result Management Authority athletes can be requested to provide samples for either an in- or out-of-competition test. Doping control for in-competition tests is carried out under the supervision either of an IJF Medical Commissioner or a representative of the IJF Medical Commission.

Out-of-competition tests are the responsibility of the authorised Sample Collection Authority.

### E1.6.2 Selection Procedure for Doping Control

The selection criteria for doping control are defined for each event in the event's outlines. Unless it was prearranged by the IJF or contracted partner, the IJF Medical Commissioner together with an IJF Official and a representative of the responsible Sample Collection Authority will carry out the draw; all participants must sign the draw protocol.

Any further tests are at the discretion of IJF or an authorised Testing Authority.

### E1.6.3 Athlete Notification

Athletes are notified according to ISTI 5.4. For in-competition tests athletes are notified after their last contest on a day.

#### E1.6.3.1 Modification of Notification for Minor Athletes

Athletes who are minors should be notified and tested in the presence of an adult accompanying person of their choice respecting the WADA rules (ISTI, Annex C).

### E1.6.4 Laboratory

Only WADA accredited approved Laboratories can analyse the samples. The Doping Control Coordinator must inform the IJF Medical Commissioner/Antidoping Coordinator about which laboratory will be used.

In case of Adverse Analytical Finding detected, the IJF will follow the IJF Anti-Doping Rules. The IJF Medical Commissioner has the right to cancel or stop a test if it is medically justified.

# SPORT COMPETITION

All sport competition matters are the responsibility of the IJF Sport Commission.

## F1.1 IJF Event Phases

The competition normally consists of two sessions, preliminaries and the final block. The competition phases that take place in the sessions depends on the type of event. Any changes to this will be agreed and approved by the IJF Head Sport Director.

Depending on the number of participants some rounds may not be required for every category.

# GLOSSARY

## G1.1 Glossary of Japanese Terms

Approved by the Kodokan.

Japanese is one of the most difficult languages in the world for translating due its complexity, and the fact that many aspects of the language are not present in English. Differences in the written English of many words is due to the transliteration style of the Japanese language. In judo books and other published materials, we can find different versions of the same word e.g., kumi-kata and kumikata.

In each box the word/text on top is from the original Sport and Organisation Rules (SOR) glossary and below is the word/text as it is in the Kodokan dictionary (Kōdōkan, New Japanese - English Dictionary of Judo, 2000). If there is only one word/text it is the same in both reference documents.

### 2.5.5.1 Round Robin Rules for Individual Events

The following round robin rules are used to define the classification of each position: The classification of athletes shall be determined by applying the following rules in order. Each subsequent rule shall only be applied if the previous rule does not resolve the ranking.

**Rule 1.** Number of contests won: if the number of contests won are equal, then rule 2 must be followed. Athlete with more contests won is placed higher.

**Rule 2.** Sum of all points: if there are an equal number of wins, the sum of points for scores: The athlete with the highest sum of scoring points is ranked higher. The scoring values are as follows: ippon/waza-ari-awasete-ippun = 100 points, waza-ari = 10 points, yuko = 1 point, hantei = 0 point.

All scores achieved will be counted for both the winner and loser for each contest in the category. An athlete can get a maximum of 100 points per contest. Points are same regardless of if they are achieved in the regular contest time or during golden score. If the sum of all points are equal, then rule 3 must be followed:

All scores achieved by an athlete are counted, regardless of whether the athlete won or lost the contest. An athlete can receive a maximum of 100 points per contest. Points are counted in the same way whether they are achieved during regular contest time or during golden score.

**Rule 3.** Direct comparison: if two (2) athletes have an equal number of wins and sum of all points for scores, the athlete who won the contest between them is defined as better. If there is still equality rule 4 must be followed:

**Rule 4.** Direct comparison not possible: if there are an equal number of wins and no direct comparison possible because of "beating in circle": the shortest accumulated time of all winning contests will decide. If there is still equality rule 5 must be followed: Lowest accumulated number of shidos: The athlete with the lower total number of shidos received across all contests is ranked higher. A hansoku-make shall be counted as three shidos for the purpose of this calculation.

**Rule 5.** Decision contests: in case of equal time a new draw will be performed between the involved athletes. A knockout system between the involved athletes will be used, applying the World Ranking List (WRL) seeding rules. For example, in the case of three (3) athletes: one (1) contest between two (2) athletes will be held. The winner of this contest will compete against the third athlete to get a final decision: Time accumulation: The athlete with the shortest accumulated time of all winning contests is ranked higher. Only contests won by athlete are included in this calculation.

**Rule 6.** Equal placing / decision contest: Where the ranking cannot be resolved and equal placing is permitted, the athletes shall be assigned the same place.

Where equal placing is not permitted (such as the small-number system of five), decision contests shall be held among the involved athletes in a knockout system, starting in Golden Score. For the knockout system, the World Ranking List (WRL) seeding rules shall be applied if applicable. If no seeding is available, a random draw shall be held.

### 2.5.5.2 Round Robin Rules for Team Events

~~The following round robin rules to define the winners are used:~~

~~The classification of teams shall be determined by applying the following rules in order. Each subsequent rule shall only be applied if the previous rule does not resolve the ranking.~~

~~**Rule 1.** Number of matches won: if the number of matches won are equal, then rule 2 must be followed.~~ Team with more matches won is placed higher.

~~**Rule 2.** Number of contests won: if the number of contests won are equal, then rule 3 must be followed.~~ The team with more contests won is placed higher.

~~**Rule 3.** Golden score contests: three different categories will be drawn for three golden score contests (match A v B, match A v C and match B v C). Any category where both athletes are missing must not be included in the draw for that match. Any category where there is only one athlete must be included in the draw for that match. All contests must be fought to decide first, second and third place. If the number of contests won are equal, then rule 4 must be followed.~~ Sum of all points: The team with the highest sum of scoring points across all contests is ranked higher. The scoring values are as follows: ippon/waza-ari-awasete-ippon = 100 points, waza-ari = 10 points, yuko = 1 point, hantei = 0 point.

All scores achieved by the athletes of a team are counted, regardless of whether the athlete won or lost the contest. An athlete can receive a maximum of 100 points per contest. Points are counted in the same way whether they are achieved during regular contest time or during golden score.

~~**Rule 4.** Equal wins: if there are an equal number of wins, then rule 3 must be repeated until there is a winning team.~~ Direct comparison: If two teams have equal number of wins and sum of all points for scores, the team that won the match between them is defined as better.

**Rule 5.** Lowest accumulated number of shidos: The team with the lower total number of shidos received across all contests in all matches is ranked higher. A hansoku-make shall be counted as three shidos for the purpose of this calculation.

**Rule 6.** Time accumulation: The team with the shortest accumulated time of all winning contests is ranked higher. Only contests won by athletes of the team are included in this calculation.

**Rule 7.** Equal placing/decision contest: Where the ranking cannot be resolved and equal placing is permitted, the teams shall be assigned the same place.

Where equal placing is not permitted (such as the small-number system of five), decision contests shall be held in one randomly drawn category using a knockout system. Any category in which at least two teams have an athlete shall be included in the draw. For the knockout system, the Team World Ranking List seeding shall be applied if applicable. If no seeding is available, a random draw shall be held.

### 2.7.1 Regulations for Mixed Team Events

However, if four (4) athletes have successfully passed the mixed team weigh-in and before the start of the competition, one (1) athlete becomes ill or injured, leaving the team with only three (3) available athletes, the mixed team will not be allowed to compete. Nevertheless, all athletes who have successfully passed the official mixed team weigh-in will be considered "in-competition" for anti-doping purposes.

If for any reason (disqualification, insufficient number of athletes, forfeit, etc.) one (1) mixed team cannot compete in a match, the other mixed team **must submit the lineup for the match and has to must come on the tatami to the tatami** for the declaration of the winner.

The match should still be announced in the sports hall with an explanation and the mixed teams displayed on the scoreboard ~~(eg. ITA v GBR)~~ with the withdrawn one struck through **and the result of 4:0 (eg. ITA v GBR).**

The result of the match depends on the rules used:

- If the match finishes after the first mixed team wins the majority of contests, the mixed team shall receive ippon for every won contest.
- If all contests take place, the winning mixed team shall receive ippon for every contest where they have a competitor listed in the lineup.

### 2.7.2 Regulations for Female and Male Team Events

- If the match finishes after the first team wins the majority of contests, the team shall receive ippon for every won contest.
  - If all contests take place, the winning team shall receive ippon for every contest where they have a competitor listed in the lineup.

### 3.2.1 IJF Seniors World Ranking List

The new WRL system of 6 best results (started in 2025) will take into consideration all events with no extra result for Continentals or Masters. ~~The following transition rules will be applied:~~

Transition from “5+1” to “6” best results

#### **100% Period:**

~~The new 6th result will be the current result in “+1”.~~

~~It can only be replaced either~~

- ~~• By higher points from events starting in 2025.~~
- ~~• Or when there are no more eligible events in the previous “+1” section. This will occur when the Continental Championships 2024 are reduced to 50% (week 18 of 2025).~~

#### **50% Period:**

~~The new 6th result will also be the current result in “+1”.~~

~~It can only be replaced:~~

- ~~• If another event decreases from 2025 onwards with higher points.~~
- ~~• Otherwise, it follows the previous “+1” rule for extra points from Continentals or Masters until there are no more eligible events in the “+1” section. This will happen when the Continental Championships 2024 expire (week 18 of 2026).~~

#### **Additional Notes:**

- The previous “+1” points are only replaced by new event points if the “+1” points are the **lowest** compared to the other five best results. If they are not the lowest, the new points will first be counted among the five best results, pushing the lowest result out.
- Empty spots in the five best results count as **0** and are filled first.

Athletes who compete in both the individual and mixed team competitions must be within the weight limit of their mixed team category (without the +5% tolerance) at least once during the two competitions. The +5% weight tolerance cannot be used by an athlete wishing to compete in a lower Mixed Team weight category than their individual competition weight category. In such cases, the athlete must meet the exact weight limit of the Mixed Team category, without any tolerance.

### **6.4.2.1 Athlete Does Not Pass the Individual Competition Weigh-in**

The athlete must be within the weight limits of the mixed team weight category in which they are inscribed (see table: Weight Categories for Mixed Team Competitions).

### **6.4.2.2 Athlete passes the weigh-in for the individual event and their individual event is not scheduled on the last day of the individual competition**

Athletes must pass an official weigh-in.

If the athlete, in the individual competition, was within the weight limits of the mixed team weight category for which they are inscribed (see table: Weight Categories for Mixed Team Competitions) they will be given a +5% tolerance (see table: Weight Categories for Mixed Team Competitions with +5% Tolerance).

If the athlete, in the individual competition, was NOT within the weight limits of the mixed team weight category for which they are inscribed, they MUST weigh within the limits of this category (see table: Weight Categories for Mixed Team Competitions). No +5% tolerance will be given.

### **6.4.2.3 Athlete Passes the Weigh-in and Competes on the Last Day of the Individual Competition**

If the athlete, in the individual competition, was within the weight limits of the mixed team weight category for which they are inscribed (see table: Weight Categories for Mixed Team Competitions) they do NOT need to weigh in.

If the athlete, in the individual competition, was NOT within the weight limits of the mixed team weight category for which they are inscribed, they MUST weigh within the limits of this category (see table: Weight Categories for Mixed Team Competitions). No +5% tolerance will be given.

If an athlete competing in the final block of the last day of the individual competition is required to undergo the official mixed team weigh-in, the IJF Sport Commission will organise the weigh-in one (1) hour before the start of the mixed team competition.

**The weigh-in rules will be published in the event outlines.**

### **6.4.3 Olympic Games Mixed Team Weigh-in**

Athletes competing on the last day of the Olympic Games individual competition who are inscribed in the Olympic Games mixed team weight categories who passed the weigh-in for the preceding individual competition do not need to weigh-in.

### 6.5 Female and Male Teams Events Weigh-in

The athletes must be within the weight limits of the category in which they are inscribed.

If the team event follows an individual competition, the following rules apply:

- All athletes in the minus team categories MUST weigh in. A +5% weight tolerance will be given for athletes who competed in the preceding individual competition (they must have passed the weigh in for the individual competition) and NO tolerance for athletes who are only inscribed for the team competition or who did not pass the official weigh-in for the preceding individual competition.

For more details regarding **Regulations for Team Events**, please refer to Section 2.7.2. There are two scenarios for team competitions: a standalone team competition and a team competition that follows an individual competition.

~~The coach is never allowed on the competition area of the tatami.~~

~~However,~~ The referee may consult with the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) and the IJF Medical Commissioner in case they need to comment on any decision.

If the doctor, after examining an injured athlete, advises the referees that the athlete cannot continue the contest the referee, after consultation with the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) and the IJF Medical Commissioner, shall end the contest and declare the opponent to be the winner by kiken-gachi.

~~b) The athlete may ask the referee to call for the doctor, but in this case the contest is terminated, and his opponent shall win by kiken-gachi:~~

~~e) The doctor may also ask to attend to his athlete, but in this case the contest is terminated, and the opponent will win by kiken-gachi:~~

~~In any case whenever the referee is of the opinion that the contest should not continue, the referee after consulting with the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) and the IJF Medical Commissioner, shall end the contest and indicate the result in accordance with the rules:~~

If an injured athlete needs prolonged medical treatment on the tatami, the referee will declare the non-injured opponent as the winner who will then leave the competition area.

The referee must stay on the tatami observing treatment or emergency procedures until the injured athlete is transported safely from the competition area. If necessary, the medical team should screen the injured athlete off from the view of the public.

The referee should be the last person to leave the tatami.

If the treatment of the injured athlete is extended onto the safety area of a neighbouring competition area, the IJF Sport Director will stop any contests on affected tatami until it is safe to continue.

### **Article 20.3 Medical Examination and Treatment Outside the Contest Area**

Medical assistance that takes place outside the competition area should be provided as quickly as possible.

#### **Article 20.3.1 Treatment of Bleeding**

The athlete is not allowed to compete while bleeding.

~~Bleeding injuries~~ Whenever a bleeding injury occurs, the referee shall call the doctor to ~~assist in stopping~~ and ~~isolating~~ ~~isolate~~ the bleeding, outside the contest area, ~~in~~ the presence of another referee assigned to the specific tatami.

Any bleeding shall be controlled and isolated with the assistance of the doctor using appropriate medical materials, including adhesive tape, bandages or nasal tampons. The use of blood-clotting and haemostatics products is permitted. The athlete may continue competing only once the bleeding is fully controlled and isolated.

~~The athlete is not allowed to compete while bleeding.~~

The athlete is allowed to receive medical treatment ~~of any type, such as minor bleeding or major~~ ~~for~~ bleeding, on two (2) occasions only. If ~~an athlete needs~~ ~~treatment is needed~~ for a third (3<sup>rd</sup>) time, the referee shall declare the opponent the winner by kiken-gachi, ~~unless~~ However, in exceptional cases, the IJF AdHoc Commission, in consultation with the IJF Medical Commission, ~~may allow the athlete to be treated a third (3<sup>rd</sup>) time~~ authorises an exception for further treatments. Any such exception may permit as many additional treatment occasions as are necessary.

#### **b) A bleeding injury**

~~For safety measures whenever there is blood it must always be completely~~  
~~When the doctor is called to assist an athlete, such medical assistance should be given as quickly as possible~~

#### **Article 20.3.2 Treatment of Minor Injuries**

~~Minor injuries~~, a A minor injury may be treated by the athlete himself. For example, in the case of a dislocated finger ~~or toe~~, the referee shall stop the contest (by calling "Mate!" or "Sono-mama!") and allow the athlete to reset the dislocated finger ~~or toe~~. This action should be done immediately, upon the request of the athlete with the assistance of the doctor, outside the tatami, and the athlete can continue the contest.

The same finger ~~or toe~~ is allowed to be reset on two (2) occasions. If the same dislocation occurs a third (3<sup>rd</sup>) time, the athlete is declared ~~not be in condition~~ unable to continue in the contest. The referee, after consultation with the IJF Medical Commissioner, shall end the contest and declare the opponent the winner by kiken-gachi.

Medical assistance for minor injuries may also be provided outside the contest area, in the presence of another referee assigned to the specific tatami.

### **Permitted treatment includes:**

- Cutting or treating a broken nail, the doctor is allowed to assist in cutting the nail.
- The doctor may also help in adjusting a scrotum injury (testicles).
- For a finger or toe dislocation, for the preservation of athletes' joint health, especially of those who lack experience in self-treatment, athletes are allowed to seek medical help for finger/toe joint resetting, including resetting and taping to secure the joint.

Except for the situations above, any medical treatment administered by a doctor shall result in the athlete being declared unable to continue, and the opponent shall be declared the winner by kiken-gachi.

### **Emergency Medical Intervention**

Doctors should intervene at the request of the referee. However, they may intervene immediately when athlete safety is at risk, especially in cases such as head trauma or strangulation (shime-waza).

To show they want to make this exceptional request, they should stand at the edge of the competition surface showing two arms in cross in the height of the chest to inform the referee that they wish to make an emergency intervention. The referee must stop the contest and allow the doctor to enter the tatami.

The referees shall take all necessary steps to assist the doctor.

Such an intervention will necessarily mean the loss of the contest for his athlete and should therefore only be taken in extreme cases.

The delegation doctor / LOC commissioned doctor / IJF Medical Commissioner announces that the athlete cannot continue the contest because their health is in danger. The opponent will be declared winner by kiken-gachi.

If the intervention of the delegation doctor is not justified by the IJF Head Referee Director(s) and/or the IJF Referee Supervisor(s) and the IJF Medical Commissioner, a final decision will be made about the continuation of the contest.

If during shime-waza an athlete gives up ("Maitta!") before losing consciousness, with or without the referee announcing "Mate!" / "Ippon!", he can continue in the competition, if applicable. In cadet events, if an athlete loses consciousness during shime-waza he CANNOT continue in the competition.

~~The LOC commissioned doctor, or the delegation doctor intervenes upon request of the referee.~~

~~The LOC commissioned doctors, or the delegation doctor must be able to intervene on the field of play, at their own request, when deemed necessary, in case of danger to the athlete(s) health i.e., a bad landing on the head or a strangulation.~~

~~When a doctor clearly realises – especially in the case of shime-waza – that there is danger to the health of one of the athletes that he is responsible for, he can go to the edge of the competition area and call upon the referees to immediately stop the contest. The referees shall take all necessary steps to assist the doctor.~~

Such an intervention will necessarily mean the loss of the contest for his athlete and should therefore only be taken in extreme cases:

**NOTE:** In cadet events, if an athlete loses consciousness during shime-waza they CANNOT continue in the competition. In the case an athlete gives up ("Maitta!") before losing consciousness, with or without the referee announcing "Mate!" / "Ippon!", he can continue in the competition, if applicable:

To show they want to make this exceptional request, they should stand at the edge of the competition surface showing two arms in cross in the height of the chest to inform the referee that they wish to make an emergency intervention. The referee must stop the contest and allow the doctor to enter the tatami:

Such an intervention will mean the loss of the contest for his athlete, so should only be taken if necessary:

### Medical Assistance

The medical assistance in the following cases should be outside of the competition area, close to the medical table, the injured athlete must be accompanied by one of the referees:

a) A minor injury

b) A bleeding injury

For safety measures whenever there is blood it must always be completely isolated with the assistance of the doctor by means of adhesive tape, bandages, nasal tampons, (the use of blood clotters and haemostatics products is permitted):

When the doctor is called to assist an athlete, such medical assistance should be given as quickly as possible:

c) Finger/toe dislocation

For the preservation of athletes' joint health, especially of those who lack experience in self-treatment, athletes are allowed to seek medical help for finger/toe joint resetting, including resetting and taping to secure the joint:

**Note:** Except for the above situations, if the doctor applies any treatment the opponent shall win by kiken-gachi:

Vomiting

Vomiting by an athlete shall result in kiken-gachi for the other athlete. (See paragraph: 4b) Sickness):

In the case when an athlete through a deliberate action causes an injury to the opponent, the penalty given to the athlete inflicting the injury on the opponent shall be a direct hansoku-make, apart from any other disciplinary action that may be taken by IJF Ad Hoc Commission:

The official delegation doctor shall have a medical degree and must register prior to the competition. He shall be the only person allowed to sit in the designated area and must be so identified. e.g., by wearing a red cross armband or waistcoat:

When accrediting a doctor for their delegation, the national federations must take the responsibility for the actions of their doctors. The LOG doctors must be aware of any

~~amendments and the interpretations of the rules:~~

~~If an injured athlete needs prolonged medical treatment on the tatami, the referee will declare the non-injured opponent as the winner who will then leave the competition area.~~

~~The referee must stay on the tatami observing treatment or emergency procedures until the injured athlete is transported safely from the competition area. If necessary, the medical team should screen the injured athlete off from the view of the public.~~

~~The referee should be the last person to leave the tatami.~~

~~If the treatment of the injured athlete is extended onto the safety area of a neighbouring competition area, the IJF Sport Director will stop any contests on affected tatami until it is safe to continue~~
